A GUIDE TO PUBLIC ACCOUNTS

1. Scope of the Public Accounts

The 1988-89 Public Accounts of the Province of Ontario comprise three volumes:

Volume 1 contains the financial statements of the Province and schedules of supporting information.

Volume 2 contains the financial statements of selected provincial crown corporations, boards and commissions.

Volume 3 contains the details of expenditure.

2. A Guide to Volume 1 of the Public Accounts

(1) Financial Statements

The financial statements of the Province are presented on a comparative basis and rounded to millions of dollars. The financial statements and notes disclose, in summary, the major financial activities of the Province in the fiscal period and report on the significant aspects of the financial position at the close of the fiscal period. Also included in this section is a summary of the Province's significant accounting policies.

(2) Schedules to the Financial Statements

The schedules to the financial statements report in greater detail and to the nearest dollar the content of the various financial statements. Supplementary analyses of both revenue and expenditure are provided. Also included are complete details of direct debt obligations and contingent liabilities at the fiscal year end, and a ten year review of both the Consolidated Revenue Fund transactions and the financial assets and liabilities.

(3) Miscellaneous Statements

Statements of certain special purpose accounts and other supplementary financial data are provided in this section. The financial statements of the Province of Ontario Savings Office, a branch of the Ministry of Revenue, also appear in this section.

(4) Ministry Statements

A Government-wide tabular Summary of Appropriations and Actual Expenditure is provided as an introduction to this section on page 4-3. Individual ministry reports of financial activity are provided on pages 4-5 to 4-488. The following six separate statements are presented for each ministry as applicable.

(a) "Statement of Expenditure by Program"

This Statement provides an overview of the expenditures of each ministry. It shows, by ministry program and in total for the ministry, the amount of the current year's actual expenditures which is compared with the related appropriation for the current year and the previous year's actual expenditures. Ministry totals for expenditures and Other Accounts are also shown. See "Summary of Significant Accounting Policies" for a description of "Other Accounts".

(b) "Statement of Expenditure by Program and Activity"

This statement, prepared for each ministry program, is designed to show the activities comprising the program. The appropriation for each activity is analyzed according to funds appropriated through the Expenditure Estimates or approved by Management Board and the total is compared to the actual amount spent for the fiscal year. Statutory payments are reported separately. The "program description" narrative contained in the Expenditure Estimates is included with the statement to provide the reader with a general description of the program.

(c) "Details of Expenditure by Activity and Standard Accounts Classification"

This statement reports actual ministry expenditures for each program on the basis of the Standard Accounts Classification within each activity. Statutory Appropriations and Other Accounts are not Standard Accounts. Amounts required for Statutory Appropriations and Other Accounts are shown, where applicable, as separate entries under the Standard Accounts Classification details relating to each Activity.

The following is a brief outline of the types of expenditures included in each of the eight Standard Accounts comprising the Standard Accounts Classification:

Salaries and Wages

Includes salaries and wages, overtime and other remuneration paid to regular, probationary, unclassified and other staff; temporary help costs; indemnities and allowances paid to Members of the Legislative Assembly; and special allowances paid to public servants.

Employee Benefits

Includes the government's contribution as an employer to the Canada Pension Plan; the Public Service Superannuation Fund; the Unemployment Insurance Fund; the Workers' Compensation Board; and other employee benefit plans.

Transportation and Communication

Includes travelling expenses of public servants on government business and recipients of government services, such as wards of the Province; relocation expenses of public servants who are transferred or recruited; expenses of moving office furniture and equipment; costs of transportation of goods other than for initial delivery; mailing costs, such as postage and registration; and communication costs, such as telephone, telegram, and data communications.

Services

Includes information services, such as, advertising provided by professional agencies and advertising placed directly with the media; rental and the purchased repair and maintenance of machinery, equipment, buildings, land and engineering structures; data processing services; insurance premiums; and other professional and special services.

Supplies and Equipment

Includes provision for the purchase of all machinery and equipment, both new and used; and the purchase of all materials, supplies and utilities.

Acquisition/Construction of Physical Assets

Includes all costs of acquisition and construction by contract of new and used buildings and engineering structures; and the cost of acquisition of land.

Transfer Payments

Includes grants, subsidies, assistance to persons; the business sector; non-commercial institutions; and other government bodies.

Other Transactions

Includes special transactions, such as Ontario Development Corporation — Loan Forgiveness and Guarantees; Municipal Taxes on A.R.D.A. owned property; and repayable grants.

(d) "Statement of Revenue"

This ministry statement reports on a comparative basis the fiscal year revenues analyzed by the thirteen standard revenue sources used in the Province's accounts. A more detailed analysis of amounts within the standard sources is provided where appropriate. All revenues are deposited to the Consolidated Revenue Fund and reporting by ministry denotes the revenue collection responsibility only.

(e) "Statement of Repayments of Loans, Advances and Investments"

This statement reports on a comparative basis the repayments of loans or recoveries of investments collected by the ministry. Reporting by a ministry generally denotes responsibility for the related loans, advances and investments made from the Consolidated Revenue Fund.

(f) "Statements of Deposits to Pension and Related Benefit Funds and Special Purpose Accounts"

This statement reports on a comparative basis the deposits into appropriate accounts. Reporting by a ministry generally denotes responsibility for the related trust administration account.

SOURCES OF ADDITIONAL INFORMATION

The Ontario Budget

The Ontario government presents a Budget each year, usually in the early spring. The background and implications of any new tax proposals are contained in the Budget paper, which includes the Budget Statement, Budget Measures, the fiscal plan and other information. Copies may be obtained free from the Ontario Government Bookstore, Publications Ontario, 880 Bay Street, Toronto, Ontario or by writing to the Publications Services Section, 5th Floor, 880 Bay Street, Toronto, Ontario, M7A 1N8.

The Estimates of the Province of Ontario

The government's spending estimates for the fiscal year commencing April 1 are presented to members of the Legislative Assembly following the presentation of the Ontario Budget by the Treasurer. The Estimates outline the spending plans of each Ministry that the Legislative Assembly will be asked to approve in the form of the Supply Act. Copies of the Estimates may be obtained free from Publications Ontario, 880 Bay Street, Toronto, Ontario, or by writing to the Publications Services Section, 5th Floor, 880 Bay Street, Toronto, Ontario, M7A 1N8.

Province of Ontario Financial Report

The Financial Report is issued annually for the fiscal year ending March 31 to Members of the Legislature, financial community and the public, usually in late July or early August. This report highlights the major aspects of Ontario's finances and presents summarized financial statements for the fiscal year ended. The report is available free from Publications Ontario, 880 Bay Street, Toronto, Ontario, M7A 1N8.

Ontario Finances

This is a quarterly report on the performance of the government's Budget for the fiscal year. It covers developments during a quarter and provides a revised outlook for the remainder of the year. Copies may be obtained free by writing to the Ministry of Treasury and Economics, Communications Branch, 5th Floor, Frost Building South, 7 Queen's Park Crescent, Toronto, Ontario, M7A 1Y7.

Ontario Economic Accounts

This quarterly report contains data on the composition of Ontario's economic activity. Copies may be obtained free by writing to the Ministry of Treasury and Economics, Office of Economic Policy, 5th Floor, Frost Building North, 95 Grosvenor Street, Toronto, Ontario, M7A 1Z1.

Demographic Bulletin

This bulletin provides population projections and estimates for Ontario and its counties, districts and regional municipalities. It also contains statistics on the components of population change in Ontario and is produced intermittently during the year. Copies may be obtained free from the Ontario Government bookstore, Publications Ontario, 880 Bay Street, Toronto, or by writing to the Publications Services Section, 5th Floor, 880 Bay Street, Toronto, Ontario M7A 1N8.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

REPORTING ENTITY

The financial statements, prepared using the concept of a Consolidated Revenue Fund, have been designed to provide an accounting of the financial resources appropriated by the Ontario Legislature. The policies and practices followed by the Province, are designed to accommodate reporting to the Legislature and, accordingly, the financial transactions of Government ministries are set out as Consolidated Revenue Fund cash inflows and outflows. Activities of Crown corporations, boards and commissions are reported only to the extent to which their operations have been financed from, or have contributed to, the Consolidated Revenue Fund.

BASIS OF ACCOUNTING

The cash basis of accounting used by the Province is modified to allow for an additional thirty days to pay for debts incurred during the fiscal year just ended and for certain non-cash transactions. Cash inflows, however, are closed at March 31 for cash received.

Loans and advances are recorded as financial assets if they are expected to be repaid and have specific terms and conditions. The asset values are periodically adjusted when it can be reasonably determined that the value of their underlying security has diminished, or when the Province's asset is not likely to be fully recovered. Equity holdings in Crown corporations are valued at a nominal amount of \$1.

In accordance with legislation, the pension and related benefit funds are liabilities within the Consolidated Revenue Fund and include employee and government's matching contributions, interest on the fund balances and any unfunded liability amortization amounts. The funds' balances are reduced by payments to pensioners.

The Province's financial transactions are recorded under four categories:

REVENUE

This includes revenue raised through taxation, premiums, fees, licences and permits, payments from the federal government under fiscal arrangements and shared-cost programs, and income from investments.

EXPENDITURES

Expenditures on government programs include transfer payments to individuals, local governments and institutions, interest on debt issued for provincial purposes, salaries and employee benefits, payments for goods and services, and the acquisition and construction of fixed assets. Fixed asset costs are charged to expenditure when acquired or constructed since they are not considered to differ from any other service to the public.

OTHER ACCOUNTS

Other accounts consist of the lending, investment and special account administration activities of the Government, including loans, advances and investments, pension and related benefit funds, and special purpose accounts. These accounts are assets or liabilities.

Loans, advances and investments

These are the lending and investment activities in various Crown corporations, agencies and local governments.

Pension and related benefit funds

Pension and related benefit funds which are for government employees, members of the Legislature and Provincial judges comprise employee and employer contributions, interest earnings, and amortization payments less payments made.

Special purpose accounts

Special purpose accounts are generally established by legislation and administered by the Province. Deposits with the Province of Ontario Savings Office, the Pits and Quarries Control Fund and the Motor Vehicle Accident Claims Fund are major examples.

FINANCING

Financing consists of debt transactions and the net change in cash and temporary investments.

Debt transactions are the borrowing and repayment activities for the Province's own purposes.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES — Concluded

FINANCIAL ASSETS, ACCUMULATED DEFICIT AND LIABILITIES

Financial assets

Financial assets are claims by the Consolidated Revenue Fund on other parties and arise from cash transactions.

Accumulated deficit

The accumulated deficit of the Province is the difference between its liabilities and its financial assets. The year-to-year change in the accumulated deficit is the amount by which expenditures are greater or less than revenues.

Liabilities

Liabilities are established claims by other parties on the Consolidated Revenue Fund.

Debt incurred for provincial purposes comprises debentures, notes and treasury bills which are recorded at face value. The general resources of the Province are used for the continued orderly retirement of debt and no sinking funds are maintained for this purpose.

Other liabilities include pension and related benefit funds, deposits with the Province of Ontario Savings Office and other special purpose accounts.

Contingent liabilities

The contingent liabilities of the Province consist of guarantees by the Treasurer of Ontario and material claims against the Crown. Contingent liabilities denominated in foreign currencies are translated to Canadian dollars at year-end rates of exchange.

ONTARIO HYDRO

Advances to, and debt incurred for, Ontario Hydro relate to amounts borrowed on behalf of Ontario Hydro. The Province issues securities, and advances the proceeds to Ontario Hydro in exchange for Ontario Hydro bonds with like terms and conditions. Since these transactions and the ensuing retirement and debt servicing costs are the result of a financing alternative and are not part of the Province's own budget plan, they are classified separately. Both the advances and debt incurred are stated in Canadian dollars using the year-end rate of exchange.

NOTES TO THE FINANCIAL STATEMENTS
(all tables in millions of dollars)

1. Cash and temporary investments

Temporary investments are mainly marketable, short-term securities issued or guaranteed by Canadian chartered banks, provincial and federal governments and are recorded at cost.

2. Investments in water treatment and waste control facilities

The Ministry of the Environment lets extensive contracts for the building of water and sewage systems to serve municipalities. These investments are being recovered over the life of the agreements with the municipalities.

Agreements covering \$393 million of the investment are for provincially-owned projects that are subject to service rate billings. The proceeds from these billings are used to amortize the investment over periods of up to forty years, to pay for operating costs, and to provide a return on the investment.

Certain other agreements provide for the accumulation of the principal portion of annual amortization payments in a sinking fund. The accumulated balance in these funds, amounting to \$26 million at March 31, 1989 (1988 \$36 million), was applied as a reduction of the investment account.

3. Advances to corporations, boards and commissions

	1989	1988
Development Corporations	\$290	\$290
Other	80	93
	<u>\$370</u>	<u>\$383</u>

The Province advances funds for the lending activities carried out by the Development Corporations. The Province also defrays the Corporations' costs for all administrative expenses, loans made at low interest rates, and honouring guarantees, amounting to \$29 million in 1989 (1988 \$19 million). Advances to the Corporations are reduced by their loan forgiveness and write-offs, amounting to \$13 million in 1989 (1988 \$23 million).

4. Advances to Ontario Hydro

The Province issues securities and advances the proceeds to Ontario Hydro in exchange for Ontario Hydro bonds with like terms and conditions. These transactions and the ensuing retirement and debt servicing costs are the result of a financing alternative and are not part of the Province's own budget plan. As at March 31, 1989, the bonds consist of U.S. \$4,770 million (1988 U.S. \$4,888 million), and Canadian \$2,097 million (1988 Canadian \$1,508 million) with respect to Canada Pension Plan funds. The bonds denominated in U.S. dollars are recorded at \$5,692 million (1988 \$6,033 million), the Canadian dollar equivalent using the exchange rate in effect at year-end. Transactions during the year are as follows:

The U.S. dollar debenture liability has been revalued, using the rate of exchange as at March 31. The foreign exchange gain is \$196 million (\$354 million in 1988).

As explained in Note 4, the Province has an offsetting asset of Ontario Hydro bonds with like terms and conditions to the securities issued by the Province.

6. Pension and related benefit funds

The Province maintains accounts within the Consolidated Revenue Fund for all contributions and interest earnings less payments regarding the following pension and related benefit funds and accounts. The amounts recorded by the Province represent all the assets of these plans.

	1989	1988
Public Service Superannuation Fund	\$5,787	\$5,145
Superannuation Adjustment Fund	1,989	1,740
Legislative Assembly Retirement Allowances Account	42	39
Provincial Judges Benefits Fund	51	44
Other	18	13
	<u>\$7,887</u>	<u>\$6,981</u>

The latest actuarial report of the Public Service Superannuation Fund as at December 31, 1985, showed a surplus of \$109.9 million.

The Superannuation Adjustment Fund provides annual inflation adjustments to recipients of pensions payable from the Public Service Superannuation Plan, the Teachers' Superannuation Plan and the Retirement Pension Plan of the Ryerson Polytechnical Institute in accordance with the provisions of the Superannuation Adjustment Benefits Act. Separate accounts are maintained for each pension plan. Members include deferred annuitants as well as those in receipt of a pension.

The Superannuation adjustment benefits are not fully funded as permitted by the Pension Benefits Act of 1987. In order to ensure that benefits will be fully funded the government introduced legislation in June 1989, which, if passed, will:

- combine the teachers' and public servants' adjustment funds with the respective basic funds;
- increase the matching contribution rates by one percent of salary to cover future benefits earned;

NOTES TO THE FINANCIAL STATEMENTS — Concluded

6. Pension and related benefit funds (continued)

- commit the government to pay for the past deficits in the combined funds;
- amortize the past deficits with payments over 40 years that are based upon a constant percentage of payroll;
- require that any future deficiencies, determined by subsequent actuarial valuations, be amortized as prescribed by the Pension Benefits Act; and
- permit fund investments in market securities under the responsibility of arm's length boards.

A preliminary estimate on an actuarial basis, indicates that past deficits of the combined pension funds are \$5.7 billion (\$4.0 billion for the teachers' pension plan and \$1.7 billion for the public service pension plan).

An actuarial review of the Legislative Assembly Retirement Allowances Accounts as at March 31, 1988, showed a deficit of \$12,109. The Province has made this payment as at March 31, 1989.

7. Teachers' Superannuation Fund

The Province makes annual payments matching teachers' contributions to the Teachers' Superannuation Fund, which is administered by the Teachers' Superannuation Commission. Funds not required to pay benefits, are invested in the debentures of the Province in accordance with Section 72 of the Teachers' Superannuation Act. The Province is also committed to paying any deficiency in the Fund. As described in Note 6, the Province introduced legislation in June 1989 to combine the Fund with the respective Superannuation Adjustment Fund.

The latest actuarial report as at December 31, 1987 showed a surplus of \$33 million.

8. Contingent liabilities

Obligations guaranteed by the Province:	1989	1988
Debentures, bonds and notes		
Ontario Hydro	\$19,259	\$17,487
Loans guaranteed	852	577
Other	448	531
	<u>\$20,559</u>	<u>\$18,595</u>

Claims against the Crown:

There are claims outstanding against the Crown of which eight are for amounts over \$50 million each, arising from legal action either in progress or threatened, in respect of native Indian land claims, breach of contract, damages to persons and property and like items. The cost to the Province, if any, can not be determined because the outcome of these actions is uncertain. To the extent that any such claims are successful, settlements resulting therefrom will be recorded as expenditure when paid.

9. Expenditure by standard account classification

	1989	1988
Salaries and wages	\$3,093	\$2,919
Employee benefits	512	489
Transportation and communication	329	314

Other transactions	149	169
Less: recoveries	(534)	(559)
Total expenditure	<u>\$38,735</u>	<u>\$34,942</u>

10. Change in accounting policy

As described in the Summary of Significant Accounting Policies, cash inflows are now closed at March 31 for cash received rather than for cash received and in transit as reported in previous years. The impact of this change on revenue reported is a decrease of \$123 million in 1988-89.

11. Budget figures

The budget figures in the financial statements are based on data from the 1988 Ontario Budget which was tabled by the Treasurer of Ontario in the Legislative Assembly on April 20, 1988.

The Expenditure savings and constraints figure in the Statement of Expenditure represents expected underspending during the year which was not specifically identified by ministry at Budget time.

12. Comparative figures

The 1988 comparative figures have been reclassified where necessary to conform with the 1989 financial statement presentation.

PROVINCIAL AUDITOR'S OPINION

I have examined the statement of financial position of the Province of Ontario as at March 31, 1989 and the statements of financial transactions, revenue, expenditure, other accounts and debt transactions for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly, in accordance with the basis of accounting set out in the Summary of Significant Accounting Policies, the financial position of the Province as at March 31, 1989 and the results of its operations and the changes in its financial position for the year then ended. Further, in my opinion, except for the change in accounting for cash inflows as explained in Note 10 to the financial statements, these Policies have been applied on a basis consistent with that of the preceding year.

The terms "in my opinion" and "present fairly" in the preceding paragraph indicate that my examination was carried out to provide a high degree of assurance that the financial statements of the Province do not contain material aggregate error. More specifically, I am 99 per cent confident that the total of any errors in the financial statements is less than \$75 million.

Toronto, Ontario,
July 20, 1989.

D.F. Archer, F.C.A.,
Provincial Auditor.

TOTAL TAXATION	<u>26,997,011,997</u>	<u>22,479,789,890</u>

Personal Income Tax is collected by the Federal Government on behalf of the Province at the rate of 51%, for 1988, of Basic Federal Tax. The amount received by the Province is net of \$356,529,686 and \$277,212,266 for 1989 and 1988 respectively, for Ontario Tax Credits. The amount received in 1989 is also net of \$3,470,314 (1988 — \$2,787,734) for administration fees charged by the Government of Canada, in respect of the Ontario Tax Credits.

A surtax equal to 10 per cent of Ontario Income Tax in excess of \$10,000 was levied in 1988.

For 1988 and subsequent taxation years individuals whose Ontario income tax is \$150 or less pay no Ontario income tax and individuals whose Ontario income tax is between \$150 to \$225 have this tax reduced by an amount equal to \$450 minus twice the Ontario income tax.

Retail Sales Tax is levied on the purchaser of most tangible personal property and certain services at the general rate of 8% of the purchase price. For admission fees exceeding \$4.00 and alcoholic beverages sold at licenced establishments the rate is 10%. Alcoholic beverages sold through retail outlets are taxed at 12%. On transient accommodation, the rate is 5%. There are, however, a range of exemptions and rebates. The Retail Sales Tax is collected for the Province by appointed vendors.

Corporations Tax includes an income tax of between 10% and 15½% of the taxable income of corporations; a capital tax ranging from a \$50 minimum up to 3/10 of 1% of taxable capital for most corporations (certain small corporations are exempt from the capital tax); a capital tax up to 4/5 of 1% of taxable capital for certain financial institutions; an insurance premiums tax of between 2% and 3% for most classes of insurance; and a tax of 1/2 of 1% on property premiums.

The specific tax for all grades of gasoline is 9.3 cents per litre. An additional 3 cents per litre is levied on leaded gasoline. On aviation fuel the specific tax is 1.88 cents per litre. Refunds are available for certain farm and other off-highway unlicensed equipment. The tax is collected for the Province mainly by oil companies.

Tobacco Tax covers all forms of tobacco products. The specific tax is 3.83 cents per cigarette and 2.2 cents for each gram, or part of a gram, of cut tobacco and all other tobacco products except cigars. The tax rate on cigars is 45 per cent.

Land Transfer Tax is collected through Ontario land registrars on the transfer of land at the rate of ½ of 1% up to the value of \$55,000 and 1% on the remainder of the transfer price. An additional tax of ½ of 1 per cent is imposed on that portion of the purchase price in excess of \$250,000, where the sale is a single parcel of land containing one, but not more than two, single family residences. For non-residents acquiring certain restricted lands, the rate is 20% of the transfer price.

SCHEDULES TO STATEMENT OF REVENUE

DETAILS OF REVENUE — Continued

Fuel Tax applies to diesel fuel used in a motor vehicle and railway locomotives. The specific tax for diesel fuel is 9.9 cents per litre. For diesel fuel used in railway locomotives the specific tax is 3.1 cents per litre. The tax is collected for the Province mainly by wholesalers or oil companies but in some cases is remitted directly by users.

Mining Profits Tax is collected directly by the Province on profits in excess of \$500,000 at a rate of 20%.

Reciprocal Taxation Agreement payments are in lieu of payments of the Province's Retail Sales Tax and Motor Vehicle Registration Fees by the Federal Government.

Race Tracks Tax, which is collected by the operators of race meets and remitted to the Province, is levied at the rate of 9% on Triactor betting and 7% in the case of all other wagers.

Privately-owned Public Utilities Income Tax is a partial rebate of the related federal income tax. The rebateable portion and rate are subject to the Public Utilities Income Tax Transfer Act (Canada).

The Succession Duty Act was repealed on April 10, 1979. Duty collected relates to unsettled estates arising from deaths prior to that date.

The Acreage Tax is a tax levied on patented mining rights at a rate of 50 cents per acre per year with a minimum payment of \$1 in organized municipalities and \$4 in unorganized municipalities.

The Athletics Control Act states that every person conducting a professional boxing or wrestling contest or exhibition shall pay to the minister an amount not less than 1% and not more than 5% of the gross receipts in respect of such contests or exhibitions.

Provincial Land Tax is collected in areas without municipal organization on real properties at the rate of 1.5% of taxable assessment and from telephone and telegraph companies at 5% of gross receipts. Separate schedules of rates for gas pipelines and oil pipelines are used which correspond to the schedules for municipal taxation, as set out in the Assessment Act.

Revenue from other taxes collected by the Province includes revenue from certain taxes now repealed, such as Land Speculation Tax and revenue from reciprocals exchange and unlicensed companies, which is a tax levied on insurance companies not specifically licenced and operating in Ontario.

Canada Assistance Plan payments are reimbursements by the Federal Government for 50 per cent of the eligible expenditures in the Province for social assistance and welfare services to persons in need.

National Training Agreement payments are received from the Federal Government for assistance in Provincial programs of institutional and industrial training to develop and improve occupational and related skills which are likely to lead to enhanced opportunities for employment.

SCHEDULES TO STATEMENT OF REVENUE

DETAILS OF REVENUE — Continued

Indian Welfare Services Agreement payments are contributions to assist the Province in providing welfare services and programs to persons living on Indian reserves equal to those available to persons living in other communities.

Young Offenders Agreement payments are reimbursements by the federal government for a 50% share of the Province's costs in providing specified juvenile justice services under the Young Offenders Act.

Official Languages in Education payments are reimbursements of the Federal Government's share of Provincial program costs in the provision of services to the public in both official languages; in providing adequate educational facilities in the "official minority language" and the teaching of the second official language; and existing Provincial bilingual projects where special assistance is needed.

Legal Aid payments are the Federal Government's contribution to assist the Province in providing a minimum standard of legal aid in criminal and civil cases and in matters relating to the Young Offenders Act. Federal payments for criminal legal aid comprise a minimum contribution of 45 per cent and a maximum contribution of 55 per cent of the Province's shareable expenditures. Criminal legal aid contributions are based on: 50 per cent of the prior year's national per capita shareable expenditures, plus 50 per cent of the increase in the Province's shareable expenditures per capita, adjusted for the Province's current year population, subject to a ceiling of Gross National Product growth minus 1 percentage point. The federal government contributes 50 per cent of eligible civil legal aid expenditures under the Canada Assistance Plan. The federal contribution to Young Offenders legal aid is the lesser of 73 cents per capita of the Provincial population or 50 per cent of the shareable expenditures for providing juvenile justice services under the Young Offenders Act.

Vocational Rehabilitation of Disabled Persons Agreement payments are reimbursements by the federal government for 50 per cent of the Province's eligible costs in the provision of comprehensive programs and services for vocational rehabilitation of disabled persons.

The non-profit housing administration fees, set by C.M.H.C., are a one time fee paid to the Province for administration of core units. It is paid when the units come under subsidy.

The Softwood Lumber Product Export Charge Act came into force on July 20, 1987. The amount of \$21,261,462 represents Ontario's entitlement to the Federal Government's collection of tax levied on softwood lumber exporters under the Act.

Subsidization of crop insurance premiums is the Federal Government's matching portion of the farmer's premium. This program is to provide stability of farmer's income due to crop losses and is administered by the Crop Insurance Commission of Ontario.

Economic and Regional Development Agreement (ERDA) payments are reimbursements by the Federal Government for their share of the eligible costs of programs relating to forest resource, mineral and tourism development.

The Great Lakes Water Quality Agreement payments are reimbursements by the Federal Government for their share of the costs of specific projects to maintain or improve the water quality of the Great Lakes System.

General Development Agreement (GDA) payments represent the Federal Government's contributions for employment creation initiatives in Eastern Ontario and for support of the pulp and paper industry.

Established Programs Financing (EPF) payments are contributions made by the federal government in respect of health services and post-secondary education under the Federal-Provincial Fiscal Arrangements Act, 1977 and supersede payments made under previous cost-sharing arrangements. The contribution for insured health services and post-secondary education is based on the national average federal per capita contribution in the 1975-76 base year. The extended health care services payment is based on \$20 per capita in the 1977-78 base year. These base year per capita contributions are first adjusted for each subsequent year by an annual EPF escalator, then multiplied by the provincial population to arrive at total contributions to Ontario for the current year. The normal EPF escalator is calculated as a lagged three-year compound moving average of per capita GNP growth. Since 1986-87, the EPF escalator has been reduced by 2 percentage points of average GNP growth per year. EPF takes the form of cash and tax transfers. The cash payment to the Province is the difference between the Province's total entitlement and its tax transfer, net of adjustments due to recalculation of prior year entitlements.

Other revenue received from the Government of Canada consists of:

- (a) annual subsidies of \$5,915,065 under the B.N.A. Act, 1907;
- (b) interest of \$142,414 on the Government of Canada Debt Account, which is payable at 5% per annum based on an amount of \$2,848,290, to compensate the Province of Ontario for monies withheld from the Province in the period July 1, 1867 to January 1, 1873;
- (c) interest of \$76,662 on the Common School Fund which is payable at 5% per annum based on an amount of \$1,542,971 representing Ontario's share in a permanent fund of \$2,677,771 held in trust by the Government of Canada for the Provinces of Ontario and Quebec. The Fund was derived from the sale of Crown lands set aside for the benefit of common schools by statutes enacted before Confederation. The payments to the Provinces are in proportion to their respective populations as determined by the most recent decennial census. The present allocation is based on the census of 1981.
- (d) The Innovation Program for \$9,094,942 represents a transfer payment from the Federal Government under the Patent Act, Bill C-22.

Premiums are collected from the subscribers of the Ontario Health Insurance Plan. The applicable rates are \$29.75 per month for single subscribers and \$59.50 per month for family subscribers.

Profits from Crown Corporations and Boards are those amounts of net operating profits, which have been received by the Province.

Vehicle registration fees are for the authorization to operate a motor vehicle upon a highway. For commercial vehicles and buses the fee ranges from \$81 to \$2,722. Passenger cars and commercial vehicles weighing 3,000 kilograms or less used for personal purposes are \$54 in Southern Ontario and \$27 in Northern Ontario. Fees for motorcycles and mopeds are \$30 and \$9 respectively in Southern Ontario and \$15 and \$9 respectively in Northern Ontario. Driver's licence fees are \$7 per annum or \$21 per three year renewal. Driver examination fees are remittances for the written, visual, and road tests required for a driver's licence.

SCHEDULES TO STATEMENT OF REVENUE

DETAILS OF REVENUE — Concluded

Liquor Licence Board fees include Brewers' Licence fees for the production of beer for sale in Ontario. These fees represent 23.2% of the laid-down cost of the various package sizes. Also included are licence fees for establishments selling liquor and fees on the sale of wine by winery owned or operated stores.

Land registration services fees are remittances for the registration and maintenance of records of ownership and encumbrances affecting real property. The fees are collected by the land registry offices at the time of registration.

Hunting and fishing fees are remittances for the privilege of hunting wild game and sport fishing in the Province. The fishing fee for non-residents of Ontario is \$33 per season and the hunting fee ranges from \$5.75 to \$200 depending on the type of game and residency.

Maintenance payments re Homes for Special Care and Psychiatric Hospitals are remittances for the care of individuals in these institutions who are not insured under the Ontario Health Insurance Plan or for portions of the fees which are not covered under the Ontario Health Insurance Plan.

Fines and Penalties are remittances for infractions of laws, regulations and rules.

Utility Service Charges are revenues received from local governments for provincially operated water treatment and waste control facilities.

Water power remittances are for the use of dam sites for hydro-electric power generation. The water power rate in calendar year 1988 was \$6.54 multiplied by the annual average horsepower. The rate is escalated annually by the Consumer Price Index.

Timber stumpage charges are remittances for the harvesting of timber from Crown land. These payments are based on the type of operation of the licensee, the type and volume of timber harvested and the lumber industrial price indices. In addition, there is a charge to the licensee for the exclusive availability of a given area.

Ontario Health Insurance Plan re subrogation revenues are reimbursements from insurance companies for medical claims. The majority of these claims are related to vehicle accidents. The amount of the reimbursement is covered under agreements with insurance companies licenced in Ontario and is based on their annual automobile liability premium revenue.

Sales and Rentals are proceeds from the disposal of real property, supplies, equipment, services and goods produced in Provincial institutions; and revenue from property rentals and leasing of Crown land.

Recovery of Prior Years' Expenditures are monies recovered subsequent to the fiscal year in which the related expenditures were made. Except for the timing of the recoveries, they would have been classified as expenditure refunds.

Interest on Temporary Investments is from the Province's investment of its liquid reserves.

Interest from Local Governments is primarily from loans made in prior years to stimulate local economies through programs for various work assistance, capital and employment projects.

Interest from Corporations, Boards and Commissions relates to interest-bearing loans and advances to these government bodies to enable them to fulfill their mandate.

Interest re loans to public hospitals relates to capital construction loans made under the Ministry of Health's capital support program. No new loans have been made since 1977-78.

The other interest revenues are from municipal debentures and loans for specific projects.

Financial statements of these Corporations, Boards and Commissions are shown in Volume 2 of the Public Accounts for 1988-89.

The Ontario Development Corporation and the associated Eastern Ontario Development Corporation and Northern Ontario Development Corporation provide loans and arrange for provincial guarantees of bank loans to qualified enterprises. The Province has advanced funding for the Corporations' lending programs. The Province also defrays the Corporations' costs for all administrative expenses, loans made at low interest rates, and honouring guarantees, amounting to \$29,021,668 in 1989 (1988 \$19,441,330). Advances to the Corporations are reduced by their loan forgiveness and write offs, amounting to \$13 million in 1989 (1988 \$23 million).

Ontario Northland Transportation Commission operates a railroad and maintains communication services to and within the northern regions of the Province including trucking, airline, bus and marine services. The Province's total advance of \$35,207,935 is non-interest bearing. The Province provided subsidies of \$24,275,231 in calendar year 1988 (1987 \$24,773,935). After subsidies, the Commission recorded a net income of \$16,180,795 in calendar year 1988 (1987 \$16,291,817).

The Ontario Junior Farmer Establishment Loan Corporation was incorporated in 1952 for the purpose of making loans to assist young qualified farmers in the establishment, development and operation of their farms. This program was discontinued in February 1969. The rate of interest on advances by the Province was set by the Province's long-term borrowing cost. The Province is paying for the cost of administration and providing subsidies through legislative appropriations to cover annual operating deficits. The subsidies were \$435,071 for 1989 (1988 \$600,000).

The Ontario Municipal Improvement Corporation, incorporated in 1950, has as its object the purchase from municipalities in Ontario of debentures issued by them for municipal works and undertakings.

The Stadium Corporation of Ontario Limited is responsible for the construction of a domed stadium in Metropolitan Toronto. The Province has advanced \$4,766,250 to the Corporation to cover operating expenditures which is to be repaid once the stadium becomes operational.

An interest free advance was made by the Province in 1986 to the Grain Financial Protection Board under the Farm Products Payments Act. The advance was used to establish the Soybean Production Fund and the Grain Corn Producers Fund. The \$200,000 represents the outstanding balance of the loan.

The objective of the Algonquin Forestry Authority is to harvest Crown timber and to carry out such forestry and land management programs that are of general advantage to Ontario.

INVESTMENTS IN WATER TREATMENT AND WASTE CONTROL FACILITIES

	1989	1988
	\$	\$
Investments in water treatment and waste control facilities	465,681,853	468,308,542

The Ministry of the Environment lets extensive contracts for the building of water and sewage systems to serve municipalities. These investments are being recovered over the life of the agreements with the municipalities.

Agreements covering \$393,413,412 of the investment are for provincially-owned projects which are subject to service rate billings. The proceeds from these billings are used to amortize the investment over periods of up to forty years, to pay for operating costs, and to provide a return on the investment.

Certain other agreements provide for the accumulation of the principal portion of annual amortization payments in a sinking fund. The accumulated balance for outstanding agreements in these funds amounting to \$26,144,553 at March 31, 1989 (1988 \$35,663,765) was applied as a reduction of the investment account. An amount totalling \$11,545,242 was transferred from the Sinking Fund upon the completion of agreements.

Loans for educational purposes are made up of debentures relating to school boards totalling \$147,851,389 and are now included with Loans to local governments.

The Tile Drainage Act authorizes the Treasurer of Ontario to purchase, acquire and hold debentures issued by municipalities for construction of drainage works. These debentures are payable within ten years of the issue of the debentures.

The Ontario Housing Action Program provides loans for regional and municipal public works to accelerate the supply of housing.

The objective of the Federal-Provincial Winter Capital Projects Fund was to stimulate growth in employment, particularly during the winters of 1974-75 and 1975-76.

The amount owing by The Municipality of Metropolitan Toronto is the balance outstanding on debentures issued for subway construction purposes. Annual payments on principal are required over the period ending in 1995.

The objective of the Shoreline Property Assistance Act is to provide assistance for the rehabilitation and protection of property on or adjacent to shorelines.

Commercial Area Improvement loans were made to assist municipalities to upgrade older commercial districts by providing grants and loans for municipal services, parking, aesthetic and economic improvements.

The amount owing from sundry municipalities under the Municipal Works Assistance Act is the balance of loans made to municipalities for certain municipal projects. The loans are secured by debentures and are repayable over a twenty or thirty year period ending in 1998.

The objective of the Federal-Provincial employment loans program was to stimulate growth in employment particularly during winter, by adding to or accelerating capital works projects.

Mortgages assumed by the Province on the dissolution of the Ontario Land Corporation on March 31, 1987.

Loans to public hospitals are Ministry of Health capital construction loans amounting to \$18,886,568 (1988 \$26,784,149).

The investment under the Sault Ste. Marie Bridge Act consists of bonds of the International Bridge Authority of Michigan and shares of the St. Mary's River Bridge Company.

The International Bridge Authority of Michigan bonds, with a par value of \$7,850,000 U.S., were acquired in 1960 at a cost of \$7,615,072. These bonds, due September 1, 2000, bear interest at the rate of 6% per annum but under the terms of the agreement interest is payable at maturity or only as funds are available from operations. The accumulated balance of interest remaining unpaid at March 31, 1989, was \$3,155,467.

The investment in the St. Mary's River Bridge Company is the cost of 137 shares purchased by the Province.

The Small Rural Industrial Minerals Program was established to protect and stabilize jobs and ensure competitiveness with foreign materials in the communities of Perth and Timmins.

Municipal and school tax credit assistance loans represent reimbursements to municipalities for credits and refunds allowed in accordance with the provisions of the Municipal and School Tax Credit Assistance Act.

Tile drainage loans are made directly to individuals in territories without municipal organization as authorized by the Tile Drainage Act and are secured by liens on the properties.

The Co-operative Loans Act authorizes the Lieutenant Governor in Council to make loans to any co-operative association to enable it to carry out its objects. The loans are secured by a first mortgage on the real property of the co-operative association and are repayable over a period of twenty years.

The balance under Provincial Student-Aid loans is the total of the principal owing on loans as at March 31, 1989. Loans to students under this program were discontinued in December 1964.

Payroll deductions (net) represent employee payroll deductions for the month of March which have not yet been remitted to the appropriate payee.

The Pits and Quarries Control Act requires licenced operators of pits and quarries to make annual deposits with the Treasurer of Ontario. The deposits are held until the rehabilitation program of a pit or quarry is carried out in accordance with the requirements of the Act. Interest is credited to the deposit account on an annual basis.

In connection with agreements between the Ministry of the Environment and municipalities, the Ministry maintains a reserve fund to provide for expenditures related to renewals, replacements, alterations, extensions and contingencies in respect of water and sewage works operated by the Ministry. The Crown credits interest to the fund annually and expends from the fund amounts in accordance with the provisions of the Ontario Water Resources Act.

The outstanding cheques account is maintained for Treasurer of Ontario and Ministry of Health cheques which have not been presented for payment.

The Personal Property Security Assurance Fund receives a portion of the fee paid to the registrar when a certificate is issued under the Personal Property Assurance Act. The Fund is maintained to compensate persons who may suffer loss or damage from provision of incorrect information in a certificate. Interest is credited to the Fund on an annual basis.

The Ontario Housing Corporation has placed on deposit with the Treasurer of Ontario working capital which is surplus to its immediate needs.

The Fund for Milk and Cream Producers was established in 1967 to guarantee payment to producers of milk and cream for their product. The Milk Commission of Ontario administers the Fund and collects an annual fee from the processors of milk and cream for credit to the Fund. Interest is credited to the Fund on a semi-annual basis.

The Terry Fox Research Fund was established in 1981 for the purpose of supporting cancer research. \$1,000,000 was deposited into an interest bearing special purpose trust account, from which withdrawals will be made in accord with an agreement signed between the Ontario Cancer Treatment and Research Foundation and the Minister of Health.

To honour the Honourable William G. Davis on his retirement, employees of the Ontario Government and its Crown agencies provided donations of \$1,000,000 toward the student award program named John. C. Polanyi Prizes.

Bequests and scholarships may be accepted from citizens and special interest groups under the Financial Administration Act. Depending on the purposes of the bequest or scholarship, various ministries may administer the account.

Queen Elizabeth II Ontario Scholarship Fund was established in 1959 as a \$500,000 fund to provide annual scholarships to outstanding students working towards completion of their Ph.D. at Ontario universities. Interest is credited to the account semi-annually.

Unclaimed debenture principal and interest on Province of Ontario debentures is held in a liability account until the recipient is located.

Security bond deposit accounts are maintained for bonding or security deposit situations which exist under several Province of Ontario Acts.

The remaining special purpose accounts represent funds deposited with the Treasurer of Ontario or held in trust for various purposes and special accounts which are available for expending in periods subsequent to the current fiscal year.

The Canada Pension Plan Investment Fund makes funds available to the Province from monthly Canada Pension Plan contributions in amounts approximately equal to collections from Ontario contributors. The Province issues non-marketable debentures to the Fund at interest rates based on the Government of Canada long-term Canadian public market borrowing cost.

The obligations with respect to the Municipal Works Assistance Act and the three Federal-Provincial loan programs are serial debentures payable to the Minister of Finance of Canada. They were issued under employment stimulation programs in previous years.

Teachers' Superannuation Commission, which administers a pension fund for Ontario teachers, invests excess revenues in non-marketable securities of the Province. The interest rate on these securities is based on rates for long-term Canadian public market debentures issued or guaranteed by the Province.

The Ontario Municipal Employees Retirement Fund, which is a pension fund for public servants employed by local governments, invested surplus funds in Province of Ontario non-marketable securities until 1978. The interest rate on these securities was based on rates for long-term Canadian public market debentures issued or guaranteed by the Province.

The Canada Mortgage and Housing Corporation has accepted serial debentures issued by the Province in return for financing a significant proportion of the construction cost of Provincially-owned waste control facilities. The interest rate is based on the rate for the Government of Canada long-term Canadian public market borrowing cost at the time that the Corporation agreed to participate in the project.

The Canada Mortgage and Housing Corporation (CMHC) Section 40 Debt represents the liability to CMHC assumed by the Treasury on the dissolution of Ontario Land Corporation.

Under the Treasury Bill financing program, non-interest bearing Treasury Bills, with 91 day maturity, are sold by tender on a regular basis.

The Province has borrowed \$2,097,034,000 for Ontario Hydro from the Canada Pension Plan. The proceeds of all such borrowings have been advanced to Ontario Hydro in exchange for bonds with the same terms and conditions as the securities of the Province.

The Province of Ontario has issued public market debentures denominated in Canadian dollars and United States dollars. Since 1958, all United States dollar denominated securities have been issued on behalf of Ontario Hydro.

References:

- (1) Non-callable.
- (2) Liability to Canada Mortgage and Housing Corporation assumed by the Ministry of Treasury and Economics upon the dissolution of Ontario Land Corporation.
- (3) Callable at par commencing 5 years prior to maturity.
- (4) \$100,000,000 in debentures were issued to mature August 1, 1997 subject to maturity of any debentures on August 1, 1980, if the debenture holder so elected after August 1, 1979 and prior to February 1, 1980.
- (5) Securities sold to the Canada Pension Plan Investment Fund are payable 20 years after their respective dates of issue, are not negotiable and not transferable or assignable but are redeemable in whole or in part before maturity at the option of the Minister of Finance of Canada, on six months' prior notice, when the Minister deems it necessary in order to meet the requirements of the Canada Pension Plan. In the case of redemption before maturity, the Ontario Securities are to be redeemed in the order in which they were issued and the amount of Ontario Securities to be redeemed at any time shall be proportionate to the amount of all securities then held to the credit of the said fund represented by Ontario Securities.
- (6) Callable 10-22 years after date of issue at various declining premiums and thereafter at par.
- (7) Callable 15-27 years after date of issue at various declining premiums and thereafter at par.
- (8) Callable 15-25 years after date of issue at various declining premiums and thereafter at par.
- (9) Payable at par 15 years prior to maturity if holder so elects during the period July 1, 1982 to January 1, 1983.
- (10) Payable at par 12 years prior to maturity if holder so elects during the period March 22, 1985 to September 22, 1985.
- (11) Under the Treasury Bill Financing Program, non-interest bearing Treasury Bills, with 91 day maturity, are sold by tender on a regular basis.
- (12) The terms of these debentures require that equal payments be made each year until their maturity. Each payment consists of blended principal and interest.
- (13) Principal repayments are required each year until the debentures mature. Each payment consists of blended principal and interest. In some cases the blended payments are consistent in amount. In other cases, the amount of successive payments declines.

MISCELLANEOUS STATEMENTS

PUBLIC SERVICE SUPERANNUATION FUND — Continued

Notes to Financial Statements
March 31, 1989

1. DESCRIPTION OF THE PLAN

The following brief description of the Public Service Superannuation Plan (the Plan) established under the Public Service Superannuation Act (the Act) is provided for general purposes only. For more complete information, reference should be made to the Act. Contributions and benefit payments made in accordance with the terms of the Plan are accounted for in the Public Service Superannuation Fund (the Fund).

The Pensions Benefits Act, 1987 (P.B.A.) introduced new minimum standards for all pension plans registered in Ontario and it came into force on January 1, 1988. The Plan has been administered in accordance with the statutory requirements imposed by this legislation. Amendments to the Act to reflect these requirements will be introduced in the Legislature.

(a) General

The Plan is a contributory defined benefit pension plan of the Province of Ontario and is mandatory for persons who satisfy eligibility requirements provided in the Act. Under this Plan, contributions are made by plan members, the Province of Ontario, and designated provincial agencies, boards and commissions. The Public Service Superannuation Fund is held by the Province and is maintained within the Consolidated Revenue Fund.

(b) Funding Policy

Members are required to contribute 4.2 per cent of salary for Canada Pension Plan (C.P.P.) eligible earnings and 6.0 per cent of remaining earnings to the Fund. The Province matches the amount of member contributions and makes payments for certain members in the Plan who are on long term disability.

The P.B.A. requires that the Province of Ontario, acting as the Plan sponsor, must ensure that the benefits determined under the Plan are adequately funded. The determination of the required funding is made on the basis of a triennial actuarial valuation.

(c) Pension Portability and Commuted Value

Contributions made to the Plan for service prior to January 1, 1987 are locked-in when a member reaches 45 years of age and has 10 or more years of continuous service or employment. Contributions made to the Plan for service on or after January 1, 1987 are locked-in when a member has two or more years of continuous membership in the Plan. The locked-in contributions are to provide a member with a pension at their normal retirement age.

A member who ceases to contribute to the Plan and who is entitled to a deferred pension may have the option to transfer the commuted value of the deferred pension to a designated pension vehicle. (The commuted value represents the present value of pension benefits which will be come payable at some future date.)

(d) Superannuation Allowances

A normal superannuation allowance is available based on:

- the members' vested pensionable service (pre-1987 service vests at ten years contributory service or continuous employment, post-1986 service vests at two years of continuous membership);
- the best five year or three year average salary depending on the credit date in the Fund; and
- two per cent of this average salary for each year of contributory service, to a maximum of 35 years service, payable at age sixty-five or age sixty depending on the credit date in the Fund.

Both reduced and unreduced superannuation allowances are available under combinations of minimum attained age and years of pensionable service or under other circumstances as outlined in the Act.

Because contributions to the Plan are integrated with the C.P.P., the superannuation allowance is reduced at age sixty-five for C.P.P. retirement benefits or for disability benefits upon the receipt of a C.P.P. disability allowance.

(e) Survivor Allowances

For retirements prior to January 1, 1988, a survivor allowance, equal to 50 per cent of the allowances mentioned above, is available to the spouse or an eligible child of a member who has a minimum of ten years credit in the Fund.

In accordance with the P.B.A., for retirements that occur on or after January 1, 1988, the survivor allowance will not be less than 60 per cent. The retirement benefit will be actuarially reduced to compensate for this improved survivor allowance. However, the legislation permits the spouse of the member to waive their entitlement to this improved survivor allowance and thereby avoid any actuarial reduction in the retirement benefit. Members may elect to increase the survivor allowance to a maximum of 75 per cent of the basic superannuation allowance by reducing their retirement benefit.

1. DESCRIPTION OF THE PLAN (Continued)

(f) Post-Retirement Death Refunds

Upon the death of a pensioner, a refund of residual contributions may be payable to the estate as determined under the Act.

(g) Other Refunds

Upon application, and subject to the lock-in provisions, refunds are payable with interest when a member ceases to be eligible to participate in the Plan. The P.B.A. implemented a market related interest rate as of January 1987.

(h) Income Tax

The Plan is a Registered Pension Plan as defined by the Income Tax Act and therefore is not subject to income tax.

(i) Augmentation of Pensions

Upon order by the Lieutenant Governor in Council, additional payments are made to certain pensioners where the allowances under the Act are below a prescribed amount. Additionally, cost-of-living escalations are paid to pensioners who are not entitled to receive cost-of-living escalations under the Superannuation Adjustment Benefits Act. These payments are made from the Consolidated Revenue Fund.

(j) Interest Revenue

Each year, net cash flows being the excess of inflows over outflows, earn interest at a rate which is fixed for 25 years and which is related to the weighted average yield during the fiscal year on outstanding long term securities issued or guaranteed by the Province of Ontario. This rate also applies to the reinvestment of funds which matured during the fiscal year. In 1988/89 fiscal year, this rate was 11.19 per cent. The weighted average interest rate being earned on the 1988/89 opening balance was 11.22 per cent.

2. SIGNIFICANT ACCOUNTING POLICY

The financial statement has been prepared on a modified cash basis of accounting. Payments from the Fund and contributions of designated agencies, boards and commissions are reported on the cash basis. The Province's contributions and any unfunded liability payments, the interest earned by the Fund, and the employee contributions do not represent cash transactions in or from the Consolidated Revenue Fund but are recorded as liabilities in accordance with legislation.

3. ADMINISTRATIVE EXPENSES

Administrative expenses are paid by the Province of Ontario.

4. FINANCIAL STATUS OF THE FUND

(a) Results of Actuarial Valuation

The adequacy of the assets available in the fund for benefits is determined by a triennial actuarial valuation. The latest valuation filed with the Pension Commission of Ontario covered the period ending December 31, 1985 and showed an actuarial surplus of \$109.9 million.

The impact of the application of the P.B.A. on the accrued Plan benefits will be reflected in the next valuation.

(b) Basis of Actuarial Valuation

The assets and liabilities of the Plan are determined by applying actuarial assumptions to predict the amount and timing of future benefits and refunds together with member and employer matching contributions. Then, using assumed interest rates, these predicted payments and receipts are calculated on present values as if they had all been paid or received on the valuation date. The rates used by the actuary for mortality, retirement and withdrawal were based on recent experiences among the members of the Plan.

4. FINANCIAL STATUS OF THE FUND (Continued)

The assumed interest earnings rates and salary increase rates were as follows:

	New Cash Flow Interest Rate %	Fund Balance Interest Rate %	Salary Increase Rate %
1986	10.40	11.10	5.00
1987	9.00	10.90	5.50

1991 and after	6.50-6.00	9.60-6.00	6.00-4.50

5. PROPOSED CHANGES

Legislation will be introduced which, if passed, will become a new Public Service Pension Act. As well as implementing the P.B.A. standards, it would:

- combine the basic fund with the adjustment fund;
- increase the matching contribution rates by 1 per cent of salary to cover future benefits earned;
- permit fund investments in market securities under the responsibility of an arm's length board;
- commit the government to pay for the past deficits of the combined Fund, preliminarily estimated at \$1.7 billion, with the payments amortized over 40 years as a constant percentage of payroll; and
- if future deficiencies are determined by subsequent actuarial valuations, require that they be amortized as prescribed by the P.B.A.

To the Public Service Superannuation Board,
to the Chairman of the Management Board of Cabinet, and
to the Treasurer of Ontario.

I have examined the statement of changes in fund balance of the Public Service Superannuation Fund for the year ended March 31, 1989. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, this financial statement presents fairly the financial position of the Fund as at March 31, 1989 and the results of its operations for the year then ended in accordance with the accounting policy described in Note 2 to the financial statement applied on a basis consistent with that of the preceding year.

MISCELLANEOUS STATEMENTS

SUPERANNUATION ADJUSTMENT FUND — Continued

Notes to Financial Statements
March 31, 1989

1. DESCRIPTION OF THE PLAN

The following brief description of the Superannuation Adjustment Fund (the Fund) is provided for general purposes only. For more complete information reference should be made to the Superannuation Adjustment Benefits Act (the Act) and the Regulations made under the Act.

(a) General

The Fund was established in 1975 to provide superannuation adjustment benefits to persons in receipt of pensions payable under the terms of the pension plans designated by the Regulations. The three designated plans within the Fund are: the Public Service Superannuation Plan (PSSF); the Teachers' Superannuation Plan (TSF); and, the Retirement Pension Plan of the Ryerson Polytechnical Institute. Participation is mandatory for members covered under these pension plans. The Fund is held by the Province and is maintained within the Consolidated Revenue Fund (C.R.F.).

(b) Funding Policy

The members and the employers are each required to contribute one per cent of salary. Since inception, the Fund has operated on a modified pay-as-you-go basis. Actuarial valuations are not required to be filed with the Pension Commission of Ontario.

(c) Adjustment Benefits

The Fund provides an annual adjustment benefit to retired and disabled members and to their surviving spouses and eligible dependents of the designated plans commencing January 1 of the year following the event which gave rise to the benefit. The amount of the adjustment benefit payable is based on the annual percentage increase in the Consumer Price Index (C.P.I.) for Canada to a maximum of 8 per cent of the annual amount of the earned pension. An increase in the C.P.I. beyond 8 per cent in any year is carried forward for application in subsequent years when the C.P.I. increase is less than 8 per cent.

Adjusted benefits are paid to pensioners who retired prior to 1976 and are thus not entitled to receive adjusted benefits under the Act. These payments are made from the C.R.F.

(d) Refunds

Upon application, and subject to the lock-in provisions of the designated plans, refunds are payable with interest upon termination from the designated plans.

(e) Interest Earnings

Each fiscal year, the excess of inflows over outflows (net cash flow) earns interest at a rate which is fixed by Order in Council. This rate also applies to the reinvestment of funds which matured during the fiscal year. In 1988-89, the rates are:

	P.S.S.F. %	T.S.F. %	Ryerson %
New Cash Flow	10.45	10.45	10.45
Average rate paid on 1988/89 Opening Balances	11.75	12.11	11.86

2. SIGNIFICANT ACCOUNTING POLICY

The financial statement has been prepared on a modified cash basis of accounting. All payments from the Fund and contributions of designated agencies, boards and commissions are reported on a cash basis. The Province's contributions, the interest earned by the Fund and the employee contributions by the members of the PSSP do not represent cash transactions in or from the C.R.F. but are recorded as liabilities in accordance with legislation.

3. ADMINISTRATIVE EXPENSES

Administrative expenses are paid by the respective pension plan sponsors.

4. PROPOSED CHANGES

Legislation will be introduced which, if passed, will implement the standards under the Pension Benefits Act, 1987 (P.B.A.), and:

- combine the adjustment funds with the respective basic funds;
- increase the matching contribution rate by 1 per cent of salary to cover future benefits earned;
- commit the government to pay for the past deficits in the combined funds, preliminarily estimated on an actuarial basis at \$5.7 billion (\$4.0 billion in the Teachers' Superannuation Fund and \$1.7 billion in the Public Service Superannuation Fund);
- amortize the past deficit with payments over 40 years that are based upon a constant percentage of payroll;
- require that any future deficiencies, determined by subsequent actuarial valuations, be amortized as prescribed by the P.B.A.; and
- permit the fund investments in market securities under the responsibility of arm's length boards.

MISCELLANEOUS STATEMENTS

PROVINCIAL JUDGES BENEFITS FUND — Continued

Notes to the Financial Statement

March 31, 1989

1. DESCRIPTION OF THE FUND

The Provincial Judges Benefits Fund (the Fund) was established by Regulation made under the Courts of Justice Act, effective July 1, 1984. This Regulation designated the Provincial Judges Benefits Board to administer the Fund. The following brief description of the Fund is provided for general purposes only. For more complete information, reference should be made to the Regulation.

(a) General

The purpose of the Fund is to provide income continuity payments to retired Provincial Court Judges and Masters of the Supreme Court of Ontario or survivor allowances to the dependents of these Judges and Masters.

(b) Funding Policy

The annual funding required to maintain income continuity payments is borne entirely by the Province and is determined annually by actuaries.

Contributions to the Fund by participants are for survivor allowances only. Participants are required to contribute 5.57 per cent of their salary either until their basic service requirement is met or until they reach 70 years of age. At the participant's option, this contribution may be apportioned either entirely to the Fund towards the cost of survivor allowances or one third to the Fund and two thirds to the Consolidated Revenue Fund, toward the cost of life insurance benefits provided. At present, the majority of participants have elected to apportion their contribution between the Fund and life insurance premiums.

(c) Income Continuity Payments

An income continuity payment is available based on the age and the number of years of full-time service for which the participant has credit upon ceasing to hold office and on the salary of a full-time judge of the highest judicial rank held by the participant while in office. The participant is entitled to these payments during his lifetime.

(d) Disability Income Continuity Payments

A full income continuity payment is available at age 65 for participants with a minimum of five years of full-time service who are unable to serve in office due to injury or chronic sickness.

(e) Survivor Allowances

A survivor allowance equal to one half of an income continuity payment is paid to the spouse during the spouse's lifetime or to a child or children until the youngest child attains 18 years of age, or 25 years of age if the child is a full-time student at a place of higher education.

(f) Death Refunds

A death refund is payable to the estate of a participant where there is no further entitlement to a survivor allowance. The amount of the refund is equal to all contributions made into the Fund plus accrued interest, reduced by the amounts of survivor allowances paid out under this Regulation.

(g) Withdrawal Refunds

Upon ceasing to hold office for a reason other than death before becoming entitled to an income continuity payment, the participant is entitled to a refund. The amount of the refund is equal to the contributions made into the Fund plus accrued interest.

(h) Interest Revenue

All new money, being the excess of deposits over payments each fiscal year, earns a rate of interest which is fixed for 25 years and which is not less than the weighted average rate on long term securities issued or guaranteed by the Province of Ontario during that fiscal year. For the 1989 fiscal year, the rate was 11.19 per cent (1988—11.10 per cent). The weighted average interest rate earned on the 1989 beginning Fund balance was 11.31 per cent (1988—11.35 per cent).

(i) Fund Status

The Fund is not subject to the reporting requirements under the Pension Benefits Act and Regulations. However, the Fund has the status of a pension plan for income tax purposes.

2. SIGNIFICANT ACCOUNTING POLICY

The financial statement has been prepared on a modified cash basis of accounting. Payments from the Fund are reported on the cash basis. The Province's contributions and liability for future benefit payments, the interest earned by the Fund, and the participant's contributions do not represent cash transactions in or from the Consolidated Revenue Fund but are recorded as liabilities in accordance with legislation.

3. ADMINISTRATIVE EXPENSES

Administrative expenses are paid by the Province of Ontario.

4. LIABILITY FOR FUTURE BENEFITS

The most recent actuarial valuation of the Fund, dated March 31, 1988, disclosed that the Province's share of the liability for income continuity payments and survivor allowances was \$33.2 million. The Province is contributing towards this liability in amounts recommended by the actuaries.

1. SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

The Province of Ontario Savings Office uses a cash basis of accounting which is modified to allow an additional thirty days to pay for goods and services pertaining to the fiscal year just ended. In this regard, payments to employees for the pay period which overlaps the fiscal year end date are apportioned between the two years.

(b) Fixed Assets

The costs of fixed assets, consisting of furniture and equipment and alterations to premises are charged to operations in the period in which they are incurred.

MISCELLANEOUS STATEMENTS

MOTOR VEHICLE ACCIDENT CLAIMS FUND — Concluded

Notes to Financial Statement
March 31, 1989

1. BASIS OF ACCOUNTING

The Fund uses a cash basis of accounting which, for administration expenses, is modified to allow an additional thirty days to pay for goods and services pertaining to the fiscal year just ended. In this regard, payments to employees are apportioned between the two years.

2. FUND OPERATIONS

The Fund was originally established to provide compensation to innocent victims of motor vehicle accidents caused by uninsured or hit-and-run motorists in Ontario. Uninsured motorists were required to pay an annual fee into the Fund. However, effective March 1, 1980, with the enactment of the Compulsory Automobile Insurance Act, all motorists are required to carry third party liability insurance including uninsured automobile coverage.

The Fund continues in operation to pay those claims occurring after March 1, 1980 involving:

- pedestrians who are injured by an uninsured or hit-run vehicle where the pedestrian is not otherwise covered by an automobile insurance policy;
- injury to uninsured passengers in an uninsured vehicle where the driver of the uninsured vehicle is at fault;
- innocent parties where two uninsured vehicles are involved and;
- damages to property not insured against vehicle impact (e.g. Hydro and telephone poles, highway guardrails, etc.) providing both owner and driver of the uninsured vehicle can be identified.

The Motor Vehicle Accident Claims Act was amended on February 23, 1983 to allow the Fund to pay the claims of third party automobile plaintiffs who would not otherwise be able to collect all of their damages because of the insolvency of the defendant's insurance company. Compensation is subject to the provisions of the Act and its Regulations, up to the minimum third party limits of liability in force at the time of the accident. The driver's licence of the defendant policyholder and/or driver will not be subject to suspension nor will he/she be liable to repay the Fund for the subrogated rights, and will have the same creditor standing as the plaintiff, with respect to the realizable assets of the insolvent insurer. To date four companies, Pitts Insurance Company, Cardinal Insurance Company, Northumberland General Insurance Company and United Canada Insurance Company have been classified as "designated insurers" under the Act.

3. ACCOUNTS RECEIVABLE

As of March 31, 1989 the records of the Fund listed total Accounts Receivable by reason of payments on behalf of the Act in the amount of \$99.2 million. Of this amount, inactive accounts totalling approximately \$36.9 million are considered uncollectible.

4. OUTSTANDING CLAIMS

The estimated liability of the Fund with respect to claims received but not yet settled as of March 31, 1989 is \$8.1 million. It is anticipated that future revenue, together with the current Fund balance, will be sufficient to meet the Fund's obligations for the fiscal year ending March 31, 1990 without subsidization from the Consolidated Revenue Fund as provided under Section 2(3) of the Motor Vehicle Accident Claims Act.

Program description:

This program's purpose is to serve and protect the public and to encourage the maintenance of an honest, equitable and informed marketplace. This is achieved through investigating consumer complaints, registering and regulating business under various consumer protection Acts, and through the regulation of three event-oriented areas of public entertainment, consisting of the Theatres Act administration, the Athletics Commissioner and lotteries licensing. In addition, this program provides for hearings with respect to matters of licensing under various Acts administered by the Ministry.

Program description:

This program consists of six activities that provide for the regulation, supervision and policy direction of financial institutions operating in Ontario. The focus of the program is to safeguard the interests of the public dealing with the financial service sector while creating a business climate to increase Ontario's domestic and international competitiveness. This is achieved through disclosure to the public of the essential elements of business transactions including the issuing of securities, registration and licensing of persons dealing with the public to assure high degree of competence and honesty in their dealings, and examination and surveillance of the financial standing and practices of firms. In addition, this program provides for the administration of the Motor Vehicle Accident Claims Act in respect of adjustment claims and payment of damages occasioned by the operation of stolen, unidentified or uninsured motor vehicles. The Ontario Automobile Insurance Board is also administered by this program and is responsible for holding public hearings and setting rates that are just and reasonable.

Program description:

The major objective of this program is to lead the Ontario building industry towards increased job creation and industry growth by establishing new markets, increasing productivity, and reducing the regulatory burden. This program also develops policies and standards governing new building construction, renovation, and construction materials. It administers the Ontario Building and Ontario Plumbing Codes, assists in the improvement of municipal building department operations, and provides education programs for the building industry.

Program description:

The objective of this program is to respond to the needs of Ontario residents for socially assisted housing in co-operation with the non-profit and co-operative housing sectors, the private sector, other ministries, and other levels of government. Activities encompass social housing program development and the delivery of socially-assisted and market housing programs covering all aspects of the housing market. This includes the direct delivery, maintenance, property management and administration for Ontario Housing Corporation, of social housing for low and modest income families, senior citizens, and handicapped and other eligible persons, to ensure their access to appropriate and affordable shelter.

Program description:

One objective of this program is to develop policy, strategic recommendations, and programs to encourage and facilitate the supply of affordable and adequate rental and ownership housing in Ontario, including new construction, rehabilitation, and more efficient utilization of the existing housing stock. A second objective of the program is to implement the Residential Rent Regulation Act by: resolving applications for rent review and related matters filed by landlords and tenants; advising the public on all residential tenancy matters; developing policy on rent review issues; administering the residential rent registry; and, reviewing and recommending appropriate action concerning applications for exemptions under the Rental Housing Protection Act. In addition, this program includes the Rent Review Hearings Board for adjudicating appeals of decisions arising from rent review, and the Residential Rental Standards Board for helping to ensure that rental housing is adequately maintained.

Program description:

Provides the overall policy direction and the administrative support required by the Management Board. The program also provides for the estimated cost of anticipated salary and employee benefits revisions and other employment related awards and allowances for government employees.

*In the Estimates a provision was made for the cost of salary and employee benefits revisions which were likely to be approved in the 1988-89 fiscal year. It was not practicable, however, to distribute this estimate among the programs and activities of each ministry. Accordingly the gross projected salary and benefits costs appeared in the 'Contingencies' provision.

As revisions were approved and the actual costs were incurred they were not charged against the "Contingencies" activity but rather against the various votes and items to which they pertained. The "Contingencies" activity therefore shows no spending against the appropriation. To the extent that these expenditures exceeded printed Estimates appropriations, Management Board Orders totalling \$140,523,500 were approved. This amount is net of any under-spending within each activity.

Program description:

The tax revenue aspects of this program are directed at maintaining the integrity of Ontario's self-assessing taxation systems which generate revenue flows to the Consolidated Revenue Fund. Compliance is encouraged through taxpayer information services, assistance, and deregulation while abuse and tax evasion are discouraged through audits and investigations. The tax statutes administered in the program are the Corporations Tax Act, the Mining Tax Act, the Income Tax Act, the Gasoline Tax Act, the Tobacco Tax Act, the Fuel Tax Act, the Succession Duty Act, the Land Transfer Tax Act, the Provincial Land Tax Act, the Retail Sales Tax Act, and the Race Tracks Tax Act.

Under the program, income supplements are delivered to senior citizens through the guaranteed income system, also property tax grants and sales tax grants are paid to eligible pensioners. In addition, the development of small business is encouraged through grants to investors under the Small Business Development Corporations Act and an incentive is provided to employees of small and medium sized businesses to purchase newly issued common shares of their employer through grants under the Employee Share Ownership Plan.

The program also delivers information services and other administrative aspects of the Ontario Tax Credit System which generates property tax and sales tax credits to low income tax filers under the age of 65 in order to relate these taxes and costs to the individual's ability to pay and provides political contribution tax credits to qualified tax filers in order to encourage participation in the political process.

Program description:

This program determines the valuation of all real property and prepares assessment rolls for purposes of taxation by local governments. Where assessment information has changed from the previous notification, assessment notices are issued to confirm to taxpayers the revised assessment values and the allocation of school support. The program provides an equitable basis of assessment for the distribution of provincial grants and subsidies to municipalities and school boards and the collection of Provincial Land Tax. In municipal election years, the program conducts a municipal enumeration to facilitate the production of preliminary voters' lists and municipal census data.

Program description:

The Province of Ontario Savings Office attracts savings from the public by operating twenty-one offices where deposits are received and held in individual accounts on which interest is paid and cheques may be drawn. Funds in excess of day-to-day requirements are deposited in the Consolidated Revenue Fund and provide an economical source of long-term borrowing for the Treasurer of Ontario.

This statutory appropriation provides operating funds for the twenty-one offices pending reimbursement by the Province of Ontario Savings Office.

Program description:

The Ontario Women's Directorate fosters the economic, social and legal equality of women in Ontario through partnerships within the public and private sectors. It acts as central policy advisor on women's issues within the Ontario Government; coordinator of provincial government policy on employment equity for women, pay equity and family violence; advisor to business, labour, government, community and other groups on the development and delivery of programs, services and resources to benefit women; information source and educator of the public on women's issues.

The Ontario Advisory Council on Women's Issues provides independent advice to the Government on women's issues.

A GUIDE TO PUBLIC ACCOUNTS

1. SCOPE OF THE PUBLIC ACCOUNTS

The 1988-89 Public Accounts of the Province of Ontario comprise three volumes:

Volume 1 contains the financial statements of the Province and schedules of supporting information.

Volume 2 contains the financial statements of selected provincial crown corporations, boards and commissions.

Volume 3 contains the details of expenditures.

2. A GUIDE TO VOLUME 2 OF THE PUBLIC ACCOUNTS

The financial statements of the selected crown corporations, boards and commissions are for fiscal periods ending within the Province's own fiscal period April 1, 1988 to March 31, 1989. They are presented in the same detail as the approved, audited financial statements and as nearly as possible in the same form. The statements have been presented alphabetically as shown in the Table of Contents. In addition, a listing is provided which groups the crown corporations, boards and commissions by ministerial responsibility.

The Accountant of the Supreme Court of Ontario

To the Accountant of the Supreme Court of Ontario and
to the Attorney General.

I have examined the balance sheet of the Accountant of the Supreme Court of Ontario as at March 31, 1989 and the statement of income and capital reserve account for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Accountant of the Supreme Court of Ontario as at March 31, 1989 and the results of operations for the year then ended in accordance with the accounting policies described in note 2 to the financial statements applied on a basis consistent with that of the preceding year.

Toronto, Ontario,

ACCOUNTANT OF THE SUPREME COURT OF ONTARIO

Notes to Financial Statements
March 31, 1989

1. GENERAL

The office of the Accountant of the Supreme Court of Ontario is the depository for all funds, mortgages and securities which are paid into the Supreme Court of Ontario. Such funds are received and disbursed or released pursuant to judgments and orders of the court, and in accordance with the Courts of Justice Act, 1984 and other relevant statutes.

2. SIGNIFICANT ACCOUNTING POLICIES

- (a) The Accountant uses a cash basis of accounting which, for administrative expenditure, is modified to allow an additional thirty days to pay for debts incurred during the fiscal year just ended.
- (b) Fixed assets are expensed when purchased.
- (c) Funds are invested in income producing securities. The securities are recorded at cost, with gains and losses on the sale of investments recognized in the capital reserve account on a first-in first-out basis.

3. SUITS AND MATTERS

These accounts, vested in the Accountant, represent the undisbursed balances of funds paid into the Supreme Court of Ontario on behalf of minors and pursuant to judgments and orders under various statutes. Transactions in these accounts during the year were:

	1989 (\$000's)	1988 (\$000's)
Balance, beginning of year	256,050	225,332
Funds paid in, including interest	95,614	100,388
Disbursements, including interest	(82,459)	(69,825)
Net transfers from suitors' suspense		155
Balance, end of year	<u>269,205</u>	<u>256,050</u>

4. SUITORS' SUSPENSE

All sums that are not claimed within ten years from the time when they became payable out of court are periodically transferred to a suitors' suspense account which does not bear interest. Transactions in this account during the year were:

	1989 (\$000's)	1988 (\$000's)
Balance, beginning of year	4,286	4,443
Disbursements	(22)	(2)
Net transfers (to) suits and matters		(155)
Balance, end of year	<u>4,264</u>	<u>4,286</u>

In November 1988, the Finance Committee of the Supreme Court of Ontario approved a transfer of \$4 million from the suitors' suspense account to the Consolidated Revenue Fund of the Province. As at March 31, 1989, the Accountant was awaiting an Order in Council authorizing him to make this transfer.

ACCOUNTANT OF THE SUPREME COURT OF ONTARIO

Notes to Financial Statements — Concluded
March 31, 1989

5. OTHER BONDS

Other bonds consist of securities issued by various provincial agencies, Canadian municipalities and chartered banks.

6. SHORT-TERM INVESTMENTS

Short-term investments include bonds, bank instruments and deposits maturing within one year.

7. MORTGAGES AND SECURITIES IN TRUST

The Accountant also acts as custodian of mortgages in the amount of \$2,240,000 (1988 — \$2,369,000) and miscellaneous securities and documents having a recorded value of \$682,000 (1988 — \$327,000). These amounts are not reflected in the financial statements.

8. PENSION PLAN

The Accountant provides pension benefits for all permanent employees through participation in the Public Service Superannuation Fund and Superannuation Adjustment Fund established by the Province of Ontario. The Accountant's share of contributions to these Funds during the year was \$12,000 (1988 — \$12,000). This amount represents the total obligation of the Accountant and is included in employee benefits in the Statement of Income and Capital Reserve Account.

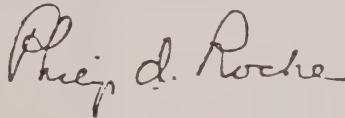

ALGONQUIN FORESTRY AUTHORITY

Notes to Financial Statements
March 31, 1989

1. SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of accounting

The financial statements have been prepared in accordance with generally accepted accounting principles.

(b) Inventory

Inventory is stated at the lower of cost and net realizable value.

(c) Depreciation and amortization of fixed assets

Depreciation is provided for on a straight-line basis, generally using rates of 10 per cent per annum for furniture, fixtures, technical equipment, bridges, and leasehold improvements, 20 per cent per annum for data processing equipment and 33⅓ per cent per annum for automotive equipment. The cost of capital roads is amortized over the estimated number of operating seasons for which the roads are to be used, with a maximum amortization period of ten years. Forest Management Undertaking (FMU) assets are depreciated and amortized at the same rates as the assets mentioned above.

(d) Deferred charge

Certain costs incurred in the development of a comprehensive forest management plan applicable to the period April 1, 1980 to March 31, 1990 were deferred and are being amortized on a straight-line basis over 10 years.

2. FOREST MANAGEMENT UNDERTAKING

Effective April 1, 1983, the Authority undertook certain forest and land management activities formerly carried out by the Ministry of Natural Resources. Funding to conduct these activities is derived from operating reimbursements from the Ministry and from the retention of approximately 92 per cent of the stumpage fees (identified as forest management revenue) normally remitted to the Ministry. These obligations are covered by an agreement with the Ministry which expires March 31, 2000.

3. FIXED ASSETS

Fixed assets in service are stated at cost and consist of:

	1989		1988	
	Cost	Accumulated Depreciation and Amortization	Cost	Accumulated Depreciation and Amortization
	\$	\$	\$	\$
Furniture and fixtures	61,445	31,867	53,864	34,555
Data processing	86,276	63,305	83,637	49,345

Automotive equipment	164,430	118,406	164,959	119,302
Bridges	14,137	14,137	14,137	14,137
Capital roads	1,586,620	803,756	1,365,860	649,406
Leasehold improvements	25,951	2,592	25,951	—
FMU assets	237,739	47,811	95,705	10,973
FMU assets funded by grants	169,942	—	194,394	—
	2,467,787	1,105,276	2,056,960	894,811
FMU capital grants	(169,942)		(194,394)	
	2,297,845		1,862,566	
	(1,105,276)		(894,811)	
	1,192,569		967,755	

Some of the Authority's fixed assets are used to carry out activities of the FMU. As a result, depreciation on these and FMU assets of \$38,077 (1988-\$19,593) has been charged to FMU operations. No depreciation is taken on FMU assets which were funded by capital grants.

ALGONQUIN FORESTRY AUTHORITY

Notes to Financial Statements — Concluded
March 31, 1989

4. PENSION PLAN

The Authority provides pension benefits for permanent employees through participation in the Public Service Superannuation Fund and the Superannuation Adjustment Fund of the Province of Ontario. The Authority's share of contributions to these funds during the year was \$54,363 (1988-\$49,137). This contribution is included in salaries and benefits in the Statement of Operations and Surplus.

5. REMUNERATION OF APPOINTEES

Total remuneration of the board members of the Authority was \$10,160 during the 1989 fiscal year. (1988-\$14,045).

6. COMPARATIVE FIGURES

Certain comparative figures have been reclassified to conform with the 1989 presentation.

To the Members, Algonquin Forestry Authority, and
to the Minister of Natural Resources.

I have examined the balance sheet of the Algonquin Forestry Authority as at March 31, 1989 and the statements of operations and surplus and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Authority as at March 31, 1989 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

1. SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of accounting

The Commission's financial statements are prepared using the accrual basis of accounting except for administrative expenses which are recorded on the cash basis, modified to allow an additional thirty days to pay for goods and services pertaining to the fiscal year just ended.

(b) Provisions for payment of unsettled indemnities

At the end of a fiscal year, the Commission estimates outstanding indemnities. In the subsequent year, any difference between the estimated and the actual indemnities is reflected in the statement of surplus and not in the statement of revenue and expenditure as the Commission feels the difference should not be reflected in the current year's operating results.

(c) Premiums collected in advance

Premiums collected in advance represent premiums received for the insurance of various crops where the deadline for applying for insurance coverage occurs after March 31, 1989. This insurance may be cancelled by the insured prior to the deadline date and premiums refunded.

(d) Unearned premiums

Unearned premiums represent premiums received for winter wheat and fruit crops. The harvesting of these crops and the payment of indemnities occurs subsequent to March 31, 1989. However, the deadline date for applying for insurance coverage occurs prior to year end, and accordingly, the insurance cannot be cancelled and no premiums will be refunded.

2. ADMINISTRATIVE EXPENSES

Salaries, benefits and other administrative expenses of the Commission are absorbed by the Ministry of Agriculture and Food and are included in the statement of revenue and expenditure.

3. REMUNERATION OF APPOINTEES

Total remuneration of the members of the Commission was \$28,157 during the 1989 fiscal year.

4. SUBSEQUENT EVENT

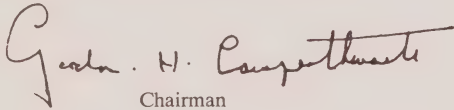

Due to very heavy rainfall in the southern part of Essex County during the 1989 crop year, the Commission expects to incur losses with respect to certain insured crops such as processing tomatoes and soybeans. However, it is not practical to reasonably estimate the extent of such loss at this point in time.

Notes to Combined Financial Statements
March 31, 1989

1. SIGNIFICANT ACCOUNTING POLICIES

(a) General

These combined financial statements include the accounts of Ontario Development Corporation ("ODC"), Northern Ontario Development Corporation ("NODC"), Eastern Ontario Development Corporation ("EODC") and Innovation Ontario Corporation ("IOC").

The operations of the three wholly owned subsidiaries of ODC (IDEA Innovation Fund Inc., IDEA Research Investment Fund Inc. and IDEA Information Technology Fund Inc.) have not been consolidated because it is the intention of ODC to dispose of the investments held by each of these subsidiaries in an orderly manner. The investments in and advances to and from these subsidiaries are accounted for using the equity method and are therefore recorded at an amount equal to the net book value of the subsidiaries.

THE DEVELOPMENT CORPORATIONS

Notes to Combined Financial Statements — Continued

1. SIGNIFICANT ACCOUNTING POLICIES — Continued

- (b) Loans receivable
Loans are disbursed by ODC, NODC and EODC under the Development Corporations Act.
Under the Act, the Corporations are authorized to act as agents for the Province in respect of programs, projects or other matters undertaken for the advancement of industrial or economic development.
- (c) Loans written off
The write off of loans receivable is recovered from the Province by corresponding reductions in advances from the Province. Consequently, no provision is made for doubtful loans not yet written off.
- (d) Guarantees honoured
The honouring of guarantees is funded by the Province and therefore, no provision is made on guarantees.
- (e) Recoveries of loans written off and guarantees honoured
Any amounts recovered on loans previously written off and guarantees previously honoured are paid directly to the Province and are not reflected in the Combined Statement of Operations.
- (f) Revenue
Interest revenue is recognized as income using the accrual basis of accounting except in the case of agency loans where the receipt of interest is deferred for one year or more. For these loans, revenue is recognized as income on receipt.
- (g) Deferred revenue
Interest accrued on loans for which repayment has been deferred (note 1(f)) is recorded as deferred revenue until such time as interest is actually received.
- (h) Investments
Investments of IOC are recorded at cost less a provision for loss to reflect a permanent impairment in the value of the investment portfolio. The provision is determined by management based upon their best estimates from the most current information available to them. Due to the nature of the investments, there is no quoted market value and the carrying value may not be equal to the realizable value.
- (i) Research and development projects
Research and development projects are charged to operations.
- (j) Fixed assets
Equipment purchases are charged to expense in the year of acquisition, except for the Industrial Parks operations, for which all such amounts are capitalized. Depreciation of these fixed assets is provided for on a straight-line basis, using rates of 5 to 20 per cent per annum for buildings and improvements, and 20 per cent per annum for equipment. Buildings acquired as a result of loan defaults by borrowers (note 7) are capitalized and are depreciated on a straight-line basis at the rate of 5 per cent per annum.
- (k) Administration expenses
These expenses are reflected on a cash basis which is modified to allow an additional thirty days to pay for debts incurred during the fiscal year just ended.

2. LOANS RECEIVABLE

	1989 (\$000's)	1988 (\$000's)
Term	159,587	171,937
Agency	87,694	80,551
	<u>247,281</u>	<u>252,488</u>

Agency loans represent loans approved and funded through programs of other provincial ministries and agencies, but the agreements are signed and administered on their behalf by ODC. Included in Agency loans is a loan of \$24.1 million (1988 — \$22.3 million), including accrued interest of \$9.1 million (1988 — \$7.3 million), to Nova Corporation and John Labatt Limited for the construction of research facilities for Allelix Inc. (note 5). The borrowers may transfer title of these facilities to ODC in lieu of the repayment of the principal and interest due on March 31, 1992.

THE DEVELOPMENT CORPORATIONS

3. INVESTMENTS

These investments represent equity and debt investments made by IOC in technology-based industries in Ontario. A provision of \$1,115,000 (1988 — \$450,000) which, in management's opinion, is necessary to reflect a permanent impairment in the value of the investment portfolio.

4. INVESTMENTS IN AND ADVANCES TO SUBSIDIARIES

The results of operations of subsidiaries are summarized as follows:

	1989 (\$000's)	1988 (\$000's)
Operating expenses of subsidiaries	468	527
Research and development projects and other program expenditures funded	284	856
Provision for loss	2,017	2,150
Gain on sale of investments	(500)	(59)
Interest and royalty income	(39)	(342)
Other income		(85)
Net losses reported by subsidiaries	<u>2,230</u>	<u>3,047</u>

The net book values of the subsidiaries at March 31, 1989 are as follows:

	Equity (\$000's)	Advances (\$000's)	Total (\$000's)
IDEA Innovation Fund Inc.	(8,388)	19,382	10,994
IDEA Research Investment Fund Inc.	(8,987)	16,460	7,473
IDEA Information Technology Fund Inc.	4,987	(963)	4,024

160596 Canada Inc.	168,671 Common A	1
	85,000 Common B	850
		<u>4,411</u>

During the year, as part of a restructuring of Allelix Inc., separate corporate entities were established for the agriculture (160596 Canada Inc.) and diagnostics (ADI Diagnostics Inc.) divisions. ODC exchanged 150 Common and 75,000 Class A Preferred shares in Allelix Inc. for 168,671 Common A shares in 160596 Canada Inc.

In addition, ODC has made further equity investments of \$4.4 million in the three companies.

6. FIXED ASSETS

Fixed assets relate primarily to the Industrial Parks and are stated at acquisition cost, less accumulated depreciation as follows:

tion as follows.

	1989			1988

depreciation	(1,332)	(1,183)
Net income	<u>2,130</u>	<u>1,672</u>

10. RESEARCH AND DEVELOPMENT PROJECTS AND OTHER PROGRAMS

In return for funding research and development projects, IOC obtains the right to receive royalties from sales derived from the commercialization of any technology arising therefrom. For other programs, IOC will receive either the right of first refusal to commercialize any technology produced or the right to information relating to the technologies.

THE DEVELOPMENT CORPORATIONS

Notes to Combined Financial Statements — Continued
March 31, 1989**11. ADMINISTRATION**

The cost of administration is funded by the Province through the Ministry of Industry, Trade and Technology. Details are as follows:

	1989 (\$000's)	1988 (\$000's)
Salaries and staff benefits	8,148	7,692
Transportation and communication	1,014	960
Services	2,380	2,680
Supplies and equipment	1,623	1,111
	<u>13,165</u>	<u>12,443</u>
Other expenses	184	162
	<u>13,349</u>	<u>12,605</u>

The Corporations provide pension benefits for substantially all their permanent staff through participation in the Public Service Superannuation Fund and Superannuation Adjustment Fund established by the Province of Ontario. The Corporations' share of contributions to these Funds during the year was \$425,700 (1988 — \$411,000). This amount represents the total obligation of the Corporations and is included in staff benefits.

The Corporations had forty-six Members of the Board of Directors on March 31, 1989. Their remuneration for the year amounted to \$168,400 (1988 — \$123,500).

12. INTEREST ON AGENCY LOANS RETURNED TO THE PROVINCE

Effective April 1, 1988 interest earned on Agency loans is being returned to the Province.

13. RECOVERIES FROM THE PROVINCE

The Province reimburses the Corporations for interest expense where the cost of funds exceeds interest charged on a loan, for administration expenses (note 11), for loans written off, for guarantees honoured and for guarantee interest subsidy.

14. CONTINGENT LIABILITIES

- (a) As at March 31, 1989 contingent liabilities arising from guarantees of bank loans and other guarantees amounted to \$236.1 million (1988 — \$156.4 million).
- (b) A legal action claiming damages of \$4 million plus interest, that had been instituted against the Corporations and others by a former shareholder of Minaki Lodge Resort Ltd. and Minaki Development Company Limited was dismissed by the Court. However, the plaintiff has appealed the dismissal.

15. COMMITMENTS

Funds committed but not disbursed as at March 31, 1989 amounted to:

	1989 (\$000's)	1988 (\$000's)
Loans	63,800	73,900
Investments	4,375	945
Research and development projects and other programs	549	574
	<u>68,724</u>	<u>75,419</u>

March 31, 1989

16. OTHER ACTIVITIES ADMINISTERED ON BEHALF OF THE PROVINCE

The Corporations administer, on behalf of the Province, certain loans, repayable grants and investments that are either signed by other ministries or are transfer payments received from the Province which have been disbursed as conditional loans. These activities are not reflected in the combined financial statements. Details are as follows:

	1989 (\$000's)	1988 (\$000's)
Loans and repayable grants		
Balance, beginning of year	226,719	101,602
Add: disbursements	52,845	128,787
interest earned	1,500	370
deferred revenue		2,137
Less: repayments	(8,461)	(282)
forgiveness	(6,029)	(5,895)
written off	(1,570)	
Balance, end of year	<u>265,004</u>	<u>226,719</u>

Investments

In 1982 the Province paid \$75 million in exchange for preferred shares of Massey Ferguson Ltd. In 1986 ODC, acting as agent for the Province, entered into agreements and acquired, as part of a restructuring of Massey Ferguson Ltd., the following equity interests in exchange for the preferred shares:

- Varity Corporation (formerly Massey Ferguson Ltd.) —
750,000 Class II, Series A preferred shares (no quoted market value)
with option to convert these shares into 2.5 million common shares
- Varity Corporation — 2.7 million common shares
(market value at March 31, 1989 — \$3.25/share)
- Massey Combines Corporation — 2.25 million preferred shares (now in receivership)
- Varity Corporation — 4.8 million warrants which were sold in 1988 for \$2.1 million.

17. COMPARATIVE FIGURES

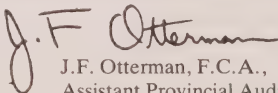

Comparative figures have been reclassified where necessary to conform with the 1989 presentation.

To the Ontario Development Corporation, Northern Ontario Development Corporation, Eastern Ontario Development Corporation, Innovation Ontario Corporation, and to the Minister of Industry, Trade and Technology.

I have examined the combined balance sheet of The Development Corporations consisting of Ontario Development Corporation, Northern Ontario Development Corporation, Eastern Ontario Development Corporation and Innovation Ontario Corporation as at March 31, 1989 and the combined statements of operations and retained earnings for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these combined financial statements present fairly the financial position of The Development Corporations as at March 31, 1989 and the results of their operations for the year then ended in accordance with the accounting policies described in note 1 to the combined financial statements applied on a basis consistent with that of the preceding year.

ONTARIO DEVELOPMENT CORPORATION

Notes to Financial Statements
March 31, 1989

1. SIGNIFICANT ACCOUNTING POLICIES

(a) Loans receivable

Loans are disbursed by the Ontario Development Corporation ("ODC"), Northern Ontario Development Corporation ("NODC") and Eastern Ontario Development Corporation under the Development Corporations Act.

Under the Act, the Corporations are authorized to act as agents for the Province in respect of programs, projects or other matters undertaken for the advancement of industrial or economic development.

In accordance with the Act, all loan agreements have been drawn up between the borrowers and ODC. For financial statement purposes, the loans are shown as receivable from borrowers by each of the disbursing Corporations.

(b) Loans written off

The write off of loans receivable is recovered from the Province by corresponding reductions in advances from the Province. Consequently, no provision is made for doubtful loans not yet written off.

(c) Guarantees honoured

The honouring of guarantees is funded by the Province and therefore, no provision is made on guarantees.

(d) Recoveries of loans written off and guarantees honoured

Any amounts recovered on loans previously written off and on guarantees previously honoured are paid directly to the Province and are not reflected in the Statement of Operations.

(e) Revenue

Interest revenue is recognized as income using the accrual basis of accounting except in the case of agency loans where the receipt of interest is deferred for one year or more. For these loans, revenue is recognized as income on receipt.

(f) Deferred revenue

Interest accrued on loans for which repayment has been deferred (see note 1(e)) is recorded as deferred revenue until such time as interest is actually received.

(g) Fixed assets

Equipment purchases are charged to expense in the year of acquisition, except for the Industrial Parks operations, for which all such amounts are capitalized. Depreciation of these fixed assets is provided for on a straight-line basis, using rates of 5 to 20 per cent per annum for building and improvements, and 20 per cent per annum for equipment.

(h) Administration expenses

These expenses are reflected on a cash basis which is modified to allow an additional thirty days to pay for debts incurred during the fiscal year just ended.

(i) Investments in and advances to subsidiaries

The three wholly-owned subsidiaries of ODC (IDEA Innovation Fund Inc., IDEA Research Investment Fund Inc. and IDEA Information Technology Fund Inc.) have not been consolidated because it is ODC's intention to dispose of the investments held by each of them in an orderly manner. The investments in and advances to and from these subsidiaries are accounted for using the equity method and are therefore recorded at an amount equal to the net book value of the subsidiaries.

	<u>9,608</u>	<u>8,856</u>

ODC provides pension benefits for substantially all its permanent staff through participation in the Public Service Superannuation Fund and Superannuation Adjustment Fund established by the Province of Ontario. ODC's share of contributions to these Funds during the year was \$301,300 (1988 — \$303,500). This amount represents the total obligation of ODC and is included in staff benefits.

ODC had thirteen Members of the Board of Directors on March 31, 1989. Their remuneration for the year amounted to \$63,800 (1988 — \$42,700).

9. INTEREST ON AGENCY LOANS RETURNED TO THE PROVINCE

Effective April 1, 1988, interest earned on Agency loans is being returned to the Province.

10. RECOVERIES FROM THE PROVINCE

The Province reimburses ODC for interest expense where the cost of funds exceeds interest charged on a loan, for administration expenses (note 8), for loans written off, for guarantees honoured and for guarantee interest subsidy.

11. CONTINGENT LIABILITIES

(a) As at March 31, 1989 contingent liabilities arising from guarantees of bank loans and other guarantees amounted to \$173.4 million (1988 — \$104.9 million).

(b) A legal action claiming damages of \$4 million, plus interest, that had been instituted against ODC, NODC and others by a former shareholder of Minaki Lodge Resort Ltd. and Minaki Development Company Limited was dismissed by the Court. However, the plaintiff has appealed the dismissal.

Balance, end of year	<u>249,082</u>	<u>210,961</u>

Investments

In 1982 the Province paid \$75 million in exchange for preferred shares of Massey Ferguson Ltd. In 1986 ODC, acting as an agent for the Province, entered into agreements and acquired, as part of a restructuring of Massey Ferguson Ltd., the following equity interests in exchange for the preferred shares:

- Varity Corporation (formerly Massey Ferguson Ltd.) — 750,000 Class II, Series A preferred shares (no quoted market value) with option to convert these shares into 2.5 million common shares
- Varity Corporation — 2.7 million common shares (market value at March 31, 1989 — \$3.25/share)
- Massey Combines Corporation — 2.25 million preferred shares (now in receivership)
- Varity Corporation — 4.8 million warrants which were sold in 1988 for \$2.1 million.

 Chairman

 Director

To the Eastern Ontario Development Corporation and
to the Minister of Industry, Trade and Technology.

I have examined the balance sheet of the Eastern Ontario Development Corporation as at March 31, 1989 and the statements of operations and retained earnings for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1989 and the results of its operations for the year then ended in accordance with the accounting policies described in note 1 to the financial statements applied on a basis consistent with that of the preceding year.

EASTERN ONTARIO DEVELOPMENT CORPORATION

Notes to Financial Statements

March 31, 1989

1. SIGNIFICANT ACCOUNTING POLICIES

(a) Loans receivable

Loans are disbursed by the Ontario Development Corporation ("ODC"), Northern Ontario Development Corporation and Eastern Ontario Development Corporation ("EODC") under the Development Corporations Act.

Under the Act, the Corporations are authorized to act as agents for the Province in respect of programs, projects or other matters undertaken for the advancement of industrial or economic development.

In accordance with the Act, all loan agreements have been drawn up between the borrowers and ODC. For financial statement purposes, the loans are shown as receivable from borrowers by each of the disbursing Corporations.

(b) Loans written off

The write off of loans receivable is recovered from the Province by corresponding reductions in advances from the Province. Consequently, no provision is made for doubtful loans not yet written off.

(c) Guarantees honoured

The honouring of guarantees is funded by the Province and therefore, no provision is made on guarantees.

(d) Recoveries of loans written off and guarantees honoured

Any amounts recovered on loans previously written off and on guarantees previously honoured are paid directly to the Province and are not reflected in the Statement of Operations.

(e) Revenue

Interest revenue is recognized as income using the accrual basis of accounting except in the case of agency loans where the receipt of interest is deferred for one year or more. For these loans, revenue is recognized as income on receipt.

(f) Deferred revenue

Interest accrued on loans for which repayment has been deferred (see note 1(e)) is recorded as deferred revenue until such time as interest is actually received.

(g) Fixed assets

Equipment purchases are charged to expense in the year of acquisition.

(h) Administration expenses

These expenses are reflected on a cash basis which is modified to allow an additional thirty days to pay for debts incurred during the fiscal year just ended.

2. LOANS RECEIVABLE

	1989 (\$000's)	1988 (\$000's)
Term	39,275	41,358
Agency	6,087	4,672
	<u>45,362</u>	<u>46,030</u>

Agency loans represent loans approved and funded through programs of other provincial ministries and agencies, but the agreements are signed and administered on their behalf by ODC.

Supplies and equipment	12	18
	<u>808</u>	<u>731</u>

EODC provides pension benefits for substantially all its permanent staff through participation in the Public Service Superannuation Fund and Superannuation Adjustment Fund established by the Province of Ontario. EODC's share of contributions to these Funds during the year was \$30,400 (1988 — \$30,700). This amount represents the total obligation of EODC and is included in staff benefits.

EODC had ten Members of the Board of Directors on March 31, 1989. Their remuneration for the year amounted to \$31,000 (1988 — \$19,200).

4. INTEREST ON AGENCY LOANS RETURNED TO THE PROVINCE

Effective April 1, 1988 interest earned on Agency loans is being returned to the Province.

5. RECOVERIES FROM THE PROVINCE

The Province reimburses EODC for interest expense where the cost of funds exceeds interest charged on a loan, for administration expenses (note 3), for loans written off, for guarantees honoured and for guarantee interest subsidy.

6. CONTINGENT LIABILITIES

As at March 31, 1989 contingent liabilities arising from guarantees of bank loans and other guarantees amounted to \$24.5 million (1988 — \$22.2 million).

7. COMMITMENTS

Loans committed but not disbursed as at March 31, 1989 amounted to \$12.1 million (1988 — \$13.3 million).

8. OTHER ACTIVITIES ADMINISTERED ON BEHALF OF THE PROVINCE

Transfer payments received from the Province which have been disbursed as non-interest bearing conditional loans are not reflected in the financial statements. Details are as follows:

Notes to Financial Statements
March 31, 1989

1. OPERATIONS OF THE CORPORATION

Innovation Ontario Corporation was incorporated by regulation under the Development Corporations Act on June 26, 1986. The Corporation was created to stimulate economic development and provide financial support and management assistance for high risk start-ups in new technology-based industries in Ontario. The capital assistance provided by the Corporation is through equity or debt investments, or through the funding of research and development projects and other activities related to the high technology field.

2. SIGNIFICANT ACCOUNTING POLICIES

(a) Investments

Investments are recorded at cost less a provision for loss to reflect a permanent impairment in the value of the investment portfolio. The provision is determined by management based upon their best estimates from the most current information available to them. Due to the nature of the investments, there is no quoted market value and the carrying value may not be equal to the realizable value.

(b) Research and development projects

Research and development projects are charged to operations.

(c) Deferred revenue

Interest accrued on debt investments for which repayment has been deferred is recorded as deferred revenue until such time as interest is actually received.

(d) Fixed assets

Equipment purchases are charged to expense in the year of acquisition.

(e) Administration expenses

These expenses are reflected on a cash basis which is modified to allow for an additional thirty days to pay for debts incurred during the fiscal year just ended.

The Corporation has entered into agreements, with other investee shareholders, which specify the rights and conditions of each shareholder regarding the disposition of their shares. A provision of \$1,115,000 (1988-\$450,000) was established at March 31, 1989 which, in management's opinion, is necessary to reflect a permanent impairment in the value of the investment portfolio.

4. CONTRIBUTED CAPITAL

Details of transactions related to contributed capital from the Province are as follows:

	1989 (\$000's)	1988 (\$000's)
Balance, beginning of year	7,531	727
Transfer payments received from the Province to fund:		
— Equity and debt investments	6,760	5,936
— Research and development projects	1,115	868
Balance, end of year	15,406	7,531

5. RESEARCH AND DEVELOPMENT PROJECTS

In return for funding research and development projects, the Corporation obtains the rights to receive royalties from sales derived from the commercialization of any technology arising therefrom. To March 31, 1989 royalty income of \$17,000 (1988 - \$9,000) had been earned on projects funded by the Corporation totalling \$2.34 million (1988 - \$1.23 million). For certain projects, the Corporation will receive either the right of first refusal to commercialize any technology produced or the right to information relating to the technologies.

6. COMMERCIAL DEVELOPMENT OFFICER ("CDO") PROGRAM

On June 30, 1986, the Corporation assumed responsibility for the administration of the CDO Program funded by IDEA Research Investment Fund Inc., a wholly-owned subsidiary of Ontario Development Corporation. This program, which was terminated on January 31, 1989, assisted Ontario universities in:

- i) the potential commercialization of commercially significant technology by funding the employment of a professional staff member dedicated to the identification of these technologies;
- ii) early commercial investigations of their research projects.

To March 31, 1989, \$844,000 had been provided to Ontario universities by the Corporation.

8. ADMINISTRATION

The cost of administration is funded by the Province through the Ministry of Industry, Trade and Technology. Details are as follows:

	1989 (\$000's)	1988 (\$000's)
Salaries and staff benefits	1,142	994
Transportation and communication	132	114
Services	437	501
Supplies and equipment	95	318
	<u>1,806</u>	<u>1,927</u>

The Corporation provides pension benefits for substantially all its permanent employees through participation in the Public Service Superannuation Fund and Superannuation Adjustment Fund established by the Province of Ontario. The Corporation's share of contributions to these Funds during the year was \$55,747 (1988 — \$42,624). This amount represents the total obligation of the Corporation and is included in staff benefits.

The Corporation had eleven Members of the Board of Directors on March 31, 1989. Their remuneration for the year amounted to \$26,300 (1988 — \$25,000).

9. RECOVERIES FROM THE PROVINCE

The following costs were reimbursed by the Province through the Ministry of Industry, Trade and Technology:

On behalf of the Commission:

Chairman

Member

To the Farm Income Stabilization Commission of Ontario and
to the Minister of Agriculture and Food.

I have examined the balance sheet of the Farm Income Stabilization Commission of Ontario as at March 31, 1989 and the statement of receipts and disbursements for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Commission as at March 31, 1989 and its receipts and disbursements in accordance with the accounting policies described in note 1 to the financial statements applied on a basis consistent with that of the preceding year.

FARM INCOME STABILIZATION COMMISSION OF ONTARIO

Notes to Financial Statements—Concluded
as at March 31, 1989

3. FARM INCOME STABILIZATION PLANS

Farm income stabilization plans are established by regulations under the Farm Income Stabilization Act and exist for the following commodities: grain (corn, soybeans, white beans, winter wheat, barley, oats, canola), fresh market potatoes and apples. These voluntary plans are designed to stabilize the income of Ontario farmers in periods of low market prices. Federal stabilization support payments are made for the difference between the current market price and 90 per cent of the five-year average market price as adjusted for changes in cash costs of production. On the same basis, provincial plans support prices between 90 and 95 per cent of the five year average price. However, in the 1987 sales year, the Federal stabilization support payments for grain were set at 100 per cent of the previous five year average market prices, adjusted for changes in cash costs of production. Thus, the provincial grain plan did not need to make support payments for the 1987 sales year.

Farmers' enrollment fees are normally collected in advance and are set at a level sufficient to cover approximately one-third of the stabilization support payments in accordance with the provisions of section 6(3) of the Farm Income Stabilization Act. The Province of Ontario provides the other two-thirds.

Stabilization payments are made from the Province's subsidies and the farmers' enrollment fees, with the split being two-thirds and one-third respectively. For the grain plans, rather than paying out the farmers' one-third share and requesting payment for the following year's enrollment fees, the Commission retains the farmers' share and applies it against next year's fees.

In the Statement of Receipts and Disbursements, the farmers' enrollment fees for the grain plan does not include the farmers' share of enrollment fees retained by the Commission which is applied against the next year's fees. The disbursements do not include the farmers' one-third coverage of the support price. The amount for the 1989 fiscal year is approximately \$3.8 million.

Commencing with the 1988 fiscal year, advance stabilization payments were not allocated to specific plans. Previously, advanced payments were recorded as stabilization payments under the applicable plan. The advance payments credit in the 1989 fiscal year is a reduction of the year's stabilization payments from advance stabilization payments made in the 1988 fiscal year.

The grain plan for the 1985-1987 sales years ended in the year thus eliminating the need to retain the farmers' share of fees to apply against the next year's fees. This resulted in refunds of farmers' fees including interest income.

4. REMUNERATION OF APPOINTEES

Total remuneration of the members of the Commission was \$1,751 during the 1989 fiscal year.

LIQUOR CONTROL BOARD OF ONTARIO

Notes to Financial Statements
March 31, 1989

1. SIGNIFICANT ACCOUNTING POLICY

The Board's financial statements are prepared in accordance with generally accepted accounting principles except for fixed assets which are written off to operations at the time of acquisition.

2. INSURANCE

The Board follows the policy of self-insuring its store assets for property damage such as fire, water, vandalism or theft. All other material assets are insured by insurance companies.

3. LEASE COMMITMENTS

The Board is committed under operating leases on leased premises with future minimum rental payments due as follows:

	(\$000)
1990	18,973
1991	16,887
1992	14,820
1993	11,806
1994	8,758
Thereafter	22,401
	<u>93,645</u>

4. PENSION PLAN

The Board provides pension benefits for substantially all its permanent employees through participation in the Public Service Superannuation Fund and the Superannuation Adjustment Fund established by the Province of Ontario. The Board's share of contributions to these funds during the year was \$7,905,895 (1988 — \$7,604,963). This amount represents the total obligation of the Board.

5. COMPARATIVE FIGURES

Comparative figures have been reclassified where necessary to conform with the 1989 presentation.

THE NIAGARA PARKS COMMISSION

Notes to Financial Statements
for the year ended October 31, 1988

1. SIGNIFICANT ACCOUNTING POLICIES

- (a) Basis of accounting
The financial statements have been prepared in accordance with generally accepted accounting principles.
- (b) Inventories
Inventories of saleable merchandise are valued at the lower of cost (first-in, first-out) and net realizable value.
- (c) Fixed assets
All fixed assets are recorded at cost. Depreciation has been recorded on the straight-line method, using rates from 2 to 20 per cent for buildings, roadways and structures, from 10 to 50 per cent for equipment and furnishings and from 8 to 50 per cent for vehicles.

2. CAPITAL PROGRAM

The Commission has approved the following major capital projects for Queen Victoria Park to be completed during the next two years.

	\$
Princess Elizabeth Building Replacement and Maid of the Mist Elevators	9,450,000
Table Rock House Redevelopment	6,000,000
Service Centre Relocation	4,550,000
	<u>20,000,000</u>

Initial work has commenced and as at October 31, 1988, \$944,660 has been expended on the projects. The Commission has earmarked \$8,903,768 which has been invested for the eventual use toward this capital program. The funds are invested in short-term Government of Canada Treasury Bills and Bankers' Acceptances. The funds are carried at cost which approximates market value.

3. FIXED ASSETS

4. COMPARATIVE FIGURES

The 1987 comparative figures have been restated to conform with the current year's presentation.

5. PENSION PLAN

The Commission provides pension benefits for substantially all its permanent employees through participation in the Public Service Superannuation Fund established by the Province of Ontario. The Commission's share of contributions to the Fund during the year was \$567,827 (1987 — \$525,581). This amount represents the total obligation of the Commission and is included in various categories in the statement of operations.

6. NATURE OF BUSINESS

The Commission is a highly seasonal operation with the peak season being during the months of May to October. During the off-season months of November, 1988 to April, 1989 the Commission will require approximately \$9,100,000 to meet ongoing operation needs. This amount will be funded from temporary investments. Pursuant to section 15(2) of the Niagara Parks Act any surplus moneys shall, on the order of the Lieutenant Governor in Council, be paid to the Treasurer of Ontario and shall form part of the Consolidated Revenue Fund.

7. REMUNERATION OF APPOINTEES

The total remuneration of the members of the Commission was \$43,234 during the year.

AUDITORS' REPORT

To the Board of Directors of the Ontario Centre for Advanced Manufacturing and the Honourable Minister of Industry, Trade and Technology of the Province of Ontario

We have examined the financial position of the Ontario Centre for Advanced Manufacturing as at March 31, 1989 and the statements of operations, reserve for capital assets and changes in financial resources for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the corporation as at March 31, 1989 and the results of its operations and the changes in its financial resources for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Explanatory Financial Notes

1. SIGNIFICANT ACCOUNTING POLICIES

This summary of the major accounting policies of the corporation is presented in order to assist the reader in evaluating the financial statements contained herein. These policies have been followed in all material respects for the periods covered:

(A) Interest Income

Interest income earned on cash on deposit is recorded on the accrual basis whereby income earned but not received at March 31 is recorded in these financial statements.

This interest income is applied to reduce the annual operating expense allocation from the Province of Ontario during the year.

(B) Investment in Fixed Assets

The acquisition costs of major additions and improvements are capitalized and expenditures for maintenance and repairs which do not improve or extend the useful life of the respective assets are charged to income.

At the time of disposal or retirement of fixed assets, the cost of the asset and related accumulated depreciation are removed from the accounts and the resulting gain or loss is reflected in 'depreciation expense' in the statement of operations.

Equipment and furniture and fixtures are depreciated by the straight-line method at rates calculated to amortize the cost of the assets, less salvage value, over their estimated useful lives. Leasehold improvements are amortized by the straight-line method over the terms of the respective leases.

Explanatory Financial Notes — Continued
year ended March 31, 1989

1. SIGNIFICANT ACCOUNTING POLICIES — (Continued)

(C) Recognition of Income

Income and expenditures are recognized and recorded in these financial statements utilizing the accrual method whereby income is recorded when earned and expenditures are recorded when incurred. Revenue received which is unearned is shown as deferred revenue in the statement of financial position.

(D) Contributions from the Province of Ontario

The centre receives funds quarterly in advance for operating and capital purposes from the Province of Ontario.

The operating funds offset current net operating expenditures and accordingly are presented in the statement of operations. The capital funds which relate to the acquisition, net of capital disposals, of high technology equipment and other capital items are presented in the statement of reserve for capital assets and recognized as income as the depreciation on the related assets is charged against operations.

(E) Contributions from the Government of Canada

During fiscal 1985, the Corporation entered into an agreement with the Department of Regional and Industrial Expansion (DRIE) of the Federal Government to jointly fund along with the Province of Ontario the Corporation's centre located in Windsor, Ontario. This agreement was concluded in February, 1989.

Operating funds relating to operating expenditures are treated as a service contract and are presented in 'Consulting revenue' in the Statement of Operations. Capital funds are included in the Statement of Reserve for capital assets.

(F) Work in Process

Inventory of work in process represents consultants' time and other project costs on client projects at estimated net realizable value.

(G) Pension Plan

Employees become members of the Corporation pension plan after completing one year of continuous service at which time employer contributions are made retroactive to date of commencement of employment.

The Centre accrues pension costs for employees from the date of their employment regardless of whether or not they have vested with the employee at the year end.

2. BASIS OF OPERATIONS

Effective November 17, 1982, the Ontario Centre for Advanced Manufacturing was established as a Schedule II Crown Agency without share capital by an Act of the Ontario Legislature. The approved operating period was originally designated for the five years ended November 15, 1987. The minister has extended the operating period to December, 1989.

The objective of the Corporation is to accelerate the utilization of advanced manufacturing technology through programs promoting both awareness and applications and to encourage the growth of supportive advanced manufacturing industries in order to improve the productivity and competitiveness of Ontario industry and commerce.

Subsequently, in a letter dated January 31, 1988, from the Ministry of Industry, Trade and Technology, the corporation was advised of a decision by the Government of Ontario to privatize the Corporation.

Pursuant to that directive, the Corporation has undertaken to restructure operations and arrange the transfer to the private sector. Staff has been reduced, assets have been disposed of and the Rexdale, Windsor and Peterborough offices have been closed. The activities of the centre have been refocused to prepare the centre for eventual privatization. One time restructuring costs are identified separately on the financial statements.

3. COMMITMENT AND CONTINGENT LIABILITIES

(A) The Corporation has entered into net-net lease arrangement for its Cambridge location which expires March, 1991, for an annual lease payment of approximately \$135,000. A substantial portion of the leased premises has been subleased under agreement which also expires March 31, 1991.

(B) Two legal actions have been commenced against the Corporation and the Corporation is defending against these claims.

While the outcome of these claims totalling approximately \$50,000 cannot be determined, management is of the opinion that the outcome of these actions will not have a material adverse effect on the corporation's financial position. Any amounts awarded as a result of these actions will be treated as prior period adjustments.

AUDITORS' REPORT

To The Ontario Centre for Automotive Parts Technology
and the Ministry of Industry and Trade of the Province of Ontario.

We have examined the balance sheet of the Ontario Centre for Automotive Parts Technology as at February 28, 1989 and reserve for capital assets and the statement of operations for the period then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Centre as at February 28, 1989 and the results of its operations for the period then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

STATEMENT 4

Notes to Financial Statements
for the eleven months ended February 28, 1989

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following summary of significant accounting policies of the Centre is presented in order to assist the reader in understanding the financial statements.

i) General

The Centre follows generally accepted accounting principles in the preparation of its financial statements which were applied on a basis consistent with the preceding year.

ii) Depreciation

It is the policy of the Centre to provide depreciation on the straight line basis on the fixed assets at the rate of 20% per annum.

iii) Contribution from the Province of Ontario

The contributions from the Province of Ontario were made without reference to source or type of expenditure. The capital expenditures amount is deducted from the total provincial contribution and the balance is designated for operations.

Contributions for capital assets are credited to reserve for capital assets and recognized as income as the depreciation and amortization of the related assets are charged to operations.

3. FIXED ASSETS

On February 28, 1989 the majority of the furniture and equipment was sold to OCAPT Inc., a private corporation for \$44,444. The assets were removed from the reserve for capital assets at the net book value of \$74,280. The excess furniture and equipment was returned to the Ministry of Industry, Trade and Technology and was credited to the reserve for capital assets at net book value of \$22,281.

for the eleven months ended February 28, 1989

4. CESSATION OF OPERATIONS

Effective February 28, 1989 the Centre ceased operating and all contracts outstanding were assumed by OCAPT Inc., a private corporation under a sale agreement.

5. SALE AGREEMENT

The purchase and sale between OCAPT Inc., a private corporation and the Ministry of Industry, Trade & Technology, a crown corporation, is effective February 28, 1989. The sale agreement provides for a transfer of cash from the Centre's account to the Trust account so that together with the accounts receivable minus the accounts payable the total shall not exceed \$232,000. This, together with the \$400,000 transferred February 28, 1989 will make up the agreed total of \$632,000 of the Trust. Any cash in excess of this amount in the Centre's account will be returned to the Treasurer of Ontario.

ONTARIO CENTRE FOR FARM MACHINERY AND FOOD PROCESSING TECHNOLOGY

Notes to Financial Statements
for the year ended March 31, 1989

1. SIGNIFICANT ACCOUNTING POLICIES:

- (a) Fixed assets are recorded at cost and depreciated over their estimated useful lives on the straight line basis at the following annual rates:

Buildings	5%
Furniture and Fixtures	20%
Equipment	20%
Vehicles	30%

Leasehold improvements are amortized by the straight line method over the terms of the lease.

- (b) Contributions from the Province of Ontario:

Contributions allocated to capital expenditures are deducted from total provincial contributions and the balance is designated for operations.

Contributions for operations are recognized as revenue in the period in which they are committed by the Province. Interest revenue on temporary investment of surplus cash is applied to reduce the annual operating contribution from the Province of Ontario during the year.

Contributions for capital assets are credited to reserve for capital assets and recognized as income as depreciation of the related assets is charged to operations.

- (c) Work in progress is valued at the lower of cost or net realizable value.

2. CONTRIBUTIONS FROM THE PROVINCE OF ONTARIO:

The extraordinary item consists of costs related to the closure of the Centre.

Severance packages	\$704,104
Lease cancellation	91,932
Insurance costs	34,944
	<u>\$830,980</u>

4. CLOSURE OF THE CENTRE:

In January 1989, the Government of Ontario decided to wind down the operations of the Ontario Centre for Farm Machinery and Food Processing Technology by March 31, 1989, the end of the Centre's authorized operating period.

All assets of the Centre were transferred to the Government of Ontario on March 31, 1989 as directed by the Minister responsible for the Administration of the Technology Centres Act, 1982.

The assets and liabilities transferred at March 31, 1989 included the following:

Working Capital:

Auditors' Report

To The Ontario Centre for Farm Machinery and Food Processing Technology and
the Ministries of Industry, Trade and Technology and Agriculture and Food of the Province of Ontario.

We have examined the balance sheet of the Ontario Centre for Farm Machinery and Food Processing Technology as at March 31, 1989 and the statements of reserve for capital assets, operations, expenditures and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Centre as at March 31, 1989 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

To the Ontario Centre for Microelectronics and the
Minister of Industry, Trade and Technology of the Province of Ontario:

We have examined the balance sheet of the Ontario Centre for Microelectronics as at March 31, 1989 and the statements of operations, reserve for fixed assets and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances, except as explained in the following paragraph.

Included in the financial statements are accounts receivable totalling \$175,000 which we were unable to confirm or verify by alternate means. Accordingly, we were not able to determine whether any adjustments might be necessary to accounts receivable, bad debts (recovery), excess of expense over revenue for the year and contribution from the Province of Ontario.

In our opinion, except for the effect of adjustments, if any, which we may have determined to be necessary had we been able to satisfy ourselves with respect to the balance of accounts receivable described in the preceding paragraph, these financial statements present fairly the financial position of the Centre as at March 31, 1989 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Notes to the Financial Statements
March 31, 1989

The preparation of the accompanying financial statements is the responsibility of management. This responsibility includes the selection of appropriate accounting policies and the exercise of careful judgement in establishing reasonable and accurate estimates in accordance with accounting principles generally accepted in Canada applied on a consistent basis and as appropriate in the circumstances.

To assist management in discharging its responsibilities, the Centre developed and maintained an effective system of internal control which was designed to provide reasonable assurance that its assets were safeguarded from loss, that transactions were executed in accordance with management's authorization and that the financial records are reliable for preparing accurate and timely financial information.

1. SIGNIFICANT ACCOUNTING POLICIES

(a) Fixed Assets

Fixed assets were stated at cost. Equipment and furniture were depreciated by the straight-line method at the rate of 20% per year, calculated to amortize the cost of the assets, less salvage value, over their estimated useful lives. Leasehold improvements were amortized by the straight-line method over the term of the lease. Furthermore, fixed assets were reduced to their estimated net realizable value upon cessation of active operations.

(b) Contributions from the Province of Ontario

Contributions were made without reference to source or type of expenditure. The allocation shown in the financial statements is based on the fixed assets expenditures and the balance is designated for operations.

Contributions for fixed assets were credited to the reserve for fixed assets and recognized as income as the depreciation on the related assets was charged against operations.

Contributions for operations were recognized as revenue in the period in which they were committed by the Province. The excess of contributions received from the Province over net expenses is accounted for as a liability to the Province.

(c) Revenue Recognition

Contract revenue was recognized on a percentage-of-completion basis, whether it was billed or unbilled, in order to match revenue earned with expenses incurred.

(d) Contracts in progress

Contracts in progress represented the net realizable value of all unbilled customer work determined as a percentage of the total contract amounts.

Depreciation and amortization for the year totalled \$305,573 (1988 — \$824,916).

The Centre's premises were occupied under a lease which expired March 31, 1989.

4. SUBCONTRACTING AGREEMENT

Effective September 27, 1988, the Centre entered into a subcontracting agreement with O.C.M. Technology Inc. The agreement was for the period ended March 31, 1989 and provided for the completion of five existing technical contracts at a cost of \$470,000. The agreement also provided for the use of the Centre's facilities and certain equipment to enable the subcontractor to complete the work. As at March 31, 1989, one contract had not yet been completed. While the Centre has made arrangements with the subcontractor to complete the work, should the subcontractor be unable to satisfactorily fulfill the contract, the Centre would be obligated to ensure its completion. Management is of the opinion that the subcontractor will satisfactorily complete the technical contract and therefore release the Centre from further financial or other obligations.

5. EXTRAORDINARY ITEM

In accordance with the directive from the Ministry of Industry, Trade and Technology, the Centre has completed privatization and wind-up of operations. As at March 31, 1989 the Centre has disposed of its fixed assets which resulted in a loss on disposal. Furthermore, the Centre has provided certain severance payments to its employees.

These costs were not part of the normal business operations of the Centre but were directly related to the wind-up of the Centre's operations.

A summary of the costs are as follows:

	\$
Loss on disposal of fixed assets	725,454
Severance	<u>411,448</u>
	<u>1,136,902</u>

6. CESSATION OF OPERATIONS

The affairs of the Centre were terminated effective March 31, 1989 and all the assets, rights, obligations and liabilities of the Centre were transferred to Her Majesty the Queen in right of the Province of Ontario.

7. COMPARATIVE AMOUNTS

In certain instances March 31, 1988 comparative amounts have been restated to conform with the financial statement presentation adopted for the current year.

AUDITORS' REPORT

To The Honourable Minister of Industry, Trade and Technology of the Province of Ontario and the Board of Directors of the Ontario Centre for Resource Machinery Technology

We have examined the balance sheet of the Ontario Centre for Resource Machinery Technology as at March 31, 1989 and the statements of revenue and expenditure, equity and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Centre as at March 31, 1989 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- (a) Contributions from the Province of Ontario
- Contributions for operations are recognized as revenue in the year in which they are committed by the Province.
- Contributions for capital assets are credited to equity in fixed assets. The equity is reduced by the depreciation for the year and is transferred to operations.
- Contributions for the investment program are credited to the equity in investment fund.
- (b) Long-term Investments
- Long-term investments are valued at cost less allowances for decline in value. Income from investments is recorded on the cash basis in the statement of revenue and expenditure. Any gains or losses on disposal and allowances for decline in the value of investments are recorded in the statement of investment equity in the year in which they occur.
- (c) Research and Development
- Expenditures for research and development projects are charged to the reserve for research and development in the year in which they are incurred.
- (d) Fixed Assets
- Fixed assets are recorded at cost. Depreciation is provided on a straight-line basis at the following annual rates:
- | | |
|------------------------|-----|
| Leasehold improvements | 20% |
| Office equipment | 20% |
| Office furniture | 20% |

ONTARIO CENTRE FOR RESOURCE MACHINERY TECHNOLOGY

Notes to Financial Statements — Concluded
March 31, 1989

1. CONTINUING OPERATIONS

The Centre was established by the Government of the Province of Ontario pursuant to the provisions of the Technology Centres Act, 1982, to promote and enhance the application of current technology for a five year period expiring in 1987 (subsequently extended to March 31, 1989).

These financial statements have been prepared on the going concern basis, which assumes the Centre will continue to operate throughout its next fiscal period subsequent to March 31, 1989 as a going concern.

The application of the going concern concept is dependent on the Centre's continued financial and directional support from the Province of Ontario. As of April 24, 1989, the Centre has not received any formal indication from the Province as to its intentions and is continuing operations.

Auditors' Report

To the Shareholder of Ontario Energy Corporation

We have examined the consolidated balance sheet of Ontario Energy Corporation as at December 31, 1988 and the consolidated statements of loss and deficit and of changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these consolidated financial statements present fairly the financial position of the Corporation as at December 31, 1988 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Notes to the Consolidated Financial Statements
December 31, 1988

1. SIGNIFICANT ACCOUNTING POLICIES

The Ontario Energy Corporation has invested in, or otherwise participated in, energy projects with a view to enhancing the availability of energy in Ontario. It has determined to seek prudent disposal of its investments.

These financial statements have been prepared in accordance with generally accepted accounting principles and reflect the following policies:

Basis of financial statement presentation

The consolidated financial statements include the accounts of Ontario Energy Corporation and its subsidiaries.

The investment in Suncor Inc. is accounted for using the equity method.

Income taxes

The Corporation and its wholly-owned direct subsidiaries and their wholly-owned direct subsidiaries are not subject to income tax so long as not less than 90 per cent of the outstanding shares of the Corporation are held directly by the Province of Ontario. All of the Corporation's outstanding shares are presently held by the Province of Ontario. Onexco Oil & Gas Ltd., which is a wholly-owned indirect subsidiary of the Corporation, is subject to income taxes.

2. INVESTMENT IN SUNCOR INC.

The investment in 25% of the common shares of Suncor Inc. is accounted for using the equity method.

Summarized financial information of Suncor Inc., as at December 31 is as follows:

	1988	1987
	(in millions)	
Working capital	\$ 32	\$ 37
Total assets	2,023	2,080

ONTARIO HOUSING CORPORATION

Notes to Financial Statements
December 31, 1988

1. SIGNIFICANT ACCOUNTING POLICIES

The following summarizes the significant accounting policies used in preparing the accompanying financial statements:

- i) The Corporation uses the accrual method of accounting.
- ii) Capital funds provided by the Treasurer of Ontario are not repayable and are therefore recorded as Contributed Surplus. However, to reflect the full costs of operating the projects, relevant amortization charges (principal and interest) are imputed and included in Loss on Assisted Housing. Such amortization is offset by a credit to Recovery of Amortization in the Statement of Operations.
- iii) Land and buildings held as investments in Provincial and Federal-Provincial properties are amortized on a basis equal to the reduction of the corresponding long-term debt. For the provincial portion of such investments, the reduction is made to Contributed Surplus.
- iv) Furniture and equipment purchases are expensed in the year of acquisition.

2. SELF-INSURANCE

The Corporation follows the policy of self-insuring its Provincial and Federal-Provincial properties for property damage such as fire, water and vandalism. Costs of such repairs are charged to property operating expenses.

3. PENSION PLAN

The Corporation provides pension benefits for substantially all permanent crown employees in the local housing authorities through participation in the Public Service Superannuation Fund and Superannuation Adjustment Fund established by the Province of Ontario. The Corporation's share of contributions to these funds during the year was \$3.6 million (1987 — \$3.6 million). This amount represents the total obligation of the Corporation and is included in Housing operations — Assisted housing and Rent supplement expenditures in the Statement of Operations.

4. ADMINISTRATIVE SUPPORT SERVICES

The Ministry of Housing provides administrative support services to the Corporation. The charge for these services is based on the estimated time spent by Ministry staff on the Corporation's activities. The administrative support services charge included in Housing operations — Assisted housing and Rent supplement expenditures amounted to \$21.4 million (1987 — \$19.7 million).

5. INVESTMENT IN PROPERTIES

(a) Provincial housing

This investment represents land and building costs of wholly-owned properties which are amortized over periods not exceeding 50 years.

	1988 (\$000's)	1987 (\$000's)

(b) Federal-Provincial housing

Federal-Provincial properties are owned and operated on a partnership basis with Canada Mortgage and Housing Corporation. The balance represents the Corporation's share of land and building costs which are amortized over periods not exceeding 50 years.

	1988 (\$000's)	1987 (\$000's)
Cost	20,753	20,753

(c) Student housing on leased land

This investment represents building costs to provide student accommodation on land leased from 11 universities and colleges. These costs are being repaid semi-annually to the Corporation by the educational institutions over a 50 year period. When costs are fully repaid, title to the properties will be transferred to the respective institutions. The institutions retain the rental revenues and absorb the property operating expenses.

	1988 (\$000's)	1987 (\$000's)

Other	3,244	3,272
	<u>36,382</u>	<u>31,413</u>

7. LONG-TERM DEBT

The Corporation borrows funds from Canada Mortgage and Housing Corporation and the private sector to finance investments in real property. Such borrowings are repaid in accordance with agreement terms over periods not in excess of 50 years.

Interest is payable to Canada Mortgage and Housing Corporation and the private sector at various rates based on individual agreements ranging from 4.25% to 15% — weighted average rate of 8.19%.

Principal repayments are due as follows:

	(\$000's)
1989	9,982
1990	10,722
1991	11,519
1992	12,377
1993	13,301
Subsequent to 1993	1,090,738
	<u>1,148,639</u>

While the Corporation is indebted for capital funds borrowed in respect of investment in Provincial housing projects, the amortization charges (principal and interest) over the life of the projects are considered operating expenses under the cost sharing agreement with Canada Mortgage and Housing Corporation. Under this agreement, Canada Mortgage and Housing Corporation contributes 50% of the amortization charges (principal and interest) and the Corporation absorbs the remaining 50%.

10. ASSISTED HOUSING

Under the assisted housing program, the Corporation owns (either wholly or in partnership with Canada Mortgage and Housing Corporation) rental properties and provides rent-g geared-to-income accommodation to households in need. The management of the properties is carried out through a network of local housing authorities who act as agents of the Corporation. The loss on this program is shared with Canada Mortgage and Housing Corporation.

11. RENT SUPPLEMENT

Under the rent supplement programs, the Corporation acquires the use of rental units from the private sector and then provides rent-g geared-to-income accommodation to households in need. The Corporation subsidizes the difference between the rent guaranteed to the landlord and the tenant portion of the rent. The costs for most of these programs are shared with Canada Mortgage and Housing Corporation.

12. PROVINCIAL CONTRIBUTIONS TO MUNICIPAL HOUSING

The Corporation contributed \$19.5 million (1987 — \$17.4 million) to the Metropolitan Toronto Housing Company Limited towards operating costs for senior citizen apartment units.

13. RURAL AND NATIVE HOUSING

This program, administered by Canada Mortgage and Housing Corporation, provides subsidized home ownership to families in rural areas. Mortgage payments are geared to owners' incomes. The expense represents the Corporation's share of the subsidy provided.

14. SOCIAL HOUSING PAYMENTS
ADMINISTRATION EXPENSES

With effect from April 1, 1987, social housing payments and related administration expenses are being paid directly by the Ministry of Housing. As such, the 1987 figures represent payments from January to March, 1987.

15. LOAN GUARANTEE AGREEMENTS

Effective February 25, 1988, the Province of Ontario authorized the Corporation to enter into loan guarantee agreements with lenders approved under the National Housing Act. This program is designed to assist non-profit housing corporations to acquire land for the development of Social Housing projects. The aggregate of all guarantees outstanding at any time is not to exceed \$50 million. As at December 31, 1988, the Corporation was committed to loan guarantees totalling \$25.8 million.

16. LOAN INSURANCE AGREEMENTS

The Corporation has entered into loan insurance agreements with Canada Mortgage and Housing Corporation (CMHC) pertaining to various projects under the Non-Profit Housing Program administered by the Ministry of Housing. Under these agreements, CMHC will provide insurance on mortgage loans made by lenders approved under the National Housing Act for the purpose of purchasing, improving, constructing or altering housing units. While the insurance is provided by CMHC, the Corporation is liable to CMHC for its share of all net costs incurred as a result of loan defaults. As at December 31, 1988, there were no loans in default under these agreements.

17. SUBSEQUENT EVENT

The Corporation has undertaken to borrow long-term funds from Canada Pension Plan Investment Fund in an amount not to exceed \$2.1 billion over a period of 5 years by issuance of debentures. The funds are to be used to provide mortgage financing for new, acquired or leased units under the HOMES NOW and Student Residences Programs.

18. COMPARATIVE FIGURES

Comparative figures have been reclassified where necessary to conform to 1988 presentation.

To the Ontario Housing Corporation and
to the Minister of Housing

I have examined the balance sheet of the Ontario Housing Corporation as at December 31, 1988 and the statement of operations for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at December 31, 1988 and the results of its operations for the year then ended in accordance with the accounting policies described in Note 1 to the financial statements applied on a basis consistent with that of the preceding year.

ONTARIO HYDRO**Summary of Significant Accounting Policies**

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in Canada, applied on a basis consistent with that of the preceding year. The significant accounting policies followed by Ontario Hydro are described below.

Rate setting

Ontario Hydro has broad powers to generate, supply and deliver electric power throughout the Province of Ontario. The Corporation operates under the Power Corporation Act and is subject to provisions of the Ontario Energy Board Act.

Under the provisions of the Power Corporation Act, the price payable by municipal corporations for power is the cost of supplying the power. Such cost is defined in the Act to include the cost of operating and maintaining the system, depreciation, interest, and the amounts appropriated for debt retirement and stabilization of rates and contingencies. The debt retirement appropriation is the amount required under the Act to accumulate on a sinking fund basis over 40 years a sum equal to the debt incurred for the cost of the fixed assets in service. The appropriation for, or withdrawal from, the stabilization of rates and contingencies reserve is an amount established to maintain a sound financial position and to stabilize the effect of cost fluctuations.

Under the provisions of the Ontario Energy Board Act, a public hearing before the Ontario Energy Board is required in respect of any changes in electricity rates proposed by Ontario Hydro which affect its municipal utilities, direct industrial customers, or, if the Minister of Energy so directs, rural retail customers. The Ontario Energy Board submits its recommendations to the Minister of Energy. After considering the recommendations of the Ontario Energy Board, the Board of Directors of Ontario Hydro, under the authority of the Power Corporation Act, establishes the electricity rates to be charged to customers.

If the Board of Directors specifies an amount related to a certain transaction be included in future electricity rates that, in accordance with the accounting policies summarized below, would be charged or credited to operations in the current year, then this amount is deferred and amortized to future operations on a basis consistent with its inclusion in rates.

Fixed assets

Fixed assets in service include operating facilities and non-operating reserve facilities. Construction in progress includes fixed assets under construction and heavy water held for use in nuclear generating stations under construction.

Fixed assets are capitalized at cost which comprises material, labour, engineering costs, and the costs of training initial operating staff for new facilities as well as overheads, depreciation on service equipment, and interest applicable to capital construction activities. In the case of generation facilities, the cost also includes the net cost of commissioning, and for nuclear generation, the cost of heavy water. The net cost of commissioning is the cost of start-up less the value attributed to energy produced by generation facilities during their commissioning period. The cost of heavy water comprises the direct cost of production and applicable overheads, as well as interest and depreciation on the heavy water production facilities and the estimated removal costs of these facilities. For multi-unit facilities, a proportionate share of the cost of common facilities is placed in service with each major operating unit. Leases which transfer the benefits and risks of ownership of assets to Ontario Hydro are capitalized.

Interest is capitalized on construction in progress at rates (1988 — 10.8 per cent, 1987 — 11.4 per cent) which approximate the average cost of long-term funds borrowed in the years in which expenditures have been made for fixed assets under construction. If the construction period of a project is extended and the construction activities are continued, interest is capitalized during the period of extension provided that the project has a reasonable expectation of being completed.

If a project is cancelled or deferred indefinitely with a low probability of construction being resumed, all costs including the costs of cancellation are written off to operations.

If fixed assets are removed from operations and mothballed for future use, termed non-operating reserve facilities, the costs of mothballing are charged to operations.

Depreciation

The capital costs of fixed assets in service are depreciated on a straight-line basis. Depreciation rates for the various classes of assets are based on their estimated service lives. Major components of generating stations are depreciated over the lesser of the service life expectancy of the component or the remaining service life of the associated generating station.

ONTARIO HYDRO

The estimated service lives of assets in the major classes are:

Generating stations – hydraulic	– 65 to 100 years
– fossil	– 30 to 35 years
– nuclear	– 40 years
Heavy water	– over the period ending in the year 2040
Transmission and distribution facilities	– 20 to 55 years
Heavy water production facilities	– 20 years
Administration and service facilities	– 5 to 65 years

In accordance with group depreciation practices, for normal retirements the cost of fixed assets retired is charged to accumulated depreciation with no gain or loss being reflected in operations. However, gains and losses on sales of fixed assets, and losses on premature retirements are charged to operations in the year incurred as adjustments to depreciation expense.

When the costs of removal less residual value, termed removal costs, on retirements of fixed assets can be reasonably estimated and are significant, provisions for these costs, except for those related to heavy water production facilities, are charged to depreciation expense on an annuity basis over the remaining service life of the related fixed assets. For heavy water production facilities, provisions for removal costs are charged to heavy water production costs on a straight-line basis over the remaining service life of the related facilities. Other removal costs are charged to depreciation expense as incurred. Removal costs include the estimated costs of decommissioning nuclear and fossil stations and heavy water production facilities, and the estimated costs of removing certain nuclear reactor fuel channels.

The estimated service lives of fixed assets and the significant assumptions underlying the estimates of fixed asset removal costs are subject to periodic review. Any changes arising out of such a review are implemented on a remaining service life basis from the year the changes can be first reflected in electricity rates.

Non-operating reserve facilities are amortized so that any estimated loss in value is charged to depreciation expense on a straight-line basis over their expected non-operating period.

Unamortized advances for fuel supplies

As part of its program to ensure the adequate supply of fuels for its generating stations, Ontario Hydro has entered into long-term fuel supply contracts. Where these contracts require Ontario Hydro to make payments for pre-production costs to suppliers in advance of the fuel delivery, these payments and associated costs, including interest, are carried in the accounts as unamortized advances for fuel supplies. The advances are amortized to fuel inventory as the fuels are delivered.

Fuel for electric generation

Fuel used for electric generation comprises the average inventory costs of fuel consumed, charges for commissioning energy produced, and provisions for disposal of nuclear fuel irradiated during the period. The inventory cost of fuel consumed comprises fuel purchases, transportation and handling costs, and the amortization of advances for fuel supplies. Transportation costs include charges for interest and depreciation on railway equipment owned by Ontario Hydro. The charges for commissioning energy produced during the period represent the incremental operating and fuel costs of producing the same quantity of energy at generating units displaced because of the commissioning activity. The costs for disposal of nuclear fuel irradiated in each period are charged to operations based on estimated future expenditures and interest accumulating to the estimated date of disposal. Estimates of expenditures, interest and escalation rates, and the date of disposal are subject to periodic review. Adjustments resulting from changes in estimates are charged to operations on an annuity basis over the period from the year the changes can be first reflected in electricity rates to the estimated in-service date of the disposal facility.

Foreign currency translation

Current monetary assets and liabilities in foreign currencies are translated to Canadian currency at year-end rates of exchange and the resultant exchange gains or losses are credited or charged to operations. Long-term debt payable in foreign currencies is translated to Canadian currency at year-end rates of exchange. Resulting unrealized exchange gains or losses are deferred and included in unamortized debt costs, and are amortized to operations on an annuity basis over the remaining life of the related debt.

Foreign exchange gains or losses on hedges of long-term debt payable in foreign currencies are deferred and included in unamortized debt costs. The deferred gains or losses related to principal payments are amortized to operations on an annuity basis over the remaining period through to the year in which the hedged principal payments are due. The deferred gains or losses related to interest payments are credited or charged to operations in the year in which the hedged interest payments are due.

ONTARIO HYDRO

Foreign exchange gains or losses on early redemption of long-term debt are deferred and included in unamortized debt costs if the exposure in the foreign currency related to the redeemed debt is not reduced as a result of the refinancing of the redeemed debt in the same currency. These deferred gains or losses are amortized on an annuity basis over the period to the original maturity date of the redeemed debt. If the foreign currency exposure is reduced as a result of the early redemption of debt, the resulting foreign exchange gains or losses related to the redeemed debt are credited or charged to operations.

Unamortized debt costs

Unamortized debt costs include the unamortized amounts related to unrealized foreign exchange gains or losses resulting from the translation of foreign currency long-term debt, foreign exchange gains or losses on hedges, foreign exchange gains or losses on the early redemption of long-term debt, discounts or premiums arising from the issuance of debt or the acquisition of debt prior to maturity, and discounts or premiums accrued on foreign currency hedges.

Debt discounts or premiums arising from the issuance of debt are amortized over the period to maturity of the debt. Discounts or premiums on debt acquired prior to the date of maturity are amortized over the period from the acquisition date to the original maturity date of the debt. Discounts or premiums on foreign currency hedges are credited or charged to operations over the terms of the individual hedges.

Nuclear agreement — Pickering units 1 and 2

Ontario Hydro, Atomic Energy of Canada Limited and the Province of Ontario are parties to a joint undertaking for the construction and operation of units 1 and 2 of Pickering Nuclear Generating Station, with ownership of these units being vested in Ontario Hydro. Contributions to the capital cost by Atomic Energy of Canada Limited and the Province of Ontario amounted to \$258 million and these have been deducted in arriving at the value of fixed assets in service in respect of Pickering units 1 and 2. Ontario Hydro is required to make monthly payments, termed "payback", until the year 2003 to each of the parties in proportion to their capital contributions. Payback represents in a broad sense the net operational advantage of having the power generated by Pickering units 1 and 2 as compared with coal-fired units similar to Lambton units 1 and 2.

During the 1983 through 1988 shutdown period for replacement of pressure tubes in Pickering units 1 and 2, the payback calculations resulted in negative payback amounts. These amounts have been credited against the cost of operations over the shutdown period and the accumulated amounts, plus interest, are included in the accounts as long-term accounts receivable. The accumulated negative payback amounts, plus interest, are to be offset against future positive payback amounts payable over the remaining term of the Agreement to Atomic Energy of Canada Limited and to the Province of Ontario, commencing with the return to operation of the last of the two units in November 1988.

Pension plan

The pension plan is a contributory, defined benefit plan covering all regular employees of Ontario Hydro. Ontario Hydro is responsible for all deficiencies and surpluses in the pension plan.

Pension costs for accounting purposes are actuarially determined based on the assumptions that reflect management's best estimate of the effect of future events on the actuarial present value of accrued pension benefits, and the valuation of pension plan assets using a five-year market value average. Pension plan surpluses and deficiencies are amortized on an annuity basis over the expected average remaining period of service of the employees covered by Ontario Hydro's pension plan.

Research and development

Research and development costs are charged to operations in the year incurred, except for those related directly to the design or construction of a specific capital facility which are capitalized as part of the facility.

Management's Responsibility for Financial Reporting

The accompanying financial statements of Ontario Hydro are the responsibility of management and have been prepared in accordance with accounting principles generally accepted in Canada, applied on a basis consistent with that of the preceding year. The significant accounting policies followed by Ontario Hydro are described in the Summary of Significant Accounting Policies. The preparation of financial statements necessarily involves the use of estimates based on management's judgement, particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods. The financial statements have been properly prepared within reasonable limits of materiality and in light of information available up to March 13, 1989. The information presented elsewhere in the Annual Report is consistent with that in the financial statements.

Management maintains a system of internal controls designed to provide reasonable assurance that the assets are safeguarded and that reliable financial information is available on a timely basis. The system includes formal policies and procedures and an organizational structure that provides for appropriate delegation of authority and segregation of responsibilities. An internal audit function independently evaluates the effectiveness of these internal controls on an ongoing basis and reports its findings to management and to the Audit Committee of the Board of Directors.

The financial statements have been examined by Clarkson Gordon, independent external auditors appointed by the Lieutenant Governor in Council of Ontario. The external auditors' responsibility is to express their opinion on whether the financial statements are fairly presented in accordance with generally accepted accounting principles. The Auditors' Report, which appears below, outlines the scope of their examination and their opinion.

The Board of Directors, through the Audit Committee, is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal controls. The Audit Committee meets periodically with management, the internal auditors and the external auditors to satisfy itself that each group has properly discharged its respective responsibility, and to review the financial statements before recommending approval by the Board of Directors. The external auditors have direct and full access to the Audit Committee, with and without the presence of management, to discuss their audit and their findings as to the integrity of Ontario Hydro's financial reporting and the effectiveness of the system of internal controls.

Auditors' Report**To the Board of Directors of Ontario Hydro:**

We have examined the statement of financial position of Ontario Hydro as at December 31, 1988 and the statements of operations, accumulated debt retirement appropriations, reserve for stabilization of rates and contingencies and source of cash used for investment in fixed assets for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of Ontario Hydro as at December 31, 1988 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Notes to Financial Statements

1. Secondary power and energy

Secondary power and energy revenues include \$153 million (1987 — \$194 million) from sales of electricity to United States utilities.

2. Water rentals

Water rentals are the amounts paid primarily to the Province of Ontario for the use of water for hydraulic generation.

3. Nuclear agreement — payback

In accordance with the Nuclear Agreement which is described in the Summary of Significant Accounting Policies, the negative payback amounts accumulated during the 1983 through 1988 shutdown period for replacement of pressure tubes in Pickering Nuclear Generating Station units 1 and 2 are to be offset against future positive payback amounts payable to Atomic Energy of Canada Limited and the Province of Ontario after the units return to operation. Pickering unit 1 returned to operation in 1987 and unit 2 in 1988. As of December 31, 1988, the accumulated negative payback, plus interest, amounted to \$296 million (1987 — \$279 million) and is included in "long-term accounts receivable and other assets."

Fossil generating stations in service include non-operating reserve facilities. As at December 31, 1988, the capital cost and accumulated depreciation of these non-operating fossil-fuelled facilities amounted to \$387 million and \$313 million, respectively (1987 — \$488 million and \$352 million, respectively). Substantially all of the undepreciated cost of these facilities is related to the one unit (1987 — two units) at the Lennox Generating Station which, based on current forecasts, is expected to return to operation by the early 1990's. In 1988, one unit at Lennox returned to operation.

A major portion of the construction in progress as at December 31, 1988, relates to the construction program for the Darlington Nuclear Generating Station. The costs associated with this construction program, including heavy water, amounted to \$8,209 million as at December 31, 1988 (1987 — \$6,766 million). The four generating units at Darlington are planned to be placed in-service over the period 1989 through 1992 and will provide 3,524 megawatts of dependable capacity. The estimated cost to complete the Darlington construction program is \$3,175 million, including cost escalation and interest of approximately \$1,770 million. Cost escalation and interest are forecast to average 5% and 10% per year, respectively, over the period 1989 to 1992. Because of the uncertainties associated with long construction lead times and planned in-service dates, this estimated cost to complete is subject to change.

In 1988, Ontario Hydro exchanged real estate property at 610 and 620 University Avenue, Toronto, Canada for property at 5000 Yonge Street, North York, Canada owned by the Province of Ontario. In addition, Ontario Hydro paid a cash adjustment of approximately \$17 million to the Province of Ontario, representing the difference between the fair market values of the properties. The transaction was an exchange of like-use assets which were not held for resale in the ordinary course of business. Accordingly, the property at 5000 Yonge Street has been recorded in the accounts of Ontario Hydro at the net book value of the property at 610 and 620 University Avenue plus the cash adjustment, and no gain or loss has been credited or charged to operations.

Unamortized advances for fuel supplies are recovered as fuel is delivered. Over the next five years, the amortization of advances for uranium supplies will be approximately \$33 million for the contract with Rio Algom Limited and approximately \$59 million for Denison Mines Limited.

Ontario Hydro has entered into long-term contracts with Denison Mines Limited and Rio Algom Limited for uranium supplies through to 2012 and 2027, respectively. Ontario Hydro's current forecast of the annual requirements for uranium is approximately 1,300 megagrams for 1989, increasing to approximately 1,700 megagrams by 1994. The uranium inventory as at December 31, 1988 and the contracted deliveries through to the end of 1993 are in balance with the forecasted requirements to the end of 1993. Commencing in 1994 through to 2012, contracted deliveries exceed forecasted requirements of the nuclear generating facilities currently in service and under construction by approximately 1,000 megagrams per year. Ontario Hydro's options for managing the oversupply include resale of the uranium and, under specified conditions, cancellation or renegotiation of the contracts. In the event that a contract is cancelled, the supplier is not required to refund any outstanding advances. At this time, the likelihood of a contract cancellation and the financial implications of pursuing the options are not determinable.

	<u>401</u>	<u>473</u>

Unamortized deferred costs are amounts that the Board of Directors, under its rate setting authority, has determined be deferred and amortized for recovery through electricity rates on a straight-line basis over a specified period of years. The nature of these costs are described below.

Bruce Heavy Water Plant "D" is an indefinitely deferred project with a low probability of construction being resumed. The capital cost of this project and the unamortized deferred costs associated with the cancelled Wesleyville Generating Station project are being amortized over the period 1984 through 1993. Accordingly, \$40 million was charged to depreciation in 1988.

Under the terms of the settlement reached by Ontario Hydro and Petrosar Limited in 1987 with respect to a fuel oil contract, Ontario Hydro paid \$150 million to Petrosar Limited and the parties released each other from all obligations and claims related to the contract. The net cost of this settlement is being amortized over the period 1988 through 1992. Accordingly, \$29 million was charged to fuel used for electric generation in 1988.

10. Unamortized deferred costs — Continued

In 1987, Ontario Hydro provided USX Corporation with notification of cancellation of the Coal Purchase Agreement pursuant to the three year notice period provision in the Agreement. On cancellation of the Agreement, USX is not required to refund any outstanding pre-production payments made in advance of the coal deliveries to Ontario Hydro. The outstanding advances and associated costs as at the date of cancellation of the Agreement are estimated to be approximately \$85 million and are to be amortized over the period 1989, the first year such cost can be reflected in rates, through 1993. Accordingly, no amount was charged to operations in 1987 or 1988. If USX Corporation decides not to continue operating the Cumberland Mine after the cancellation of the Agreement, Ontario Hydro is liable for certain lease obligations and mine shutdown costs. At this time, the likelihood of USX Corporation deciding not to continue operating the mine is not determinable. Furthermore, the amount of such costs in the event of discontinued operation of the mine are subject to negotiation. Accordingly, no provision for such costs has been reflected in the financial statements.

Ontario Hydro has entered into financial arrangements to hedge a portion of the foreign currency exposure related to principal and interest payments with respect to long-term debt and these arrangements are primarily in short-term forward exchange contracts. These contracts amounted to United States \$2,198 million as at December 31, 1988 (1987 — United States \$641 million and United Kingdom pounds sterling 10 million), having a weighted average Canadian dollar exchange rate of 1.26 (1987 — 1.34 and 2.31 respectively). These financial arrangements hedge principal and interest payments amounting to United States \$719 million due in 1989 and the remaining United States \$1,479 million hedge principal and interest payments due over the period 1990 through 1997.

Bonds and notes payable in United States dollars include Canadian \$5,689 million (1987 — Canadian \$6,614 million) of Ontario Hydro bonds held by the Province of Ontario and having terms identical with Province of Ontario issues sold in the United States on behalf of Ontario Hydro. Bonds and notes payable are either held, or guaranteed as to principal and interest, by the Province of Ontario.

Ontario Hydro has entered into interest rate swap arrangements amounting to Canadian \$1,380 million in notional principal as at December 31, 1988 (1987 — Canadian \$1,000 million), and expiring in 1989 through 1993. These arrangements have effectively converted fixed interest rates on long-term debt, having a weighted average coupon rate of 10.0% (1987 — 9.9%), to variable interest rates which are adjusted quarterly to the prevailing Canadian bankers' acceptance rate.

	<u>406</u>	<u>311</u>
Accrued irradiated fuel disposal costs	365	306
	<u>771</u>	<u>617</u>

Fixed asset removal costs:

Fixed asset removal costs are the costs of removing certain fuel channels from nuclear reactors which are expected to be replaced during the life of the reactors, and the costs of decommissioning nuclear and fossil generating stations and heavy water production facilities after the end of their service lives. The significant assumptions used in estimating fixed asset removal costs were:

- removal of fuel channels in Pickering Nuclear Generating Station "A" units 1 and 2 in the 1984 to 1988 (1987 — 1984 to 1987) period and units 3 and 4 in the 1997 to 2000 (1987 — 2000 to 2003) period, Bruce Nuclear Generating Station "A" in the 2001 to 2011 (1987 — 2002 to 2010) period, Pickering "B" in the 2012 to 2017 (1987 — 2012 to 2018) period, and Bruce "B" in the 2014 to 2020 (1987 — 2013 to 2019) period;
- decommissioning of nuclear generating stations in the 2041 to 2065 period on the deferred dismantlement basis (dismantlement following storage with surveillance for a 30-year period after shutdown of the reactors), and a transportation distance of 1,000 kilometres from nuclear generating facilities to disposal facilities;
- dismantlement of Bruce Heavy Water Plants "A", "B" and "D" in the 1991 to 2005 period;
- interest rates through to 2065 ranging from 10% to 11% (1987 — 9% to 10%); and
- escalation rates through to 2065 ranging from 4% to 9% (1987 — 4% to 8%).

ONTARIO HYDRO

12. Accrued fixed asset removal and irradiated fuel disposal costs — Continued

Because of possible changes to the above factors and the methods used for decommissioning and fuel channel removal, these costs are subject to revision.

Irradiated fuel disposal costs:

The significant assumptions used in estimating the future irradiated fuel disposal costs were:

- an in-service date of the year 2010 for irradiated nuclear fuel disposal facilities;
- a transportation distance of 1,000 kilometres from nuclear generating facilities to disposal facilities;
- interest rates through to the disposal date ranging from 10% to 11% (1987 — 9% to 10%); and
- escalation rates through to the disposal date ranging from 4% to 9% (1987 — 4% to 7%).

Because of the uncertainties associated with the technology of disposal, and the above factors, these costs are subject to change.

13. Statement of Source of Cash Used for Investment in Fixed Assets

The Statement of Source of Cash Used for Investment in Fixed Assets reports the investment in fixed assets resulting from the cash flows from operations, financing and other activities, and the effects of changes in cash and cash equivalents and changes in accounts payable and accrued charges affecting investment in fixed assets during the year. This statement focuses on the investment in fixed assets in view of Ontario Hydro's current level of construction activities which are financed from two major sources, cash provided from operations and cash provided from financing. Cash provided from financing represents the amount of cash provided from the issuance of long-term debt and the increase in the level of short-term notes payable issued for debt management purposes, less the amount of cash used to retire long-term debt.

The components of cash provided from operations, cash provided from investment in other assets, and changes in cash and cash equivalents, defined to be cash and temporary investments net of short-term notes payable issued for cash management purposes, are summarized below.

Cash provided from operations:

	1988	1987
	millions of dollars	
Net income	626	271
Items not requiring cash in the current year		
Depreciation	811	723
Amortization of foreign exchange gains and losses	(61)	93
Provision for irradiated fuel disposal costs	26	36
Nuclear agreement — payback	11	(23)
Other	120	37
Funds provided from operations	1,533	1,137
Changes in working capital, excluding cash and cash equivalents, and long-term accounts payable affecting operations — (increase) decrease	(165)	67
Cash provided from operations	1,368	1,204

Cash used for investment in other assets:

	1988	1987
	millions of dollars	
Advances and related costs for fuel supplies	(2)	(11)
Less repayments and amortization of advances for fuel supplies	27	35
	25	24
Payment related to fuel oil contract settlement (see note 10)	—	(150)
Other	(70)	(23)
Cash used for investment in other assets	(45)	(149)

Changes in cash and cash equivalents:

	1988	1987
	millions of dollars	
Cash and temporary investments — (increase) decrease	(223)	45
Short-term notes payable issued for cash management purposes — (decrease)	(2)	(3)
Changes in cash and cash equivalents — (increase) decrease	(225)	42

The reconciliation of the change in fixed assets during the year with the investment in fixed assets for the year is summarized below:

	1988	1987
	millions of dollars	
Change in fixed assets	1,989	1,883
Depreciation of fixed assets in service	774	717
Less depreciation charged to heavy water production and construction in progress	(95)	(89)
	679	628
Net book value of fixed assets sold or retired	21	13
Investment in fixed assets	2,689	2,524

14. Pension and insurance plans

Ontario Hydro's employee benefit programs include pension and insurance plans. The assets of the pension, group life insurance and long-term disability plans and the changes in assets during the year are shown in the financial statements of The Pension and Insurance Fund, and are not included in Ontario Hydro's financial statements.

Pension Plan:

The most recent actuarial valuation for accounting purposes of Ontario Hydro's pension plan was performed as at December 31, 1987, using management's best estimate of the following significant assumptions which take into consideration the long-term nature of the pension plan:

- rate used to discount future investment income — 8.50% (1987 — 9.25%), and future pension benefits — 8.50% (1987 — 9.25%);
- salary escalation rate — 7.00% (1987 — 7.75%);
- rate used to estimate ad hoc improvements in pension benefits to partially offset the effect of increase in cost of living — 2.50% (1987 — 2.88%);
- average retirement age for males — 59.1 (1987 — 58.8) and for females — 60.2 (1987 — 59.8); and
- average remaining period of service of the employees — 17 years (1987 — 16 years).

Based on this valuation, the actuarial present value of the accrued pension benefits is estimated to be \$3,182 million as at December 31, 1988 (1987 — \$2,749 million) and the pension plan assets available for these benefits were \$3,451 million (1987 — \$3,151 million).

The pension costs for 1988 were \$40 million based on the most recent actuarial valuation for accounting purposes (1987 — \$13 million). This amount is comprised of Ontario Hydro's current service cost of \$69 million (1987 — \$60 million), partially offset by the amortization of \$29 million of the net surplus (1987 — \$47 million). In 1988, approximately \$30 million (1987 — \$10 million) of the pension costs were charged to operations and \$10 million (1987 — \$3 million) were capitalized.

On October 21, 1986, the Ontario Hydro Employees Union, Local 1000 of the Canadian Union of Public Employees — C.L.C. filed an application for judicial review in the Supreme Court of Ontario to determine whether Ontario Hydro is entitled to apply the pension surplus that has accumulated in Ontario Hydro's pension plan to meet the Corporation's contribution with respect to current service cost. The hearing on this matter was held on February 5, 1987 and on March 3, 1987, the Supreme Court of Ontario rendered its decision that Ontario Hydro has complied with the relevant statutory provisions regarding the corporate contribution towards current service cost. The Ontario Hydro Employees' Union appealed the court's decision and the hearing on this appeal was held on December 9, 1988. At this time, the decision of the Supreme Court of Ontario with respect to this appeal and any financial implications for Ontario Hydro are not determinable.

14. Pension and insurance plans — Continued

Group Life Insurance Plan:

The group life insurance plan had assets of \$25 million as at December 31, 1988 (December 31, 1987 — \$31 million). Effective April 1, 1986, the assets are being used to pay the insurance premiums for all members of the plan until such time as the assets are fully utilized.

15. Research and development

In 1988 approximately \$88 million of research and development costs were charged to operations and \$22 million were capitalized (1987 — \$74 million and \$17 million, respectively).

Notes to Financial Statements
March 31, 1989

1. PURPOSE OF THE CORPORATION

The Ontario International Corporation was established:

- to assist the private sector in Ontario to sell its consulting expertise, capital goods and training services in the world's markets;
- to promote and support the marketing of Ontario's public sector expertise and systems internationally in conjunction with the private sector; and
- to provide intergovernmental contact and an Ontario government presence in support of the export of professional services and goods associated with capital projects.

2. SIGNIFICANT ACCOUNTING POLICY

The accompanying financial statements have been prepared in accordance with generally accepted accounting principles except for fixed assets which are expensed when purchased, and administrative expenses which are recognized on a cash basis modified to allow an additional thirty days to pay for debts pertaining to the fiscal year just ended.

ONTARIO INTERNATIONAL CORPORATION

3. CONTRIBUTION FROM THE PROVINCE OF ONTARIO

The contribution from the Province of Ontario relates to the net assets acquired from the Ontario Educational Services Corporation for which no consideration was paid.

4. CONTRACT REVENUE AND EXPENDITURE

In instances where government-to-government contracts provide a competitive advantage, the Corporation acts as a prime contractor on behalf of Ontario exporters. Contract revenue and expenditure relate to moneys received under these contracts and payments of these funds to Ontario exporters respectively.

5. RECOVERY FROM THE PROVINCE OF ONTARIO

Administrative expenses and Trade Expansion Fund forgivable loans are recovered from the Ministry of Industry, Trade and Technology out of moneys appropriated therefor by the Legislature of the Province of Ontario.

6. PENSION PLAN

The Corporation provides pension benefits for substantially all its permanent employees through participation in the Public Service Superannuation Fund and Superannuation Adjustment Fund. The Corporation's share of contributions to these funds during the year was \$104,000 (1988 - \$110,000). This amount represents the total obligation of the Corporation and is included in salaries and benefits in the Statement of Operations and Retained Income.

7. COMMITMENTS

Forgivable loans committed but not disbursed as at March 31, 1989, amounted to \$1.1 million (1988 - \$525,000). Disbursement of these loans is subject to the satisfactory completion by loan applicants of their agreements with the Corporation.

8. FUTURE OPERATIONS

Present enabling legislation expires December 31, 1989. Continued operations of the Corporation are dependent upon future legislation.

9. COMPARATIVE FIGURES

Comparative figures have been reclassified where necessary to conform with the 1989 presentation.

Notes to Financial Statements
March 31, 1989

1. STATUS OF CORPORATION

The Corporation has not accepted any new mortgage loan applications since 1969 and the final mortgage instalments on outstanding loans are payable in 1999.

2. ACCOUNTING POLICY

The financial statements have been prepared in accordance with generally accepted accounting principles.

3. ADMINISTRATION EXPENSES

Salaries of the Corporation's staff and sundry administrative costs have been absorbed by the Ministry of Agriculture and Food and are not included in the statement of operations.

4. CONTRIBUTION DUE TO THE TREASURER OF ONTARIO

The cost of the loan program, which is represented by the net operating loss for the year, is paid out of moneys appropriated therefor by the Legislature. The payable due to the Treasurer represents the excess of advances received during the year over the current year's actual operating loss.

5. INTEREST ON MORTGAGES AND CAPITAL ADVANCES

Interest earned by the Corporation on its mortgage loans is fixed by legislation and averages approximately 5 per cent per annum. Interest payable by the Corporation on capital advances from the Treasurer of Ontario has been established by the Treasurer of Ontario at 6.7 per cent. This interest differential is the reason for the Corporation's operating loss.

ONTARIO LOTTERY CORPORATION

Notes to Financial Statements
March 31, 1989

1. NATURE OF THE CORPORATION

The Ontario Lottery Corporation was incorporated without share capital on February 6, 1975 pursuant to the Ontario Lottery Corporation Act. The Corporation is responsible for the conduct and management of lottery games in Ontario. The Wintario, Lottario, Instant (including Grey Cup Millions) and Pick 3 lotteries are conducted solely by the Corporation, whereas, the Provincial, Super Loto, Special Events and Lotto 6/49 lotteries are joint undertakings by all Provinces acting through the Interprovincial Lottery Corporation (ILC). The Ontario Lottery Corporation purchases tickets for the Provincial, Super Loto, Special Events and Lotto 6/49 lotteries from the ILC and manages their sale throughout Ontario. The Super Loto lottery was discontinued in May 1988.

2. SIGNIFICANT ACCOUNTING POLICIES

- (a) Basis of accounting
The Corporation's financial statements are prepared in accordance with generally accepted accounting principles except for fixed assets which are written off to operations at the time of acquisition.
- (b) Revenue recognition
Revenues are deferred on ticket sales where a draw has not taken place as of March 31.

3. PRIZES

Included in prizes is the Corporation's share of prizes for ILC games and its share of ILC's net operating expenses. These prizes and net operating expenses for the year amounted to \$347.3 and \$0.8 million respectively (1988 — \$331.8 and \$1.5 million).

4. PAYMENTS TO TREASURER OF ONTARIO

The net profits of the Corporation are payable to the Treasurer of Ontario. During the year payments were as follows:

	1989 (\$000's)	1988 (\$000's)
Lotto 6/49	307,000	284,000
Instant	101,000	96,000
Lottario	45,000	50,000
Wintario	14,000	18,000
Provincial	13,000	14,000
Pick 3	2,000	
Special Events	2,000	
Super Loto	1,000	8,000
	<u>485,000</u>	<u>470,000</u>

5. PAYMENTS TO GOVERNMENT OF CANADA

The various provincial lottery corporations make remittances to the Government of Canada under an agreement dated August 1979. The agreement stipulates that the Government of Canada will not participate in the sale of lottery tickets. Payments by the Ontario Lottery Corporation for the year amounted to approximately \$15 million.

ONTARIO LOTTERY CORPORATION**Notes to Financial Statements — Concluded
March 31, 1989****6. COMMITMENTS**

On July 8, 1986, the government announced its intention to relocate the majority of the Corporation's operations to Sault Ste. Marie. The Corporation's commitment with respect to the land and building to be occupied by the Corporation is estimated at \$30 million based on a prepaid 20 year lease with payments in each of the next 3 years. Other costs associated with the move are anticipated in the amount of \$27 million. Actual costs to date are nominal and have been included in Administration and other expenses.

The Corporation also has commitments totalling \$5 million for office space under operating leases expiring June 1995.

7. INCOME TAXES

As a Crown corporation of the Province of Ontario, the Corporation is exempt from income taxes and accordingly no provision is required.

To the Board of Directors of the Ontario Mortgage Corporation
and to the Minister of Government Services.

I have examined the balance sheet of the Ontario Mortgage Corporation as at March 31, 1989 and the statements of earnings and retained earnings for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1989 and the results of its operations for the year then ended in accordance with the policies described in the Summary of Significant Accounting Policies applied on a basis consistent with that of the preceding year.

ONTARIO MORTGAGE CORPORATION**Summary of Significant Accounting Policies
March 31, 1989**

Ontario Mortgage Corporation (OMC) was incorporated under the Corporations Act in 1948 and remained active until April 1, 1982 at which time its assets, liabilities and equity were transferred to Ontario Land Corporation (OLC). OLC ceased active operations on March 31, 1987 at which time OMC was reactivated and certain assets and liabilities of OLC were transferred to it. All outstanding shares of OMC are now held in trust for the Crown in the Right of the Province of Ontario.

In response to government policy, the Corporation sold the majority of its mortgage portfolio during the year ended March 31, 1988. Portions of the remaining portfolio may be sold in the future. Effective April 1, 1988, the Corporation entered into an agreement with Canada Mortgage & Housing Corporation to administer the remaining mortgages.

The Corporation administers certain housing incentive programs as an agent of the Province. Advances under these programs are reflected in the Public Accounts but are not included in the accounts of the Corporation. The Corporation also administers 1,778 land leases on behalf of the Ministry of Government Services.

Salaries, benefits, and other administrative expenses of the Corporation are absorbed by the Ministry of Government Services.

Mortgages

Mortgages are carried at estimated realizable value. This consists of the principal due plus accrued interest and property taxes less allowances for defaults on uninsured mortgages and market revaluation.

Real Estate

The cost of real estate acquired upon default of mortgage loans consists of the unpaid mortgage balances together with operating costs net of rent received. These properties are subsequently sold with the intention of recovering the value of the related mortgages.

Income Recognition

Income from the sale of real estate is recognized when title passes to the purchaser.

Dividend Policy

Cash generated from operations was used first to repay the long-term debt due to the Treasurer of Ontario. For this and future years, any excess funds will be returned to the Province in the form of dividends.

ONTARIO NORTHLAND TRANSPORTATION COMMISSION

Notes to Consolidated Financial Statements
December 31, 1988**1. SIGNIFICANT ACCOUNTING POLICIES****(a) Basis of accounting**

These consolidated financial statements are prepared in accordance with generally accepted accounting principles. They include the accounts of the Commission and its wholly-owned subsidiaries, Star Transfer Limited and The Owen Sound Transportation Company, Limited.

(b) Materials and supplies

With the exception of used rail, all materials and supplies are shown at cost. Used rail is shown at estimated utility value.

(c) Investment in property and depreciation

Fixed assets are stated at acquisition cost.

Depreciation is calculated on a straight-line basis over the estimated service lives of the assets.

The estimated service lives used for principal categories of assets are as follows:

Road — main line and branches	20 to 50 years
Railway diesel locomotives	25 years
Railway cars	33 years
Vessel	30 years
Telecommunications equipment	15 years
Aircraft	10 years
Boats	20 years
Vehicles	3 years
Buses	10 years

The Province of Ontario reimburses the Commission for the costs of certain fixed assets purchased for use in operations designated as non-commercial by the Province. The Commission records these assets at their original cost together with an offsetting credit to Contributed Surplus. Annual depreciation on these fixed assets is recorded as a reduction to Contributed Surplus.

(d) Income taxes

As Crown Corporations of the Province of Ontario, the Commission and its wholly-owned subsidiaries are exempt from income taxes and accordingly no tax provision is reflected in operations.

2. CHANGE IN ACCOUNTING ESTIMATE

During 1988 the Commission reviewed the remaining useful lives of its road assets and changed the estimated service lives of these assets from 20-200 years to 20-50 years. As a result of this change, the depreciation expense for 1988 is increased by \$1,934,000 and net income decreased by the same amount.

3. PENSION PLAN

The Commission is the trustee for its contributory pension plan which covers all permanent staff.

The net cost of pension benefits is actuarially determined on the basis of management's best estimates using the projected benefit method pro-rated over the service lives of employees. The net cost of pension benefits includes the amortization over the remaining service lives of the plan members of the initial net pension surplus and the 1988 experience gain. Pension plan assets were valued at a market related value based on recognizing the difference between book and market values at each year end over a five year period.

The Commission's share of the net cost of pension benefits earned by employees during the year was \$1,268,451. In 1988 the Commission funded the amount of \$3,199,747. The excess of the funded amount over the net cost of benefits earned is recorded as a Deferred Pension Charge on the Balance Sheet.

The actuarial valuation prepared for accounting purposes as at December 31, 1988 disclosed a surplus of \$10,168,000, representing the excess of plan assets of \$188,538,000 over accrued pension benefits of \$178,370,000. This valuation assumed an expected rate of return on plan assets of 7½ per cent and projected pay increase of 5½ per cent.

4. SELF-INSURANCE

The Commission follows the policy of self-insuring for damages from rolling stock derailments and for cargo damage. Annual contributions to the self-insurance fund consist of a \$100,000 premium paid by the Commission in addition to investment income earned on fund assets.

ONTARIO NORTHLAND TRANSPORTATION COMMISSION

Notes to Consolidated Financial Statements — Concluded
December 31, 1988**5. GOVERNMENT REIMBURSEMENT**

In accordance with the Memorandum of Understanding between the Commission and the Ministry of Northern Development and Mines, certain operations of the Commission have been designated as non-commercial and receive annual operating subsidies, the details of which appear on Schedule 2.

The subsidy amount for the non-commercial rail operations, which consist of the Cochrane-Moosonee branch line and main line passenger train services, allows the Commission to earn an annual rate of return equal to the lesser of 9.325 per cent or the actual rate of return earned on the total of the Commission's commercial operations for the same year. For all other non-commercial operations shown on Schedule 2, the subsidies equal the operating losses for the year. A portion of the subsidy for the operating loss of the weekday passenger train service between North Bay and Toronto is received from the National Transportation Agency of Canada under section 261 of the Railway Act.

6. DEFERRED REVENUE

In 1985, the Commission received \$1,740,000 as full settlement for revenue lost through the rerouting of certain long distance telephone traffic. This amount is being amortized to income over the eight remaining years of the original agreement.

7. TELECOMMUNICATIONS REVENUE AGREEMENTS

The Commission has revenue-sharing agreements with Bell Canada and Northern Telephone Limited, subsidiaries of Bell Canada Enterprises Inc. These revenue-sharing agreements may be terminated by either party after giving 180 days and 60 days prior notice, respectively. Approximately 73 per cent (1987 — 74 per cent) of telecommunications revenue depend on these agreements.

8. PURCHASE OF AIR-DALE LIMITED

In 1988 the Commission purchased Air-Dale Limited. The major assets of the company at the time of purchase were commercial air licences, operation certificates and experienced flight personnel. With the purchase, the Commission through norOntair now provides the air transportation services and Air-Dale Limited is essentially an inactive company.

9. SUBSEQUENT EVENTS**(a) Mine Closures**

In March 1989 one of the Commission's major customers announced that it will close its mining operations at two mines located in Northern Ontario by March 1990. Traffic at these two mines accounted for about 23 per cent of the Commission's rail freight revenue.

(b) Purchase of New Ferry

On February 28, 1989, The Owen Sound Transportation Company, Limited purchased a second vessel for use in its operations. The costs of acquiring, transporting and refurbishing the vessel is estimated to be approximately \$9 million. All costs will be paid by the Ontario Northland Transportation Commission and later reimbursed by the Ministry of Northern Development and Mines, in accordance with the Memorandum of Understanding between the Commission and the Ministry.

Notes to Financial Statements
March 31, 1989

1. SIGNIFICANT ACCOUNTING POLICIES

- (a) These financial statements have been prepared in accordance with generally accepted accounting principles except that the Corporation charges all additions to fixed assets to expenditures in the year of acquisition and credits all capital and special grants to income in the year received.
- (b) Corporate sponsorship revenues are allocated between capital and operating income based on the nature of the expenditure sponsored. All capital expenditures paid for with sponsorship revenues are included with other capital expenditures. Sponsorship expenditures represent costs incurred by the corporation to fulfill obligations of the sponsorship agreements.
- (c) Inventory is valued at the lower of cost, determined on a first in first out basis, or net realizable value.

2. CONCESSIONS

Concession revenue includes rents from concessionaires and the net operating profit of the Trillium Restaurant which is operated by a private firm under a management agreement.

3. GROSS PROFIT — FOOD SERVICES, WINTER PROGRAM AND BOUTIQUES

The operations are summarized as follows:

	Food Services		Winter Program		Boutiques	
	1989 ⁽¹⁾	1988	1989	1988	1989	1988
	\$	\$	\$	\$	\$	\$
Sales	385,598	1,610,657	773,302	817,592	688,157	772,628
Cost of Sales ⁽²⁾	124,426	589,868	347,188	348,444	(3)526,441	453,206
Gross Profit	<u>261,172</u>	<u>1,020,789</u>	<u>426,114</u>	<u>469,148</u>	<u>161,716</u>	<u>319,422</u>

⁽¹⁾ Gross Profit-Food Services for fiscal 1989 was earned during the period from May 19, 1988 to June 29, 1988. On June 30, a private firm was awarded a contract to manage all fast food operations. The Corporation earned a fixed percentage of revenues collected by the private firm, which from June 30 to September 5 (park closing) amounted to about \$242,000. This amount has been included in Concessions revenue. Wages and benefits of the Corporation's food service seasonal employees, in the amount of \$363,000, were paid by the private firm.

⁽²⁾ Winter Program cost of sales include film rentals, snack bar and boutique merchandise. All other cost of sales are for merchandise only.

⁽³⁾ Boutiques cost of sales for 1989 includes a writedown of inventory in the amount of \$140,000 deemed necessary because much of the merchandise on hand would not be offered for sale by the private operator selected to manage all boutique operations beginning with the 1989 operating season.

ONTARIO PLACE CORPORATION

Notes to Financial Statements — Concluded
March 31, 1989

4. DEFERRED INCOME

Deferred income results primarily from prepayment of IMAX film rental fees and marina slip rentals.

5. PENSION PLAN

The Corporation provides pension benefits for substantially all its permanent employees through participation in the Public Service Superannuation Fund and the Superannuation Adjustment Fund established by the Province of Ontario. The Corporation's share of contributions to these funds during the year was \$153,971 (1988 — \$168,632). This amount represents the total obligation of the Corporation and is included in employee benefits in the schedule of administrative and operating expenditures.

6. OTHER EXPENDITURES

Other expenditures included termination payments and retail sales tax assessments for prior years.

7. SITE STUDY GRANT

In the 1987/88 fiscal year, the Ministry of Tourism and Recreation granted the Corporation \$375,000 to be used for long range planning activities for the park. These activities were completed during the year. The Ministry allowed the Corporation to use the remaining \$227,000 to fund other operating expenditures.

THE ONTARIO TRANSPORTATION DEVELOPMENT CORPORATION

Notes To Financial Statements
for the year ended December 31, 1988

1. SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Corporation have been prepared by management in accordance with accounting principles generally accepted in Canada.

Translation of foreign currencies

The Corporation's U.S. bank indebtedness has been converted to Canadian funds at the year end rate of exchange.

2. INVESTMENT IN URBAN TRANSPORTATION DEVELOPMENT CORPORATION LTD.

During the year, the Corporation invested \$20,000,000 in Urban Transportation Development Corporation Ltd. ("UTDC Ltd.") by subscribing for 200,000 Class A preferred shares.

As at December 31, 1988, UTDC Ltd. had a net equity deficiency of \$3,557,000. In view of the financial position of UTDC Ltd., it was considered appropriate to write down the investment to the net equity.

Subsequent to its fiscal year end, the Corporation invested a further \$30,000,000 in UTDC Ltd. by subscribing for 300,000 Class A preferred shares. This was done in order for UTDC Ltd. to maintain a net worth position of \$25,000,000 which is a requirement under the terms of its agreement with the Detroit Transportation Corporation.

3. BANK INDEBTEDNESS

The Corporation's bank indebtedness is comprised of the following:

	1988 \$	1987 \$
Bankers' acceptances — including \$US 59,000,000 (1987 — \$US 35,000,000)	303,357,500	185,893,000
Bank overdrafts — including \$US 3,775,461 (1987 — \$US 39,516,158)	6,019,174	54,623,035
	<u>309,376,674</u>	<u>240,516,035</u>

The bankers' acceptances outstanding at December 31, 1988 mature on various dates ranging from January 4, 1989 to February 28, 1989 and bear interest at rates between 10.3% and 10.9%.

The Government of Ontario has guaranteed the repayment of the bank indebtedness, including interest thereon, of the Corporation.

THE ONTARIO TRANSPORTATION DEVELOPMENT CORPORATION

Notes To Financial Statements — Concluded
for the year ended December 31, 1988**4. PROVISION FOR VIA RAIL PROJECT**

As part of the terms of sale of UTDC Ltd.'s assets to UTDC Inc. it was agreed that if certain work expected to be available to UTDC Inc. from the Via Rail Project not be secured, appropriate compensation would be negotiated in good faith by the parties. Via Rail indicated that it would not proceed with the program as earlier contemplated. The Province of Ontario has assumed all obligations with respect to Via Rail Project and has negotiated a settlement of this issue with UTDC Inc. Under the terms of the settlement reached in July, 1988 the Province of Ontario directed the Corporation to pay to UTDC Inc. \$31 million of which \$21 million was paid prior to August 31, 1988 and an amount of \$1,250,000 per month has been paid from September 1988 to December 1988, with monthly payments continuing until April 1989.

5. UNDERPROVISION FOR EQUITY DEFICIENCY

The underprovision for the equity deficiency in the affiliated company (UTDC Ltd.) arose as a result of an error made by UTDC Ltd. in the determination of the balance of contract costs remaining on its contracts as at December 31, 1987. This error resulted in an underprovision for the equity deficiency as at December 31, 1987 amounting to approximately \$20,560,000.

The correction has been treated as a prior period adjustment and as such the reported results and related assets and liabilities for the year ended December 31, 1987 have been amended to reflect the additional provision.

ONTARIO WASTE MANAGEMENT CORPORATION

Notes to Financial Statements
March 31, 1989

1. SIGNIFICANT ACCOUNTING POLICIES

i. Basis of accounting

These financial statements have been prepared in accordance with generally accepted accounting principles.

ii. Fixed Assets

Depreciation for furniture and equipment is computed on the declining balance basis at rates designed to amortize the cost of these assets over their estimated useful lives. Leasehold improvements are amortized on a straight-line basis over the life of the lease.

2. FUNDING TO INTERVENORS

As part of the approval process for the construction of a proposed waste disposal facility, a public hearing to address environmental and other related issues is anticipated to commence in 1989 before a Joint Board established under the Consolidated Hearings Act.

The Province has allocated approximately \$3.2 million to be provided to eligible parties (intervenor) to finance their cost of preparation and appearance at this hearing. An independent Funding Panel, appointed under the Intervenor Funding Project Act, 1988 is responsible for the allocation of this funding. Payments to the intervenors are made by the Corporation based on requests from the Funding Panel.

In March 1989 the Corporation received an initial transfer of \$800,000 under this provision and at March 31, 1989, \$33,000 was due to intervenors and \$767,000 represents deferred intervenor grants.

3. FIXED ASSETS

	1989		1988		
	Cost	Accumulated Depreciation	Net Book Value	Net Book Value	Depreciation Rate
	(\$'000)	(\$'000)	(\$'000)	(\$'000)

Leasehold improvements	161	143	18	28	5 years
	894	558	336	274	

4. PENSION PLAN

The Corporation provides pension benefits for permanent employees through participation in the Public Service Superannuation Fund of the Province of Ontario. The Corporation's share of contributions to the fund during the year was \$105,651 (1988 — \$93,905). This contribution is included in salaries and benefits in the Statement of Operations and Deficit.

5. LEASE COMMITMENTS

The Corporation is committed under operating leases on equipment and premises with future minimum payments until November, 1992 due as follows:

	(\$'000)
1990	319
1991	256
1992	254
1993	126
	\$955

6. CONTINGENT LIABILITY

In May 1987 the Corporation entered into an agreement with Ontario Hydro for work related to the supply of electricity to the Corporation's proposed waste disposal facility. The cost for such work is currently estimated at \$181,000 and will only be charged to the Corporation if construction of the facility does not proceed. Approval by the Joint Board established under the Consolidated Hearings Act and by the Provincial Cabinet to construct the facility have not taken place as at March 31, 1989.

7. COMPARATIVE FIGURES

Certain comparative figures have been reclassified to conform with the 1989 presentation.

March 31, 1989

1. GENERAL

The Public Trustee performs duties under a number of statutes, with the following main responsibilities:

- the management of estates of mentally incompetent individuals;
- the administration of estates of persons who die in Ontario intestate and without next-of-kin;
- the gathering of assets on behalf of the Crown under the Escheats Act when there is no known owner of those assets or the owner is a corporation no longer in existence; and
- a general supervisory role over charities.

2. SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of accounting

Fees collected, bank interest and expenditure are recorded on a cash basis of accounting which, for expenditure, is modified to allow an additional thirty days to pay for debts incurred during the fiscal year just ended. Net income from funds invested is recorded on an accrual basis.

(b) Funds invested

Funds are invested in income producing short term investments or bonds which are normally held until maturity. These securities are recorded at cost adjusted for the amortization of premiums or discounts on purchase over the period to maturity.

(c) Stocks and bonds of Estates and Trusts

Stocks and bonds for all Estates and Trusts, except Cemetery Trusts, are recorded at the value of the stocks and bonds at the time of taking over the Estates and Trusts with an annual adjustment to market value at December 31 each year. The bonds of Cemetery Trusts are valued at par.

(d) Real estate

Real estate is recorded at appraised value at time of incorporation of the trust and is subject to periodic revaluations.

(e) Life insurance

Life insurance is recorded at its cash surrender value at the time of incorporating the trust and is subject to valuation every two years.

(f) Fixed assets

Fixed assets are recorded as expenditures when purchased.

3. ADMINISTRATION FUND

The Administration Fund is the operating account of the Public Trustee. It is used to accumulate fees charged each estate for services, as prescribed by the regulations under the Public Trustee Act.

Cash balances in the Administration Fund which are not required for operating purposes are invested along with the cash funds of Estates and Trusts. The Administration Fund receives the net interest income of these investment activities, after interest is allowed on the funds of Estates and Trusts in accordance with regulations under the Act.

All operating expenses of the office of the Public Trustee are paid from the Administration Fund.

Pursuant to section 9(5) of the Public Trustee Act, the Lieutenant Governor in Council may from time to time direct the payment into the Province's Consolidated Revenue Fund of any balance at the credit of the Administration Fund. Subsequent to the year end, \$35 million was transferred from the Fund in May 1989 to the Consolidated Revenue Fund.

4. FUNDS ESCHEATED TO THE CROWN

The Public Trustee is authorized by the Escheats Act to take possession of unclaimed property reverting to the Crown under the Succession Law Reform Act, Business Corporations Act or common law. After a period of ten years, any property so received by the Public Trustee which remains unclaimed, is transferred to the Consolidated Revenue Fund of the Province.

During the year, \$8,000 (1988 — \$1,250,380) was transferred to the Province.

5. ASSURANCE FUND

The regulations under the Act provide that an Assurance Fund shall be established to meet losses for which the office of the Public Trustee might become liable. Accordingly, this Fund has been established at \$200,000 by transfers from the Administration Fund.

6. PENSION PLAN

The office of the Public Trustee provides pension benefits for substantially all its permanent employees through participation in the Public Service Superannuation Fund and Superannuation Adjustment Fund established by the Province of Ontario. The office's share of contributions to these Funds during the year was \$185,402 (1988 — \$178,630). This amount represents the total obligation of the office of the Public Trustee and is included in employee benefits in the Statement of Revenue and Expenditure.

7. REAL ESTATE AND REVALUATION PROJECT

Due to the high volatility of the Ontario real estate market, property values change after their initial incorporation. Many properties have not been revalued in recent years. The office of the Public Trustee now has a project underway to revalue properties under its administration. This project is expected to be completed by 1991.

To the Public Trustee of the Province of Ontario and
to the Attorney General.

I have examined the balance sheet of the Public Trustee of the Province of Ontario as at March 31, 1989 and the statements of revenue and expenditure and surplus for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Public Trustee of the Province of Ontario as at March 31, 1989 and the results of operations for the year then ended in accordance with the accounting policies described in note 2 to the financial statements applied on a basis consistent with that of the preceding year.

STADIUM CORPORATION OF ONTARIO LIMITED

Notes to Financial Statements
December 31, 1988

1. THE STADIUM CORPORATION OF ONTARIO LIMITED ("CORPORATION")

The Corporation is incorporated under the Ontario Business Corporations Act (1982) and is authorized to issue an unlimited number of shares. At December 31, 1988, all of the issued shares of the Corporation are owned by Her Majesty in right of Ontario as represented by the Treasurer of Ontario and the Minister of Economics. The Corporation's only activity is to cause to be built an urban multi-purpose domed stadium ("Project") in Metropolitan Toronto. Upon completion of the Project the Corporation will transfer all of its right, title and interest in the Project to a partnership. This partnership is to be formed between the Corporation and Dome Consortium Investments Inc. ("Consortium") for the purposes of acquiring and operating the Project.

2. SIGNIFICANT ACCOUNTING POLICIES

These financial statements are prepared in accordance with generally accepted accounting principles considered appropriate for development companies of this type. All costs associated with the construction of the Project have been capitalized and deferred until the Project becomes operational.

Development and indirect construction expenditures, net of proceeds from promotions and interest income, have been capitalized and are included in Project costs.

3. FUNDING SOURCES

	Province of Ontario (a)	Municipality of Metropolitan Toronto (b)	Consortium (c)	Other corporations (d)	Total
Province of Ontario loans	\$ 5,766,250				\$ 5,766,250
Promissory notes			\$ 10,000,000	\$ 4,050,000	14,050,000
Proceeds from sale of preferred rights			90,000,000	450,000	90,450,000
Capital stock	30,000,010				30,000,010
Contributed capital		\$30,000,000		10,500,000	40,500,000

- (a) Province of Ontario —
- Prior to 1988, the Province of Ontario subscribed for 30,010 shares of the Corporation for consideration of \$30,000,010.
- The Province of Ontario has also advanced to the Corporation \$5,766,250, which is currently interest free but which will bear interest at prime rates and will be repayable over seven years from the date the Project becomes fully operational.

STADIUM CORPORATION OF ONTARIO LIMITED

Notes to Financial Statements — Continued
December 31, 1988

- (b) Municipality of Metropolitan Toronto —
The Municipality of Metropolitan Toronto has agreed to contribute to the Corporation \$30,000,000. At December 31, 1988, an amount of \$22,500,000 had been received and \$7,500,000 will be received in 1989.
- (c) Consortium —
At December 31, 1988, twenty Canadian corporations ("Consortium Members") have agreed to participate in the financing of the Project. For consideration of \$4,500,000, each Consortium Member will receive certain preferred rights in the supply of goods and services, in the allocation of seating, and in advertising within the stadium for a 10-year period valued at \$4,200,000, and an option, valued at \$300,000, to extend the period of the preferred rights.
In addition, the Consortium Members have subscribed for shares of a private corporation ("Consortium") which will eventually form a partnership with the Corporation to acquire and operate the Project. These funds have been loaned to the Project. At December 31, 1988, the Corporation had received \$10,000,000 from the Consortium and had issued promissory notes which bear no interest and are repayable on the day prior to the day the partnership acquires the Project.
- (d) Other corporations —
At December 31, 1988, three other corporations have each made contributions of \$3,500,000 as well as loans of \$1,350,000 each to the Corporation. The Corporation has issued promissory notes for the loans which bear no interest and are repayable in installments of varying amounts over 10 years commencing in 1989. In addition, for consideration of \$150,000 each, the corporations will receive certain advertising and promotional rights.

4. BANK INDEBTEDNESS

On July 13, 1989, the Corporation arranged new bank financing consisting of revolving term construction credits aggregating \$266 million to finance construction of the Project and \$13 million term financing repayable out of net cash flow from advertising revenues. Bank financing will be assumed and repaid by the partnership created by the Corporation and the Consortium.

5. SPECTATOR SUBSCRIPTION FEES AND PREPAYMENTS

- (a) Spectator boxes —
At December 31, 1988, the Corporation had sold the rights to the use of 110 spectator boxes for a 10-year period. The subscribers had the option of prepaying the full 10 year term of the license agreement to obtain priority of location or making payments on an annual basis. The Corporation received \$26,200,000 from 16 subscribers who prepaid the full term. The remaining \$15,675,000 represents the prepayment of the last years' license fee.
- (b) Club seats —
At December 31, 1988 the Corporation had received subscription fees of \$20,269,000 from the sale of rights to the use of 5,671 Club seats for a 10 year period.

7. COMMITMENTS

The Corporation is responsible for the construction of the Project. On July 13, 1989, the Board of Directors authorized revised construction costs for the Project at an estimated total cost of \$532.2 million. In addition, the acquisition and installation of the video scoreboard, auxiliary video boards, advertising signs and production equipment related to the scoreboard and advertising signs is estimated to cost a total of \$30.6 million.

8. COMPARATIVE FIGURES

Certain of the 1987 comparative figures have been reclassified to conform to the presentation adopted in the current year.

AUDITORS' REPORT

To the Shareholder of
Stadium Corporation of Ontario Limited:

We have examined the balance sheet of Stadium Corporation of Ontario Limited as at December 31, 1988 and the statements of net project costs and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Corporation as at December 31, 1988 and the net project costs and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Notes to Financial Statements
for the year ended December 31, 1988

1. DESCRIPTION OF PLAN

The following description of the Teachers' Superannuation pension plan (the Plan) is provided for general information purposes only. For more complete information reference should be made to the Teachers' Superannuation Act, 1983 (the Act) and the Pension Benefits Act, 1987.

The Pension Benefits Act, 1987 introduced new minimum standards for all pension plans registered in Ontario. Effective January 1, 1988, all Ontario pension plans must be administered to meet these standards even if the plan terms provide otherwise. The following description of the Plan reflects these standards. It is expected that the provisions of the Act will be amended to conform with the provisions of the Pension Benefits Act, 1987 and its regulations.

(a) General

The Plan is a contributory defined benefit pension plan of the Province of Ontario (the Province) and is mandatory for persons who satisfy eligibility requirements provided in the Act. Under the Plan, contributions are made by persons employed in education, certain private schools and organizations and the Province. The Plan is registered under the Pension Benefits Act of Ontario: registration #C008450.

(b) Funding

The Pension Benefits Act of Ontario requires that the Province, as the plan sponsor, must fund the benefits determined under the Plan. The determination of the value of these benefits is made on the basis of a triennial actuarial valuation.

(c) Service Pensions

A service pension is available based on credit in the Fund, best five year average salary and age of the contributor. A 90 factor (age and service) provides an unreduced pension at any age. An early retirement service pension is available from age 55. Reductions which generally apply to early retirement pensions have been suspended for retirements in the period June 1986 to August 1989 inclusive. In addition, service of 35 years provides an unreduced pension at any age for retirements in the period June 1987 to August 1990 inclusive.

(d) Disability Pensions

A disability pension is available at any age with a minimum of 10 years credit in the Fund. A total disability pension is paid when the Teachers' Superannuation Commission (the Commission) determines that a contributor is incapable of further earning a livelihood. A partial disability pension is paid when the Commission determines that a contributor is incapable of being further employed in education.

(e) Death Benefits

Death benefits are available on the death of a contributor and may be available on the death of a pensioner. The nature of the benefit depends on whether death occurred before or after retirement, the relationship of the applicant to the Plan participant, and whether the pensionable service was before or after December 31, 1986.

The benefit may take the form of an immediate or deferred pension and/or a lump sum payment.

(f) Withdrawal Refunds

Upon application and subject to the lock-in provisions, withdrawal refunds, with interest on the contributions, are payable when a contributor ceases to be employed in education.

(g) Income Taxes

The Teachers' Superannuation Fund (the Fund) is a Registered Pension Trust as defined in the Income Tax Act and is not subject to income taxes.

(h) Superannuation Adjustment Fund

The Teacher's Superannuation Adjustment Fund is a contributory fund set up under the Superannuation Adjustment Benefits Act to provide cost-of-living escalations to pensioners under the Act. The Commission administers the collection of contributions and the payment of benefits for this fund.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Presentation

These financial statements are prepared on a going concern basis and present the aggregate financial position of the Fund as a separate financial reporting entity independent of the sponsor and Plan participants. They are prepared to assist Plan participants and others in reviewing the activities of the Fund for the fiscal period but they do not reflect the funding requirements of the Plan or the benefit security of individual Plan participants.

(b) Contributions

In 1988, the Fund changed its method of accounting for the matching contributions from the Province to comply with the accrual accounting requirement of a regulation under the Pension Benefits Act, 1987.

TEACHERS' SUPERANNUATION FUND

Notes to Financial Statements — Continued
for the year ended December 31, 1988

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

In accordance with the Act, the matching contributions from the Province which are equal to the related employee contributions, are paid to the Fund on January 1 of the second year after the employee contributions are made. In prior years, the matching contributions were recorded in the year immediately preceding their receipt by the Fund. As a result of the change in accounting policy, the matching contributions are now recorded in the same year as the related employee contributions are made or, in effect, two years prior to their receipt by the Fund.

Interest on the matching contributions, which is payable from June 1 of the year when the related employee contributions are made, is now also recorded using full accrual accounting.

The 1987 comparative figures have been restated to reflect the change in accounting policy. The retroactive application of accrual accounting has resulted in an increase of \$282.1 million in net assets available for benefits as at December 31, 1986 and an additional increment of \$23.7 million and \$27.8 million in the increase in net assets for the 1987 and 1988 years respectively.

Special payments from the Province are recorded in the year in which they are received.

(c) Capital Expenditures

Capital expenditures, including expenditures for fixed assets, are expensed in the year they are incurred. Recoveries relating to capital expenditures are recorded as an increase in assets in the year in which the transaction occurs.

(d) Investments

Province of Ontario debentures

Maturing debentures and other surplus funds are used to purchase Province of Ontario debentures in accordance with Section 72 of the Act. These debentures are stated at cost. Since these debentures are not negotiable and are required to be held to maturity, a market valuation is inappropriate.

Short Term

Short term investments are securities guaranteed by Canadian chartered banks with maturities up to one year. They are stated at cost which approximates market value.

(e) Benefits

Payments for benefits, refunds and transfers are recorded in the year in which they are made. Provisions for such amounts are included in the determination of actuarial liabilities.

3. NET ASSETS AVAILABLE FOR BENEFITS

The adequacy of the net assets available for benefits is determined by an actuarial valuation at least once each three years. The latest actuarial valuation available for filing with the Pension Commission of Ontario was made as of December 31, 1987 by Eckler Partners Ltd., a firm of consulting actuaries.

The application of the Pension Benefits Act, 1987 may increase benefits paid in certain circumstances. The impact of these changes on the accrued Plan benefits is not reflected in this note nor will it be known until the completion of a future actuarial review.

The actuarial liabilities of the Plan are determined by applying actuarial assumptions to project the amount and timing of future benefits and refunds as well as teacher and matching contributions, and then discounting those projected benefits and contributions to reflect the time value of money between the valuation date and the expected dates of payment.

The actuarial surplus as at December 31, 1987 was less than that determined by the December 31, 1986 actuarial valuation as a net result of experience during 1987, a change in the method of computing teachers' annual salaries, and changes in actuarial assumptions including those relating to short-term rates of interest and general salary increase rates.

The investment earnings and general salary increase rates assumed for the December 31, 1987 actuarial valuation were:

	Assumed Interest Rate on Debenture Placements in the year	Assumed General Salary Increase Rate
	%	%
1988	11.2	5.0
1989	9.8	5.5
1990	8.4	6.0
1991 and later	7.0	6.0

The results of the actuarial valuation at December 31, 1987 are summarized below:

	(in thousands)
Actuarial assets	\$
Net assets available for benefits, at book value	11,956,000
Other	85,000
Actuarial assets	<u>12,041,000</u>
Actuarial liabilities	
Current pensioners	2,573,000
Active teachers – present value of benefits	15,470,000
– present value of 2x teacher contributions	<u>(6,426,000)</u>
Inactive teachers	247,000
Other	<u>144,000</u>
Actuarial liabilities	<u>12,008,000</u>
Surplus	<u>33,000</u>

This actuarial valuation shows that the Plan was in a surplus position at December 31, 1987. Under the Pension Benefits Act of Ontario, no special funding payments are required.

4. CONTINGENCY

Claims have been made against the Fund because of corrective steps taken by the Commission in September 1986 in order to conform to a legal interpretation of the Act. These steps have resulted in the reduction of approximately 1500 pensions on a prospective basis. The outcome of these claims cannot be reasonably determined at this time. Accordingly, no provision for them has been made in the financial statements. Any settlement will be recorded in the year it is made.

5. COMMITMENTS

The Fund is committed under a lease for office premises to the following minimum lease payments:

	(in thousands)
	\$
1989	1,344
1990	1,344
1991	1,344
1992	1,344
1993	1,791
1994 to 1997	<u>7,163</u>
	<u>14,330</u>

6. PROPOSED CHANGES TO THE FINANCING OF PLAN BENEFITS

In January 1989, the Treasurer of Ontario announced that legislation would be introduced to change the financing arrangements for the Plan. The announcement indicated that the legislation would include the merger of the Fund with the teachers' Superannuation Adjustment Fund and the assumption of past-service liabilities by the Province, the gradual investment of assets in the market and an increase in contribution rates for both the Province and Plan contributors.

7. COMPARATIVE FIGURES

Certain comparative figures have been reclassified to conform with the 1988 financial statement presentation.

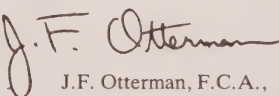

To the Members of the Teachers' Superannuation Commission
and to the Minister of Education.

I have examined the statements of net assets available for benefits and long term investments of the Teachers' Superannuation Fund as at December 31, 1988, and the statements of changes in net assets available for benefits and administration expenditures for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Fund as at December 31, 1988 and the results of its operations for the year then ended in accordance with generally accepted accounting principles applied, after giving retroactive effect to the change in the method of accounting for the matching contributions from the Province of Ontario as explained in note 2(b) to the financial statements, on a basis consistent with that of the preceeding year.

A report on the audit has been made to the Commission and to the Minister of Education.

TORONTO AREA TRANSIT OPERATING AUTHORITY

Notes to Financial Statements
for the year ended March 31, 1989
(In thousands of dollars)

1. Significant Accounting Policies

These financial statements are prepared by management in accordance with accounting principles generally accepted in Canada. The significant accounting policies are as follows:

- (a) Spare parts and supplies
Spare parts and supplies are valued at the lower of cost and replacement cost.
- (b) Fixed assets
Fixed assets are valued at cost.

The Authority provides for the depreciation and amortization of the various classes of assets over their estimated useful lives on a straight line basis. Depreciation for locomotives and auxiliary power control units is calculated using a straight line rate applied to cost plus an estimation of future overhaul costs.

Buildings and equipment	
Shelters and ticket booths	5 years
Other buildings	20 years
Locomotives and auxiliary power control units	25 years
Other railway rolling stock	25 years
Buses	12 years
Parking lots	20 years
Sundry — Furniture and fixtures	12 years
— Other	3-5 years
Improvements to railway right of way and railway plant	20 years
Trackwork and Installation	20 years
Leasehold improvements	20 years

- (c) Commuter services revenue
Revenue is recognized when the transportation service is provided. Unearned amounts are reflected in the balance sheet as current liabilities.
- (d) Subsidies
Operating subsidies paid by the Province of Ontario are treated as reductions of operating losses. Capital contributions from the Province of Ontario are included in equity and are amortized to income over the useful lives of the related assets.

3. Operating Agreements

A significant amount of the services provided by the Authority are operated by outside parties using vehicles and rolling stock owned by the Authority. Charges from the parties in respect of the operating agreements are recorded on an incurred and estimated basis. These services are governed by the following agreements:

Canadian National Railway Company
Canadian Pacific Limited
Gray Coach Lines
Charterways Transportation Limited

4. Sundry Revenue

The details of sundry revenue are as follows:

	1989	1988

5. Gain on Sale of Fixed Assets

During the year the authority sold 8 locomotives for proceeds of \$2,821.

The gain on sale was as follows:

Proceeds		2,821
Original Cost	3,430	
Accumulated Depreciation	(5,140)	
	(1,710)	
Add back excess depreciation	1,710	0
Gain on sale of Locomotives		2,821
Other		51
		2,872

The excess depreciation arose as a result of the depreciation policy for locomotives described in note 1. The excess depreciation of \$1,710 has been used to reduce depreciation expense for the year from \$21,464 to \$19,754.

6. Expenses

Further details of expenses are as follows:

	1989	1988
	\$	\$
Salaries, wages and fringe benefits	33,979	28,099
Payments to outside parties for operation of services	47,759	45,985
Fuel and oil	7,935	8,434
Other expenses	23,075	21,612
	112,748	104,130
Leases, rentals and user charges	10,325	9,745
Depreciation and amortization	19,754	19,584
Total expenses	142,827	133,459

Of the total expenses above, \$112,748 (1988 — \$104,130) is recognized as recoverable, in part, from passengers and other sources of revenue. The target amount to be ultimately recovered has been established by the Authority at 65% of the recoverable expenses. In 1989, total revenue amounted to \$77,182 (1988 — \$66,318) and represents a recovery of 68.5% (1988 — 63.7%) of the recoverable expenses.

7. Commitments

(a) Purchase of Bi-level Commuter Rail Cars

The Authority entered into a contract with the Urban Transportation Development Corporation (U.T.D.C.) for the purchase of 123 bi-level commuter rail cars of which 53 have been delivered and are in service. Under the terms of the contract the Authority is required to pay progress billings to U.T.D.C. at certain stages of the cars' manufacture. Payments for incomplete cars are included in Construction in progress, GO Train Service Expansion Program in the balance sheet.

The estimated balance of the purchase price for the cars of \$66,636 will be paid out over the next 2 years.

(b) Purchase of Locomotives

The Authority has entered into a contract with General Motors of Canada Ltd. for the purchase of 14 locomotives for the heavy rail expansion program and 14 replacement locomotives, of which 8 of each category have been delivered and are in service.

Under the terms of the contract, the Authority is required to pay progress billings to General Motors at certain stages of the locomotives' manufacture.

Payments for incomplete locomotives are included in Construction in progress, GO Train Service Expansion Program, and Construction in progress, Other in the balance sheet.

The estimated balance of the purchase price for the locomotives of \$16,199 will be paid out next year.

(c) Leases

Minimum operating lease payments in each of the next five years and in aggregate are as follows:

1989-1990	\$ 2,918
1990-1991	2,729
1991-1992	2,530
1992-1993	2,449
1993-1994	2,511
Thereafter	12,162
	<u>\$25,299</u>

In addition to the commitments above, the Authority has entered an agreement to lease land which expires in 2079. The annual rental under this lease is \$153.

8. Pensions

The Authority provides pension benefits for substantially all its permanent employees through participation in the Public Service Superannuation Fund established by the Province of Ontario. The Authority's share of contributions to the plan during the year was \$1,409 (1988 — \$1,165). This amount represents the total obligation of the Authority and is included as an expense in the Statement of Operations.

9. Board Remuneration

Total remuneration of Members of the Board of Directors was \$56 during the fiscal year.

10. Comparative Figures

Certain comparative figures have been reclassified to conform to the presentation adopted in the current year.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
for the year ended December 31, 1988

1. CESSATION OF OPERATIONS

Effective July 1, 1986, the Corporation sold its fixed assets, technology, inventory and other assets and contracts to Lavalin Enterprises Inc. ("Lavalin"). Lavalin purchased the assets through a new company, UTDC Inc. Under the terms of the sale, the Corporation retained its existing major contracts ("retained contracts") (see note 5). The Corporation is responsible for the completion of the retained contracts and for all warranty and performance related matters. As part of the sale agreement, the Corporation entered into an Agency Agreement whereby UTDC Inc. agreed to complete all retained contracts on behalf of the Corporation. Future revenues were insufficient to offset the expenses required to complete the Corporation's contracts and the costs and losses associated with the decision to cease active operations. As a result provisions for the estimated costs to complete all contracts and to wind up the Corporation's business activities have been accrued. Such costs include estimated contract losses, warranty provisions, management fees, overhead and all operating costs to completion of warranty obligations.

2. ACCOUNTING POLICIES

The consolidated financial statements of the Corporation have been prepared by management in accordance with accounting principles generally accepted in Canada. The significant accounting policies are summarized below:

(a) Accounting for long-term contracts

Revenues and expenditures under cost reimbursable contracts are recorded as costs are incurred and fees are earned. Revenues and expenditures on long-term fixed price contracts are recorded on a percentage of completion basis, measured by costs incurred. Provisions for losses on contracts are recorded when they become known.

(b) Translation of foreign currencies

The Corporation conducts a substantial portion of its business in foreign currencies. During 1988, the Corporation and OTDC agreed to alter their arrangement for dealing with foreign exchange. In 1987, foreign currencies were converted to Canadian funds at a rate of exchange which had been agreed to between the Companies. The Corporation will now recognize gains or losses on foreign exchange and, as a result, has converted its assets and liabilities denominated in foreign currency at the year end rate of exchange. The Corporation also assumed the current and future gains or losses on the US bank indebtedness of OTDC which has arisen from the net contract costs on its contracts.

3. DEBENTURE

The following is a summary of the significant terms and conditions of the debenture:

(a) the principal amount of the \$20 million debenture will be payable on August 31, 1996;

(b) interest is payable by December 31 of each year based in part on 25% of the cumulative pre-tax profits of UTDC Inc. to August 31 of such year less the interest paid or payable prior to such date. The Corporation has agreed to indemnify UTDC Inc. for any incremental income taxes which result from interest on the debenture not being deductible for income tax purposes. Interest earned on the debenture during the year ended December 31, 1988 was \$768,000 which is included in interest income.

(c) the redemption of the debenture and the payment of interest is guaranteed by Lavalin Ltee. in the event of default by UTDC Inc. The debenture will provide for mandatory principal prepayments between 1990 and 1996 in the event that interest payments do not reach stipulated levels.

5. COMMITMENTS

(a) The Corporation has entered into various long-term sales contracts for the implementation of transit systems and support activities and/or the manufacture and supply of transit vehicles.

(i) Intermediate Capacity Transit System (ICTS) contracts

— Vancouver ICTS — contract with BC Transit to implement a 21.4 kilometre ICTS and supply 114 vehicles. The system commenced revenue service in 1986.

— Detroit ICTS — contract with the Detroit Transportation Corporation to implement a 4.7 kilometre ICTS and supply 12 vehicles. The system commenced revenue service in 1987.

— Scarborough ICTS — contract with the Toronto Transit Commission (TTC) to supply 28 vehicles and related system support activities. The system commenced revenue service in 1985.

The Corporation is currently involved in various field service and vehicle retrofit activities on ICTS contracts.

(ii) Streetcar contracts

— Santa Clara Articulated Light Rail Vehicle (ALRV) — contract with the Santa Clara County Transit District to supply 50 ALRV's. The system commenced revenue service in 1987. The Corporation is currently involved in various field service and vehicle retrofit activities.

— TTC ALRV — contract with the TTC to supply 52 ALRV's with completion expected in 1989. Initial vehicles entered revenue service in 1987. The Corporation is currently involved in various field service and vehicle retrofit activities.

(iii) Subway contracts

— TTC subway cars — contract with the TTC to supply 126 subway cars with completion expected in 1989. Initial vehicles entered revenue service in 1987. The Corporation is currently involved in various field service and vehicle retrofit activities.

— Boston subway cars — contract with the Massachusetts Bay Transportation Authority to supply 58 subway cars with completion expected in 1989. Initial vehicles entered revenue service in 1987. The Corporation is currently involved in various field service and vehicle retrofit activities.

The Province of Ontario currently has in place indemnities and bond guarantees with respect to the Corporation's contractual obligations in the aggregate amount of \$270 million.

(b) The Corporation is committed under various purchase contracts with suppliers and sub-contractors relating to the sales contracts.

(c) The Corporation's shareholder has undertaken with the Detroit Transportation Corporation that the Corporation will maintain a minimum net worth of \$25 million until the completion of the Detroit ICTS contract (see note 8).

6. CONTINGENCIES

On the Detroit ICTS System Contract, problems have been encountered relating to both inadequate concrete cover and beam cracking in respect of the guideway system. These defects have been repaired. Costs in excess of \$30 million have resulted from remedial efforts. While the Corporation believes it will recover a significant portion of the costs associated with these problems from insurers, subcontractors or the customer, the amount of the eventual recovery cannot now be determined. These matters are presently under litigation and management and legal counsel consider that the Corporation's claims have substantial merit. During the year the Corporation received approximately \$11 million in respect of the beam cracking problem.

There are several contract matters in dispute on the Vancouver Project. The claims and counter-claims at issue are approximately \$17 million. It is expected that all disputes will be resolved in 1989. The amount of loss, if any, is not determinable at this time.

On these and other contracts, the Corporation has experienced delays in delivery schedules and/or technical problems and these factors could result in additional costs. There are warranty provisions in all contracts relating to vehicles and systems and these range from one to five years' duration. There are also claims and counter-claims with certain suppliers under the Corporation's contracts.

Provisions have been made in the financial statements for the estimated costs to remedy problems, disputes, warranties, claims and for estimated recoveries where appropriate.

In addition, UTDC Inc. charges the Corporation for reimbursement of the direct costs in completing contracts in progress (see note 5). These charges were reviewed by the Corporation to establish that they are in accordance with the terms of the Agency Agreement. As a result, it was agreed with UTDC Inc. that a credit of \$10.5 million would be given to the Corporation for costs disallowed for the period from July 1, 1986 to April 30, 1989.

Any further losses incurred in respect of the matters referred to in this note will be accounted for in the financial statements for the year in which they are determined.

URBAN TRANSPORTATION DEVELOPMENT CORPORATION LTD.

Notes to Consolidated Financial Statements — Concluded
for the year ended December 31, 1988

7. UNDERPROVISION OF CONTRACT COSTS

The determination of the provision for the balance of contract costs remaining on the contracts as at December 31, 1987 resulted in an understatement of contract costs of approximately \$20,560,000. This error was discovered during the preparation of the results from operations for the current year. The correction of the error has been treated as a prior period adjustment and as such the reported results for the year ended December 31, 1987 have been amended to reflect the additional contract costs resulting in the originally reported loss and deficit increasing by \$20,560,000.

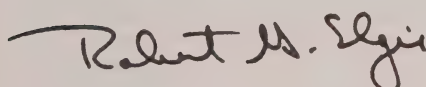

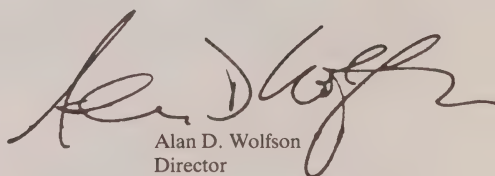

8. SUBSEQUENT EVENT

Subsequent to its fiscal year-end, the Corporation issued to the Ontario Transportation Development Corporation, an affiliated company, 300,000 Class A preferred shares for \$30.0 million. If this transaction had occurred at December 31, 1988, the net worth of the Corporation would have been about \$26.4 million.

To the Workers' Compensation Board and
to the Minister of Labour.

I have examined the balance sheet of the Workers' Compensation Board as at December 31, 1988 and the statements of income and expenses and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Board as at December 31, 1988 and the results of its operations, and the changes in its financial position for the year then ended, in accordance with generally accepted accounting principles applied, except for the change in the method of accounting for certain investments as described in Note 2 to the financial statements, on a basis consistent with that of the preceding year.

WORKERS' COMPENSATION BOARD

**Consulting Actuary's Report on the Valuation of the Actuarial Liabilities
of the Schedule 1 Accident Fund of the Workers' Compensation Board of Ontario
as at December 31, 1988**

The estimated present value of future compensation, pension payments, health care and Section 54 rehabilitation expenses under Schedule 1 on account of accidents that occurred on or before December 31, 1988 in the amount of \$11.663 billion has been determined by the Board's Staff Actuaries, after consultation with us. We believe that the assumptions made in this valuation are appropriate and that the methods employed are in accordance with sound actuarial principles. We have made such tests of the calculations as were deemed necessary. We have also examined the data upon which the calculations were based and found it to be sufficient for the purposes of the valuation and consistent with the Board's financial statements.

As noted above, the present value reported above includes provision for rehabilitation payments under Section 54 of the Act, with an estimated present value of \$200 million. Such payments were not provided for in previous valuation. As in previous valuations, the present value does not include provision for future claims related to industrial disease or for future expenses of administration.

The present value reported above makes provision for estimated payments in all future years arising from accidents that occurred on or before December 31, 1988. The portion of such payments expected to be made in 1989 is approximately \$1.187 billion. This amount was determined on the basis of the long-term assumptions appropriate for the determination of the present value and using a simplified methodology. It does not represent a forecast of actual 1989 benefit payments, which will be influenced by short-term factors.

The valuation was based on the provisions of the Workers' Compensation Act in effect as of January 1, 1989. Full provision has been made for potential future increases in the covered earnings ceiling and in the level of pensions and temporary compensation as provided under the Act by using a net investment return assumption of 3% per annum, on the assumption that investment income in excess of that rate will be required to finance increases in benefits related to inflation.

No provision has been made in the valuation for potential amendments to the Workers' Compensation Act contained in Bill 162 which is currently before the Ontario Legislature.

Except as otherwise noted above, the methods and assumptions employed in the valuation were consistent with those used in the previous valuation, after taking account of changes in claim patterns. A complete description of the methods and assumptions employed in the valuation will be provided in our detailed report to the Board on the valuation.

In our opinion, which includes the foregoing comments, the amount of \$11.663 billion as at December 31, 1988 makes reasonable provision for future compensation, pension payments, health care and Section 54 rehabilitation expenses under Schedule 1 on account of accidents that occurred on or before December 31, 1988.

WORKERS' COMPENSATION BOARD

Notes to the Financial Statements
December 31, 1988**1. NATURE OF OPERATIONS**

The Workers' Compensation Board is a Crown agency, which operates by virtue of a statute passed in 1914 and amendments thereafter.

The Board differentiates employers into two groups — referred to as Schedules 1 and 2 by the *Act*:

Schedule 1 relates to industries where the employers are required to contribute to the Workers' Compensation Board's Accident Fund, and Schedule 2 relates to self-insurers — that is, industries where employers are individually liable for the costs of compensation, health care, rehabilitative costs and pensions paid to their workforce, all of which is done for them by the Workers' Compensation Board, which is then reimbursed for these costs.

2. SIGNIFICANT ACCOUNTING POLICIES*Basis of accounting*

The financial statements have been prepared in accordance with generally accepted accounting principles.

*Investments**i) Bonds and Mortgages*

Bonds and mortgages are carried at amortized cost. In the case of mortgages, amortized cost is adjusted for principal repayments.

Realized gains (losses) on the sale of bonds and mortgages are deferred and amortized over the lesser of 20 years or the period to maturity of the security sold.

ii) Stocks

Investments in stocks are carried at cost with an adjustment for market value*. The market value adjustment is based on the moving average market method, where realized gains (losses) on the sale of stocks are deferred and amortized over a seven-year period. Unrealized gains (losses) in market value are taken into income and included in the value of the asset on the moving average market basis over a seven-year period.

iii) Real Estate

Real estate (units in real estate syndicates) is carried at cost with an allowance toward market value*, based on the moving average market method.

Both realized and unrealized gains and losses are deferred and amortized over a ten-year period.

iv) Short-Term Securities

These are money market securities which have a maturity of less than 12 months at time of purchase, and are carried at amortized cost.

Gains and losses from sales are taken into income in the period that they occur.

v) Foreign Currency Translation

Foreign currency investment transactions are translated into Canadian dollars using the exchange rate in effect at the time of the transaction. For valuation purposes, foreign investments are converted to Canadian dollars at the exchange rate in effect at the balance sheet date. Foreign exchange gains and losses on long-term investments are amortized and reflected in their carrying value over a seven-year period.

* *The adoption of the moving average market method in 1988 was a change in accounting policy, from the prior approach of carrying at cost only — but the impact on the results for the prior year is not material and therefore, the change in accounting policy was not applied retroactively.*

Fixed assets

Fixed assets are stated at cost. Buildings, equipment, leasehold improvements and motor vehicles are depreciated on the straight-line method at rates calculated to amortize the cost of the assets over their estimated useful lives.

Assessment income

Assessment income is determined on the basis of estimated and actual payrolls reported by employers. At year end, an accrual is calculated to include the additional assessment anticipated as a result of the actual payrolls being greater than estimated.

Leases

Leases are classified as either capital or operating. Capital leases are those which transfer substantially all of the benefits and risks of the ownership of property, and are recorded as the acquisition of an asset and the incurrence of an obligation. The asset is amortized over its useful life and the obligation is liquidated over the life of the lease. Other leases are operating leases and the related rental costs are charged to expense as incurred.

6. ESTIMATED PRESENT VALUE OF FUTURE PAYMENTS TO SCHEDULE 1 CLAIMANTS

- a) The estimated present value of future payments to Schedule 1 claimants (\$11.663 billion) is determined annually by the Board's Actuary and is reviewed by an independent consulting actuary.

This amount includes provisions for claims reported to the Board up to and including December 31, 1988, and claims for accidents which occurred on or before December 31, 1988 but which have not been reported at that date.

As in previous years, provision has not been made for future administration costs of existing claims, or for the cost of future claims for occupational/industrial diseases arising from employment prior to December 31, 1988.

The current portion (payments expected to fall due within the next 12 months — \$1.187 billion) is shown separately on the Balance Sheet (1987 — \$950 million).

- b) The special provisions amounting to \$200 million relate to the special costs of workers requiring rehabilitation, and who were injured in 1988 or in prior years. No provision had previously been included in the total liability. (The actuaries estimate that had a provision been in place as at December 31, 1986, the 1987 charge would have been \$29 million compared to the 1988 charge of \$46 million).
- c) These financial statements do not include any estimate for the future payments to existing Schedule 2 claimants as this is not a liability of the Board: it is a liability of the Schedule 2 employers.

7. SCHEDULE 2

The Board adjudicates claims and pays benefits for Schedule 2 workers in the same way as for Schedule 1, and charges these costs to the Schedule 2 employers, plus an administration fee for doing so. Schedule 2 consists mainly of government employers such as the province, municipalities, public libraries and school boards, and employers in industries which cross provincial borders, such as railways, shipping, international airlines and telephone companies.

In addition, some members of the Schedule 2 employer group are required to contribute to a special fund to relieve out-of-the-ordinary expenses (e.g. disaster relief) for their group. The Board requires that security deposits be placed with it by these employers. The deposits received from Schedule 2 employers are invested and interest is paid on the deposit at a previously determined rate.

At December 31, 1988, the balance sheet includes the following related to Schedule 2 employers:

	1988 (\$ 000's)	1987
Held for them:		
Cash	1,475	
Investments (Market value at December 31, 1988: \$19,913)	19,707	15,323
Due from them:		
Receivables	9,774	12,314
Net Deposits	<u>30,956</u>	<u>27,637</u>

Schedule 2 employers are individually liable for all current and future claim costs. The Board does not make provision for future liabilities of Schedule 2 employers for past claims, nor does it recognize the future benefits which it will pay and will be reimbursed in full (plus a fee to cover its administrative and other costs).

* The Workers' Compensation Board has had a form of experience rating since 1953. It offers refunds and surcharges based on injury frequency rate and costs. In 1983, the Board introduced an experience rating system (CAD-7) for the construction industry. A new experimental experience rating plan (NEER) was introduced in 1984, and is continuing to be refined. Participation in the NEER program is optional for all non-construction rate groups.

Where possible, provisions are established to cover future adjustments arising from current and past years' experience. However, consistent with normal insurance industry practice, it is intended that rebates and surcharges under these programs will generally balance out in the long-term.

The benefit categories are defined below:

Temporary Compensation

These benefits are paid to injured workers to compensate them for temporary losses of earnings due to work-related injuries.

Health Care

This category includes payments made to health care professionals, such as physicians and treating agencies, who provide health care treatment to injured workers.

Rehabilitation

These payments include income support payments to workers who are preparing to return to employment, plus payments to agencies for the delivery of vocational and medical rehabilitation services.

Worker Pensions

Pensions are paid to workers who have suffered partial or total permanently disabling injuries.

Dependency

These are payments made to dependents of workers who have died as the result of work-related injuries/diseases.

On January 24, 1989 an *Act to amend the Occupational Health and Safety Act* (Bill 208) was tabled in the Legislature by the Minister of Labour. Among the proposed amendments is the creation of the Workplace Health and Safety Agency, which will oversee the Safety Associations (except the Farm Safety Association Inc.), the Occupational Health and Safety Education Authority and the Workers' Health and Safety Centre of the Ontario Federation of Labour.

The proposed Agency will be funded by the Workers' Compensation Board and the Provincial Treasury. However, at this time, it is anticipated that current funding levels will not be increased as the programs are transferred from the Workers' Compensation Board to the new Agency.

12.c) LEGISLATED OBLIGATIONS

The Board is obligated to defray the administrative costs of the Occupational Health and Safety Act for the Government of Ontario. The Workers' Compensation Board's cost has been accrued based on the calendar year just ended.

	1988	1987
	(\$ 000's)

Office of the Worker Adviser	5,122	4,227
Office of the Employee Adviser	1,508	1,164
	<u>25,628</u>	<u>22,129</u>

Under Section 86 of the *Workers' Compensation Act*, the Board is obligated to pay the administrative costs of the Workers' Compensation Appeals Tribunal, the Offices of the Worker and Employer Adviser, and the Industrial Disease Standards Panel. All of these autonomous bodies are staffed and managed independently from the Workers' Compensation Board.

Mine Rescue costs represent the establishment, maintenance and operation of Mine Rescue stations, under the Occupational Health and Safety Act, as set out in Section 1(1)(b) of the *Workers' Compensation Act*.

13. RELATED PARTY TRANSACTIONS

In addition to the legislated obligations referred to above, the financial statements also include amounts resulting from routine operating transactions conducted at prevailing market prices with various Ontario Government controlled ministries, agencies, and Crown corporations with which the Board is related.

Account balances resulting from these transactions are included in the financial statements and are settled on normal trade terms.

14. COMMITMENTS AND CONTINGENCIES

(a) Leases

At December 31, 1988, the Workers' Compensation Board was committed under non-cancellable leases requiring future minimum payments as follows:

	Capital	Office Space	Other Operating	Total
		(\$000's)		
1989	\$ 3,043	\$ 8,490	\$ 2,781	\$ 14,314
1990	2,554	8,126	1,756	12,436
1991		7,640	541	8,181
1992		6,910	11	6,921
1993		6,633		6,633
Beyond 5 years		6,164		6,164
Total minimum payments	\$ 5,597	\$ 43,963	\$ 5,089	\$ 54,649
Less: amount representing interest	586			
Obligations under capital leases	\$ 5,011			

The Board rents office space and equipment under operating lease arrangements having various expiry dates. Shown above are the aggregate minimum annual rental payments under these arrangements. The "Other" operating leases represent long-term equipment rentals.

(b) Investment Transactions

At December 31, 1988, future investment transactions outstanding amounted to \$63.4 million, of which \$3.9 million related to real estate and \$59.5 million related to mortgages.

(c) Pending Legislation

On June 20, 1988, the Minister of Labour introduced an *Act to amend the Workers' Compensation Act*.

This proposal, known as Bill 162, will institute a system of compensation in which workers who are permanently impaired as a result of a work-related injury will receive benefits for non-economic loss, loss of future earnings, and loss of retirement income.

This amendment to the *Workers' Compensation Act*, which has passed its Second Reading in the House, will — if enacted in substantially its present form — increase the Board's liabilities. No provision for such an increase in liability has been made in the 1988 Financial Statements. (However, a reduction in the cost of future permanent disabilities under Bill 162 will provide the funding to retire this additional liability.)

(d) Legal Actions

Asbestosis

In December of 1986 the U.S. Bankruptcy Court approved a plan to establish the Manville Settlement Trust with assets in excess of \$2 billion. Claims may be made against the Trust, for injuries that workers or others may have suffered, due to exposure to Johns-Manville asbestos products.

The Workers' Compensation Board has, for some years, been paying benefits and expenses to workers suffering from asbestos-related diseases. In view of this, the Board, in 1987, took steps to exercise any subrogated rights that it might have in respect of some 600 asbestos-related claims filed with the Board since 1975 by Ontario workers or their dependents.

At this time the amount the Board might recover from the Manville Trust cannot be quantified.

14. COMMITMENTS AND CONTINGENCIES — Continued

Other

The Board is party to various claims and lawsuits which are being contested. In the opinion of management, the outcome of such claims and lawsuits will not have a material adverse effect on the Board.

15. UNFUNDED LIABILITY

The Workers' Compensation Board has developed a strategy to eliminate this liability (by means of a surcharge added to all Schedule 1 assessments) by the year 2014. This strategy is implemented and in effect.

16. EMPLOYEE BENEFITS

In addition to direct salaries and pensions, employee benefits represented a \$21.2 million expense in 1988 (1987: \$18.7 million), additional details are as follows:

a) Superannuation

The Board has a defined benefit-based pension plan for its employees, and employees of the provincial safety associations, which provides for pensions based on years of service and earnings rates near retirement.

Net employer's pension expense for 1988 for this defined benefit-based pension plan consists of the following components:

	1988	1987
	(\$ 000's)	
Current service cost for current employees	9,021	8,264
Interest added to accrued benefits	14,807	13,272
Interest received on pension fund assets	(19,479)	(17,076)
Amortization of surplus	(3,942)	(3,220)
Net pension expense	407	1,240

As at December 31, 1988, the plan's funded status was:

	1988	1987
	(\$ 000's)	
Pension assets	307,507	276,232
Accrued benefits	229,892	207,031

Current contribution levels by both employer and employees, and current pension entitlements, are under review to ensure compliance with recent pension reform and amendments to the existing plan will likely be implemented during 1990.

b) Other Benefits

The Board provides comprehensive health insurance coverage to its permanent full-time and regular part-time staff at an annual cost of \$4.4 million (1987: \$3.6 million). The benefits include health insurance, dental, long-term disability and life insurance. The Board also provides vacation and sick leave benefits for its employees.

c) Retiree Programs

Retirees' health benefit coverage is provided by the Board, at a cost of \$476,805 (1987: \$360,197) which includes supplementary health, vision care, dental and life insurance.

Board payments for retiree programs are expensed as costs are incurred, except that in 1988 the Board provided \$8.5 million to fund (pre-pay) a pensioners' life insurance benefit for certain long-term employees to recognize a life insurance retirement benefit commitment to this employee group.

A GUIDE TO PUBLIC ACCOUNTS

1. SCOPE OF THE PUBLIC ACCOUNTS

The 1988-89 Public Accounts of the Province of Ontario comprise three volumes:

Volume 1 contains the financial statements of the Province and schedules of supporting information.

Volume 2 contains the financial statements of selected provincial crown corporations, boards and commissions.

Volume 3 contains details of expenditure.

2. A GUIDE TO VOLUME 3 OF THE PUBLIC ACCOUNTS

Details of expenditure are reported under the following categories for each ministry:

(1) Voted Appropriations

(a) Salaries and Wages

Includes the total salaries and wages of those employees on staff. Also listed are temporary help suppliers who received payments accumulating to more than \$30,000.

(b) Employee Benefits

(c) Travelling Expenses

Individuals whose total travelling expenses were more than \$6,000 are listed alphabetically. The travelling expenses of Ministers, Parliamentary Assistants and Deputy Ministers are included regardless of amount.

(d) Other Payments

Recipients of payments accumulating to more than \$30,000 are listed in alphabetical sequence under various subheadings appropriate to the individual ministry.

(2) Statutory Appropriations

Amounts paid are listed by individual Statutory Appropriation.

SENIOR EXECUTIVE SALARY RANGES

The salary ranges in effect on March 31, 1989, for Deputy Ministers and for civil servants in the top four executive levels are presented below. Also included in the schedule is the number of people receiving salaries within each of the ranges.

	Salary Range		Total Number
